- 6. The resolutions will be taken as passed effectively on the date of Annual General Meeting.
- 7. In terms of the requirements of the Secretarial Standards 2 on "General Meetings" the Route Map for the location of the aforesaid meeting is enclosed herewith as **Annexure I.**

6

EXPLANATORY STATEMENT

Explanatory statement pursuant to Section 102 of the Companies Act, 2013

ITEM NO. 2

The Board at its meeting held on Jan 25, 2010 had appointed Mr. Rohit Ranjan as Managing Director of the Company for a period of 5 years. In January 2014, his term was renewed for further period of 5 years. In June 2018, he was re-designated as Director of the Company.

Before that he was also director in earlier Citicorp Finance (India) Limited (CIN-U65900MH1997FLC10917) which got merged with erstwhile CitiFinancial Consumer Finance India Limited ("CCFIL") effective January 10, 2014. CCFIL is now renamed as Citicorp Finance (India) Limited (CIN-U65910MH1997PLC253897).

Rohit joined Citi in April 1998, and in May 2005 took charge of the ABF business. He was the Managing Director of erstwhile Citicorp Finance (India) Limited, which was merged with CitiFinancial Consumer Finance India Limited, from 26 May 2005 to 24 July 2009. Under his leadership CFIL became a key player in commercial vehicle and equipment financing. His in depth understanding of the commercial vehicle and equipment industry has enabled the successful conversion of the ABF business into a PSL conduit and has been a key driver for achievement of the PSL targets for the franchise in India.

Further, additional disclosure as per Secretarial Standard -2 issued by ICSI are as below:

Mr. Rohit Ranjan (DIN- 00003480), Director

Your Directors recommend passing of this resolution by way of an ordinary resolution.

ITEM NO. 4

Keeping in view the Company's existing and future financial requirements to support its business operations, the Company may need additional funds. For this purpose, the Company may, from time to time, raise finance from various banks and/or financial institutions and/or any other lending institutions and/or bodies corporate and/or such other persons/ individuals as may be considered fit by issue of non-convertible debentures, in one or more series and/or more tranches on a private placement basis from time to time.

Pursuant to Section 42 of the Companies Act, 2013, read together with Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014 (together, the "**Debenture Rules**"), a Company offering or making an invitation to subscribe to Non-Convertible Debentures ("**NCDs**") on a private placement basis, is required to obtain the approval of the members by way of a special resolution. The Debenture Rules allow the company to pass a special resolution only once a year for all the offers and invitations made for such NCDs during the year.

Therefore, the approval of the members is sought by way of a special resolution for issue of debentures in one or more tranches on a private placement basis for an amount which does not exceed in aggregate the overall limit of Rs. 10,000 crores (Rupees Ten Thousand Crores only). This approval is being sought for all such issuances for a period of 1 year.

Your Directors have approved the resolution on May 30, 2022 and recommend passing of this resolution by way of a Special Resolution.

8

None of the Directors or Key Managerial Personnel ("KMP"), or their relatives is in any way concerned or interested in this resolution, except to the extent of their shareholding.

14

The financial statements are prepared in accordance with Indian Accounting Standard (Ind AS).

Post COVID and starting the early part of 2022, the Company has started active engagement with clients, travel has commenced and work from office has also resumed.

A significant development during the first quarter of calendar 2022 was the identification of a buyer for the Company's Consumer/Retail business. Axis Bank was identified as the preferred buyer and a Business Transfer Agreement (BTA) was signed with Axis bank on March 30, 2022. This sale is in line with the Citigroup decision and the announcement during 2021 to divest Consumer business in several geographies in Asia including India. It is expected that the process of business transfer shall be completed by the first quarter of calendar 2023.

Further, the Reserve Bank of India conducted its on-site inspection for the year 2020-2021 during the last quarter of calendar 2021. The final report was received by the Company during January 2022 and all comments noted by the RBI were responded to post Board approval. Subsequently, the company has remediated all regulatory observations. Further, RBI has communicated that it proposes to conduct the on-site inspection for 2021-2022 starting the third week of August 2022.

Your company has been consistently reviewing its asset portfolio quality, asset-liability management and liquidity coverage. The Company's credit rating has been maintained at AAA/Stable for our NCD issuances and A1+ for ICD/CP by both ICRA and CRISIL.

As we prepare to transition the Consumer business to the buyer, we will evaluate new business opportunities in addition to ensuring an optimal and stable asset portfolio.

We remain committed to mitigating risks and in line with the Citigroup culture, continue to focus on regulatory compliances. Integrity and transparency in our operations will also remain key pillars of our governance philosophy, thereby protecting the interests of our shareholders, customers and investors.

CHANGE OF REGISTERED OFFICE OF THE COMPANY

The Registered Office of the Company has been shifted from 8th Floor, First International Financial Center, Bandra Kurla Complex (E), Mumbai- 400098 to B7, 5th Floor of Nirlon Knowledge Park, Goregaon (East), Mumbai – 400063 w.e.f. March 01, 2022. However, the correspondence address, books of accounts of the Company will be kept at First International Financial Center, Bandra Kurla Complex (E), Mumbai- 400098.

STATE OF THE COMPANY'S AFFAIRS AND OPERATIONS REVIEW

Pursuant to the Companies Amendment Act, 2020 and the Companies (Specification of definitions details) Second Amendment Rules 2021 issued by Ministry of Corporate Affairs, effective April 01, 2021 the status of the Company has been changed from Listed Public Company to Unlisted Public Company under the requirement of the Companies Act. However, under Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulation, 2015 the Company continue to be under the preview of the Listed Company.

15

The Company operates in various segments as mentioned below:

Corporate Business

- a) Strategic Equity Solutions
- b) Corporate loans
- c) Mid and Small Segment Loans

Consumer Business

- a) Personal Loan
- b) Asset backed Finance

Detailed description of each segment is given below:

Corporate Business

a) Strategic Equity Solutions (SES)

The Company offers lending against listed equity shares. This is a competitive business segment with financing focused on promotor groups who own significant portions of large public listed companies. The outstanding portfolio as of March 31, 2022 was Rs. 500 crores and it is expected that the loan portfolio will continue to grow during the Financial Year 2022-23.

b) Corporate Loans

The Corporate Loans segment provides secured and unsecured loans to local corporates, financial institutions and multi-national company subsidiaries in India. Loan products offered include Working Capital Loans, Short-term Loans and Term Loans.

The Interest income for the year increased from Rs. 51 Crores in Financial Year 2020-21 to Rs. 119 Crores in Financial Year 2021-22 owing to repricing of assets and growth in the average asset book by 83%.

With the pick-up in activity to pre-pandemic levels, there has been a demand from clients for strategic fund raising for acquisition of business/ increase in promoter stake through share financing/ growth capital backed by liquid security. We would continue to work with clients in meeting client's strategic objectives and do transactions which provide an opportunity for the Company to build a healthy book with good Net Interest Margin.

c) Mid and Small Segment Lending

Mid and Small Corporate Segment business caters to financing needs of small and medium enterprises by offering term loan for both short term purpose like working capital loan or long-term loans for capital expenditure or acquisition financing etc. As of March 31, 2022 the Loan Portfolio under this segment stood at Rs. 72 Crores (decreased from Rs.150 Crores as at March 31, 2021). The revenue from this segment, predominantly in the form of interest on loans, decreased from Rs. 13 Crores to Rs. 4 Crores (69%) due to rundown of loans in the portfolio.

COVID- 19 disruptions had minimal impact on asset quality of this portfolio due to focus on customer selection criteria based on defined target market and strict compliance to policies and processes. We monitor our portfolio and keep close tab on financial and liquidity position of our customers.

16

Consumer Business

a) Personal loan (PL)

This portfolio comprises of loans assigned by Citibank to the Company. This segment includes personal loans to retail customers. Segment income mainly comprises of interest on loans. These loans have maximum tenor of 5 years with an average ticket size of Rs. 2.5 Lakhs.

PL book size for the Financial Year 2021-22 stands at Rs. 463 Crores. The net Interest revenue has decreased from Rs. 37 Crores in Financial Year 2020-21 to Rs. 36 Crores in Financial Year 2021-22. This is primarily due to the normal run off of the portfolio.

There was no assigned portfolio purchased during Financial Year 2021-22.

There is no impact to the existing portfolio due to announcement Consumer Business divestiture.

b) Asset Backed Finance (ABF)

ABF caters to the asset needs of the transportation and construction industry customers. It provides loans for the purchase of commercial vehicles and construction equipment along with providing top-up, refinance on existing free (from encumbrance) assets for their working capital needs. The target segment is largely farmers engaged in agriculture activity and MSME customers. The business earns income in the form of interest on loans, loan assignments, processing fees, subventions and incentives from manufacturers and dealers etc. Furthermost, ABF provides servicing and collection services for the Citibank ABF portfolio and charges a servicing and collection fee for the same. All the loans booked in ABF are PSL qualified thereby fulfilling PSL requirement of Citibank, majorly in Agriculture and Micro sector. ABF is operating out of 38 branches.

ABF book size for the Financial Year 2021-22 stands at Rs. 2,950 Crores. The net Interest income has increased from Rs. 65 Crores in Financial Year 2020-21 to Rs. 101 Crores in Financial Year 2021-22

Despite of COVID- 19 disruptions and Consumer business sale announcement, new origination and asset quality of this portfolio continued to be strong due to judicious customer selection based on defined target market criteria and strict compliance to policies and processes. We continue to closely monitor clientele in this segment on their financial performance and liquidity position.

The Company has sold ABF portfolio to Citibank of Rs. 1002.58 Crores during the Financial Year 2021-22.

OPPORTUNITIES AND THREATS

This year has seen some significant economic developments globally. Supply side constraints, inflation and the interest rate increase have been key. Rate increases have a bearing on our business as well raising the cost of funds. Your company will provide special focus on ensuring optimal cost of funds.

The exit of consumer business, while potentially reducing the size of the company's assets will present an opportunity to identify other opportunities.

DIVIDEND

During the Financial Year 2021-22, the management has declared an interim dividend of Rs. 500 Crores i.e. Rs. 1.30 per equity share (face value of Rs.7.50 each).

TRANSFER TO SPECIAL RESERVE/ OTHER RESERVES

During the Financial Year 2021-22, the Company has appropriated Rs. 27.93 Crores towards the Statutory Reserve (Previous Year – Rs. 30.87 Crores) in accordance with requirements under Section 45IC of the Reserve Bank of India Act, 1934.

SHARE CAPITAL

The authorized share capital of the Company stands at Rs. 39,520,000,000 (Rs. Three Thousand Nine Hundred and Fifty-Two Crores only) as at March 31, 2022. The issued, subscribed and paid-up share capital of the Company as at March 31, 2022 is Rs 28,932,952,732 (Rs. Two Thousand Eight Hundred Ninety-Three Crores Twenty-Nine Lacs Fifty-Two Thousand Seven Hundred and Thirty-Two only).

There is no change in the share capital during the Financial Year 2021-22.

ANNUAL RETURN

The Annual Return in Form MGT-7 as required under Section 92(3) of the Companies Act, 2013 shall be hosted on the website at www.citicorpfinance.co.in.

RELATED PARTY TRANSACTIONS

The particulars of every contract or arrangement entered into by the Company with its related parties, pursuant to the Companies Act, 2013 and Securities and Exchange Board of India (Listing Obligations and Disclosures Requirements), 2015, for the Financial Year 2021-22 are in the ordinary course of business and at arm's length. There were no materially significant related party transactions that may have potential conflict with the interest of the Company at large.

Further, omnibus approval of the Audit Committee is obtained for all related party transactions which are foreseen and of repetitive nature.

During the Financial Year 2021-22, the Company has not entered into any transaction with its holding Company in relation to loans/ advances/ Investments as required to disclose pursuant to Schedule V of Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements), Regulations, 2015.

The statement showing related party transaction in Form No. AOC-2 along with relatives of Directors are enclosed herewith as **Annexure I.** For further details of related party transactions [including as required under Indian Accounting Standard 24 (Ind AS 24)] are part of Note 35 of Financial Statements.

RESERVE BANK OF INDIA GUIDELINES ON PUBLIC DEPOSITS

As per the Reserve Bank of India guidelines for Non-Banking Finance Companies, during the Financial Year 2021-22 the Company has not accepted any deposits from the public and shall not accept any deposits from the public without obtaining prior approval of Reserve Bank of India. Further, RBI issued a circular "Financial Regulation of Systemically Important NBFCs and Banks' Relationship with them" dated December 12, 2006 according to which the Company is categorized as a systemically important non-deposit taking NBFC and in terms of said guidelines the Company is required to maintain a minimum Capital to Risk-Weighted Assets Ratio (CRAR) of 15% and also comply with the single and group entity exposure norms. We are pleased to state that the CRAR of the Company as on March 31, 2022 was 40.36 % as compared to the prescribed ratio of 15%. As regards, compliance with the group

entity exposure norms, which are applicable effective April 1, 2007, the Company is in compliance with all the norms as on March 31, 2022.

A statement containing the salient features of the financial statements of the associate company are enclosed herewith form AOC-1 as **Annexure-II**.

AUDITORS AND REPORTS

a) Statutory Auditors

At the Annual General Meeting held on September 27, 2017, M/s. MSKA & Associates, Chartered Accountants, holding firm registration no. 105047W was appointed as statutory auditors of the company for the period of five years (from the conclusion of 20th AGM till the conclusion of 25th AGM).

Due to mandatory rotation of statutory auditors in accordance with recent RBI Guidelines 'Guidelines for Appointment of Statutory Central Auditors (SCAs)/Statutory Auditors (SAs) of Commercial Banks (excluding RRBs), UCBs and NBFCs (including HFCs)' dated April 27, 2021, MSKA & Associates rotated out and a new audit firm (M/s. Haribhakti & Co LLP having firm registration number 103523W / W100048) was appointed as Statutory Auditor of the Company effective September 23, 2021 for the period of three years beginning Financial Year 2021-22 to Financial Year 2023-24 for their 1st term.

Further, basis the RBI Press release dated October 12, 2021 debarring Haribhakti & Co. LLP for Audit assignments from April 01, 2022, the Company had appointed M/s Gokhale & Sathe, Chartered Accountants, having firm registration number 103264W as Statutory Auditors of the Company effective February 01, 2022 for the period of 3 years (from financial year 2021-22 to 2023-24).

M/s. Haribhakti & Co LLP and M/s Gokhale & Sathe had done joint audit (Limited Review) and issued a joint audit report for the quarter ended December 2021. Post that M/s Haribhakti & Co. LLP resigned as Statutory Auditors of the Company w.e.f. February 12, 2022.

b) Secretarial Auditor

Pursuant to the provisions of Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Board of Directors of the Company in its meeting held on February 11, 2022 had appointed M/s Zainab H. Poonawala & Associates, Practicing Company Secretary, Certificate of Practice No. 8874 as secretarial auditor of the Company to undertake the secretarial audit of the Company for the Financial Year 2021-22.

c) Internal Auditors

Pursuant to Section 138 of the Companies Act, 2013 read with rule 13 of the Companies (Accounts) Rules, 2014, the Board of Directors in its meeting held on June 25, 2021, had appointed Mr. Ashutosh Pandey as an Internal Auditor for the Financial Year 2021-22.

Ashutosh Pandey was further appointed as an Internal Auditor, for the Financial Year 2022-23, in the Board Meeting held on May 30, 2022.

The Company has implemented Risk Based Internal Audit (RBIA) pursuant to RBI circular dated February 03, 2021. The Internal Auditor manages the provision of Internal Audit Services and reports functionally to the Audit Committee of the Company and both functionally and administratively to the Chief Auditor of Citigroup or his designee within full compliance and alignment with the letter and spirit of local regulatory requirements. Internal Audit responsibilities are carried out independently under the oversight of the Company's Audit Committee and Internal Audit employees accordingly report to the Chief Auditor of Citigroup or his designee and do not have reporting lines to management. Internal Audit reviews are completed as per the Annual Audit Plan and results of same are reported to the Audit Committee. Internal audit contributes to the assessment and reporting of emerging risks and issues across the business, engages with the Senior Management Team and Board Stakeholders and escalate significant issues on a timely basis.

AUDITORS REPORT

(i) Statutory Auditors

The Auditor's Report issued by statutory auditor of the company for the year ended March 31, 2022 does not contain any qualification, reservation or adverse remark.

The statutory auditors in their report to members have made certain observations, which though are not qualifications in nature, have been explained as under:

In para 7(c), the Auditors have mentioned that following dues have not been paid:

| Name of the statute | Nature of the dues | Amount | Period to | Forum where |
|--|---------------------|-----------------|-----------------------------|---|
| Name of the statute | reature of the dues | Rs. in Lakhs | which the amount relates | dispute is pending |
| Income Tax Act,1961 | Income Tax Demands | 8.35 | AY 1999-2000 | Commissioner of Income Tax (Appeals) |
| Income Tax Act,1961 | Income Tax Demands | 5.86 | AY 2001-02 | Assessing Officer |
| Income Tax Act,1961 | Income Tax Demands | 33.71 | AY 2002-03 | High Court |
| Income Tax Act,1961 | Income Tax Demands | 1.35 | AY 2002-03 | Assessing Officer |
| Income Tax Act,1961 | Income Tax Demands | 356.52 | AY 2005-06 | Assessing Officer |
| Income Tax Act,1961 | Income Tax Demands | 28.93 | AY 2006-07 | Income Tax Appellate Tribunal |
| Income Tax Act,1961 | Income Tax Demands | 578.63 | AY 2011-12 | Assistant Commissioner of Income Tax (Appeals) |
| Income Tax Act,1961 | Income Tax Demands | 159.30 | AY 2012-13 | Commissioner of Income Tax (Appeals) |
| Maharashtra VAT Act, 2002 | VAT Demands | 266.23 | FY 2010-11 | Joint Commissioner of Sales Tax (Appeals IV) |
| Maharashtra VAT Act, 2002 | VAT Demands | 42.37 | FY 2016-17 | Joint Commissioner of Sales Tax |
| Finance Act, 1994 | Service Tax Demands | 1,073.08 | FY 2006-07 to 2008-09 | Customs, Excise and Service Tax Appellate Tribunal |
| Karnataka Value Added Tax Act, 2003 | Vat Demands | 3,276.00 | FY 2005-06 to FY 2010-11 | Reassessment proceedings with Assessing Officer |

21

There were outstanding demands against the Company under Karnataka Value Added Tax Act, 2003, primarily on account of disallowance of input tax credit amounting to 3,546 Lakhs. These matters were heard before the Karnataka Appellate Tribunal and were remanded back to the Assessing Authority. There were in all 6 years i.e. Financial Year 2005-06 to Financial Year 2010-11. For Financial Year 2005-06, 06-07, 07-08 and 2010-11, the Assessing Officer has passed a clean order. For FY 2008-09 and FY 2009-10, the Assessing Officer passed the order along with a demand. Against the same, writ was filed with the Karnataka High Court. The Karnataka High Court quashed the order and instructed the Assessing officer to undertake fresh assessment. After calling for all the documents, the Assessing Officer again passed a negative order raising a demand of INR 3,546 lakhs. The Company has currently filed an appeal against the second order. The appeal is yet to be adjudicated. The Company has under this issue made a pre deposit of Rs. 270 lakhs in the previous years.

There are outstanding demands against the Company under Maharashtra Value Added Tax Act, 2002, primarily on account of levy of VAT on part purchase consideration received on accountant of "transfer of KPO Division" on slump sale basis amounting to Rs. 316 lakhs out of this we had made a pre deposit of Rs. 50 lakhs in the previous years.

The VAT assessment by Mumbai office for FY 2016-17 got concluded in the previous year where a demand of Rs 44.32 lakhs was raised on account of disallowance of input tax credit. Out of the total demand Rs 1.95 lakhs is paid as prepayment during the previous year.

There are outstanding demands against the Company under Finance Act,1994, primarily on account of adjustment of service tax paid in previous years and other miscellaneous issues amounting to Rs 1,322 lakhs out of this we had made a pre deposit of Rs. 250 lakhs in the previous year.

In the above cases, the Company has partly paid the aforesaid demand under protest and is in the process of appeal against the same with the appropriate tax authorities. The Company has sought legal opinion in the aforesaid demands and is of the opinion that the disallowances / demands are not tenable and highly unlikely to be retained by higher authorities. Accordingly, the Company is not carrying any provision in its books for the above.

(ii) Secretarial Auditors Report and Secretarial Compliance Report

The Secretarial Audit Report and Secretarial Compliance Report, issued by Practicing Company Secretary, does not contain any qualification, reservation or adverse remark.

The Secretarial Audit Report and Secretarial Compliance Report for the year ended March 31, 2022 are annexed to this report as **Annexure III.**

(iii) Internal Auditors (IA) Report

During the Financial Year 2021-22, key processes of Internal Audit were reviewed as per the Annual Internal Audit Plan and audit results of the same were tabled at the Audit Committee of the Company. Major areas reviewed during the Financial Year 2021-22 included funds transfer pricing, third-party management and outsourcing, technology infrastructure and applications, anti-money laundering program and compliance management. Further, the audit results indicate that there are moderate improvements needed on the design and operating effectiveness of internal controls to mitigate and /or manage those inherent risk to which the activities being audited are exposed.

DETAILS IN RESPECT OF FRAUDS REPORTED BY AUDITORS UNDER SUB-SECTION (12) OF SECTION 143 TO THE CENTRAL GOVERNMENT

During the Financial Year 2021-22, the auditors have no reason to believe that an offence involving fraud is being or has been committed against the Company by officers or employees of the Company.

22

VOLUNTARY REVISION OF FINANCIAL STATEMENTS OR BOARD'S REPORT

The Company has not opted for revision of its Financial Statements or its Board's Report.

RISK MANAGEMENT FRAMEWORK

Risk Management is an integral part of the Company's business strategy. Risk is assessed and evaluated at various levels, including at formal Committees and forums, and reported to the Board. The risk review, assessment and mitigation are aligned to the various Risk Policies that the Company has. The risk policies are approved by the Board.

The Company has a Risk Management Committee, aligned with the Reserve Bank of India guidelines and Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements), Regulations, 2015. The Committee meets on a quarterly basis and reviews a range of actual and potential risks.

The Company loan assets portfolio is also reviewed periodically to assess credit quality and the attendant risks.

The constitution, term of reference and other details are provided in Corporate Governance Report. Please refer **Annexure IV.**

RISK REVIEW AND MITIGATION: APPROACH

At the operational level, the risk management oversight structure is multi-level one and includes three lines of defense. The first line of defense is the Business or the Function, the second line being the Independent Risk & Compliance and the third line is the Internal Audit and Audit Assurance by a third-party firm. The Internal Audit/Audit Assurance function reports into the Audit Committee of the Board.

RISK MANAGEMENT STRUCTURE AND POLICIES

The Company has a documented Corporate Governance Code, which governs forum including the Risk Management Committee & Asset Liability Committee. The Company has constituted Risk Management Committee (RMC), to evaluate risk emanating from Credit, Market, Liquidity, Operations, Regulatory and other residual Risks. While Asset Liability Committee (ALCO) is constituted to review and monitor the rationale for and risk associated with lending and borrowing, resultant gaps in the funding positions of the Company, manages interest rate risk and determine the pricing criteria of various assets and liabilities of the Company.

The Company operates within the risk management framework defined by various risk policies approved by the Board. Further, the Company has framed various policies that define the employee Code of Conduct.

The Company has also constituted the Audit Committee to oversee matters related to internal controls and finance and accounting, regulatory compliance and others.

a) Business and Management Continuity Risk

This has been an important area of focus for the Company and the Company has defined Continuity of Business Plans that are tested every cycle. These plans define the sequence of activities and the responsibility of teams under contingency situation. The contingency plan is currently being implemented under the COVID situation.

The Business Continuity plans are actively monitored and tested and also reviewed by the IT Strategy Committee headed by and Independent Director. The Committee meets on a six-monthly frequency.

DETAILS OF ADEQUACY OF INTERNAL FINANCIAL CONTROLS

The Company's internal financial control framework, commensurate with the size and operations of the business and is in line with requirements of the Act. The Company's internal financial controls over financial reporting with reference to the financial statements were adequate and operating effectively.

Further, the Board has adopted the policies and procedures for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial disclosures.

Impact of COVID:

India is emerging from the Covid-19 pandemic. The lockdowns and other restrictions have been completely lifted and the Company does not anticipate any significant uncertainty in the operations.

SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS

There are no significant and material orders passed by the regulators or courts or tribunals impacting the going concern status and Company's operation in future.

Form No. MR-3 SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31st MARCH, 2022

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To, The Members,

Citicorp Finance (India) Limited

Mumbai

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Citicorp Finance (India) Limited (hereinafter called the Company).** Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Due to restricted entry to the office due to COVID-19 pandemic, we did not have access to the physical copies of books, papers, minute books, forms and returns filed and other records maintained by the Company. Hence our Audit is based on online examination of books, papers, minute books, forms and returns filed and other records maintained by Citicorp Finance (India) Limited ("the Company"). Further, the statutory registers are maintained in a soft copy and were made available for the purpose of audit. Also our audit is based on the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, the explanations and clarifications given to us and the representations made by the Management and considering the relaxations granted by the Ministry of Corporate Affairs and Securities and Exchange Board of India warranted due to the spread of the COVID-19 pandemic, we hereby report that in our opinion, the company has, during the audit period covering the financial year ended on 31st March 2022 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have online examined books, papers, minute books, forms and returns filed and other records maintained by **Citicorp Finance (India) Limited** ("the Company") for the financial year ended on 31st March, 2022 according to the provisions of:

(i) The Companies Act, 2013 (the Act) and the rules made thereunder;

A/33 Assumption View, Opp. St Joseph H School, Kandivali Village, Kandivali (West), Mumbai-400067. Tel: 022 28083340 Mob: 9833924145 email: zainabhp@gmail.com

- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder (**not** applicable to the Company during the audit period);
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder (**not applicable to the company during the audit period**);
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 (not applicable to the company during the audit period);
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992 (not applicable to the company during the audit period);
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 (not applicable to the company during the audit period);
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 (not applicable to the company during the audit period);
 - (e) The Securities and Exchange Board of India (Listing Obligation and Disclosures Requirement) Regulations, 2015;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client (not applicable to the company during the audit period);
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 (not applicable to the company during the audit period); and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; (not applicable to the company during the audit period)
- (vi) IRDA Regulations applicable to Corporate Agents. (not applicable to the company during the audit period)
- (vii) RBI Act, 1934 read with all notifications and circulars issued by the Reserve Bank of India for Non-Banking Finance Companies.

We have also examined compliance with the applicable clauses of the following:

(i) Secretarial Standards issued by The Institute of Company Secretaries of India

Page **2** of **5**

(ii) The Listing Agreements entered into by the Company with National Stock Exchange(s), for listing of Non Convertible Debentures;

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

And,

There is one matter in regard to a duly registered and executed Third Supplement Deed entered on November 11, 2017 (Third Supplement Deed to The Debenture Trust Deed Cum Deed of Mortgage (DTD) dated March 17, 2015) with IDBI Trusteeship Services Limited from previous years which is been closed this year. The form CHG-9 could not be filed due to technical issue faced from MCA website and matter remained unresolved even after repetitive reminders to MCA officials asking for their support. As confirmed by the management, all the debentures issued under the said DTD have been redeemed and there is **NIL** outstanding, the further compliances w.r.t. this DTD stands closed. Accordingly, this matter will not be reported going forward.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through unanimously.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines (as mentioned above and listed in **Annexure I**).

We further report that during the audit period the company has:

1. Issued Non- Convertible Debentures under Private Placement in Series and complied with the applicable provisions of the Companies Act, 2013, Rule 14 of Chapter III, Chapter V and Chapter VI of SEBI (Listing Obligation and Disclosures Requirement) 2015, its amendments and Notifications issued by RBI.

ANNEXURE TO SECRETARIAL AUDIT REPORT ISSUED BY COMPANY SECRETARY IN PRACTICE

To,

The Members,

Citicorp Finance (India) Limited

Mumbai

Our report of even date is to be read along with this letter.

1. Maintenance of secretarial record is the responsibility of the management of the company. Our

responsibility is to express an opinion on these secretarial records based on our audit.

2. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance

about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and

practices, we followed provide a reasonable basis for our opinion.

3. We have not verified the correctness and appropriateness of financial records and Books of Accounts of

the company.

4. Where ever required, we have obtained the Management representation about the compliance of laws,

rules and regulations and happening of events etc.

5. The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is

the responsibility of management. Our examination was limited to the verification of procedures on test

basis.

6. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the

efficacy or effectiveness with which the management has conducted the affairs of the company.

Annexure IV

Corporate Governance Report

Pursuant to Schedule V of Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements), Regulations, 2015

Corporate Governance is about promoting fairness, transparency, accountability, commitment to values, ethical business conduct and about considering all stakeholders' interest while conducting business.

In accordance with the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and amendments thereto, given below is the Corporate Governance Report of the Company for the Financial Year 2021-2022.

(1) COMPANY'S PHILOSOPHY

Corporate Governance is a reflection of principles entrenched in our values and policies and also embedded in our day-to-day business practices, leading to value driven growth. Ethical dealings, transparency, fairness, disclosure and accountability are the main thrust of the working of the Company.

The Corporate Governance framework of the Company is based on the following key principles:

- Establishing strategic objectives and a set of corporate values that are communicated throughout the organization;
- Setting and enforcing clear lines of responsibility and accountability throughout the organization;
- Ensuring that board members are qualified for their positions, have a clear understanding of their role in corporate governance and are not subject to undue influence from management or outside concerns:
- Ensuring that compensation approaches are consistent with the Company's ethical values, objectives, strategy and control environment;
- Ensuring an environment supportive of sound corporate governance.

(2) BOARD OF DIRECTORS

The Board of the Company comprises of combination of Executive, Non-Executive and Independent Directors. The Board is at the core of corporate governance practice and oversees and ensures that the Management serves and protects the long-term interest of all our stakeholders/clients. The Company believe that an active, well-informed and Independent Board is necessary to ensure the highest standards of corporate governance.

(a) Composition and category of directors

The Composition of the Board is in compliance with the provisions of Companies Act, 2013 and Securities and Exchange Board of India (Listing obligations and Disclosure Requirements), Regulation, 2015. As on March 31, 2022, the Board of the Company consisted of six directors, of which one is executive director (women director) and 5 are non-executive directors including two independent directors.

None of the Directors of your Company are related to each other.

52

(f) Opinion of the Board

The Board hereby confirms that, in its opinion, the independent directors fulfil the conditions specified under the Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements), Regulations, 2015 and are independent of the management of the Company.

(g) Resignation of an independent director

Not applicable as no Independent Director has resigned during the Financial Year 2021-22.

(3) COMMITTEE DETAILS

The Board of the Company functions either as a full Board or through various Committees constituted to oversee specific operational areas. The Board has constituted eight Committees, namely, Nomination and Remuneration Committee, Audit Committee, Debenture Issuance and Allotment Committee, Asset-Liability Committee (ALCO), Risk Management Committee (RMC), Corporate Social Responsibility (CSR) Committee, Stakeholder's Relationship Committee and IT Strategy Committee. Details of the Committee are as follows:

(i) Audit Committee

The Committee's composition meets with the requirement of Section 177 of the Companies Act, 2013, Regulation 70 (1) of Reserve Bank of India -Master Direction for Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 and Regulation 18 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Composition:

The composition of the Audit Committee as on March 31, 2022 is as under:

- a) Ms. Nina Nagpal, Managing Director
- b) Mr. Deepak Ghaisas, Independent Director
- c) Mr. Saurabh Shah, Independent Director

Brief Description of Terms of Reference:

The role of the Audit Committee is primarily related to provide oversight on the Company's financial reporting process, disclosure of financial information and appointment / re-appointment of the auditors and approval of transactions of the Company with related parties.

It includes ensuring compliance to the internal control systems and review of the financial statements which are presented to the Board for their consideration and to perform all the responsibilities/duties as mentioned in the Audit Committee Charter.

The terms of reference of this Committee are very wide and are in line with the requirements mandated by the Companies Act and Regulators.

Meetings and Attendance during the year:

During the Financial Year 2021-22, the Audit Committee met 7 (Seven) times. Meetings of Audit Committee were held on June 24, 2021; August 05, 2021; September 03, 2021; November 10, 2021; December 21, 2021 and February 09, 2022.

53

The details of members attendance are as under:

| Deepak Ghaisas | Independ ent Director | V | V | V | V | 1 | V | 7 |
| Saurabh Shah | Independ ent Director | 1 | V | V | √ | V | V | 7 |

(ii) Nomination and Remuneration Committee

The constitution of the Nomination and Remuneration Committee is in compliance with the provisions of section 178(1) of the Companies Act, Regulation 70 (2) of Reserve Bank of India Master Direction for Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 and Regulation 19 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Composition:

The composition of Nomination and Remuneration Committee as on March 31, 2022 is as under:

- a) Mr. Neeraj Kumar, Director
- b) Mr. Deepak Ghaisas, Independent Director
- c) Mr. Saurabh Shah, Independent Director

Brief Description of Terms of Reference:

The primary role of the Committee is to ensure that the persons to be appointed as directors or on senior management position of the Company possess requisite qualifications, expertise, track record and integrity. The Committee ascertains the "fit and proper" status of the existing as well as the proposed directors.

The Committee will also recommend a policy relating to the remuneration of the directors, key managerial personnel and other employees.

Additionally, it ensures that Statutory/Regulatory declarations are obtained from every director (existing or proposed) in the prescribed format.

54

Meetings and Attendance during the year:

During the Financial Year 2021-22, the Nomination and Remuneration Committee met 2 (Two) times. Meetings of Nomination and Remuneration Committee were held on May 21, 2021 and June 25, 2021.

| Name of Members and Chairperson | Category | Date of the Meet | tings | Total Meetings attended |
|--|-------------|------------------|----------------|-------------------------|
| | | May 31, 2021 | June 25, 2021 | |
| | Chairperson | Rohit Ranjan | Deepak Ghaisas | |
| Neeraj | | | | 2 |
| Kumar | Director | | | |
| Rohit Ranjan | Director | | X | 1 |
| Deepak | Independent | | | 2 |
| Ghaisas | Director | | | |
| | Independent | | | 2 |
| Saurabh Sha | Director | | | |

Performance evaluation criteria for Independent Directors

The performance evaluation criteria for Independent Directors are determined by the Nomination and Remuneration Committee basis requirement provided in the Companies Act, 2013 and Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulations, 2015. An indicative list of factors on which evaluation was carried out includes participation and contribution by a director, managing relationship, knowledge and skill, leadership standard, personal attributes, and independence of behavior and judgment.

(iii) Stakeholder Relationship Committee

The Stakeholder Relationship Committee is framed as per Regulation 20 of the Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements), Regulations, 2015.

Composition:

The composition of Stakeholder Relationship Committee as on March 31, 2022 is as under:

- a) Ms. Nina Nagpal, Managing Director
- b) Mr. Neeraj Kumar, Director
- c) Mr. Deepak Ghaisas, Independent Director

Mr. Sameer V. Upadhyay, Company Secretary, acts as the Compliance Officer for Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements), Regulations, 2015 perspective.

Brief Description of Terms of Reference:

The role of the Committee is as follows:

- 1. To resolve the grievances of the security holders of the Company including complaints related to issue/ allotment/ transfer/transmission of shares, non-receipt of annual report, non-receipt of declared dividends/interest, issue of new/duplicate certificates, general meetings etc.;
- 2. To review of measures taken for effective exercise of voting rights by shareholders;

55

- 3. To review adherence to the service standards adopted by the listed entity in respect of various services being rendered by the Registrar & Share Transfer Agent;
- 4. To review of the various measures and initiatives taken by the listed entity for reducing the quantum of unclaimed dividends and ensuring timely receipt of dividend warrants/interest/annual reports/statutory notices by the shareholders of the Company.

Meetings and Attendance during the year:

During the year Financial Year 2021-22, the Committee has not received any complaints /grievance from stakeholders, hence no meeting held during the year.

(iv) Risk Management Committee (RMC)

As required by the Reserve Bank of India, the Company has constituted a Risk Management Committee (RMC) which meets on a quarterly frequency. This Committee comprises of Board of directors including Independent Director and key management functionaries.

Composition:

The composition of Risk Management Committee as on March 31, 2022 are as under:

- a) Ms. Nina Nagpal, Managing Director
- b) Mr. Neeraj Kumar, Director
- c) Mr. Saurabh Shah, Independent Director
- d) Mr. Ankit Goyal, Chief Financial Office
- e) Mr. Vaibhav Gupta, Chief Risk Officer

Please note that Mr. Param Sawlani resigned from the position of Compliance Officer w.e.f. March 04, 2022 and Mr. Kedar Kadam appointed as Compliance Officer of the Company w.e.f. July 01, 2022.

Brief Description of Terms of Reference:

The term of reference of the Risk Management Committee primarily includes the following:

- (1) Formulation of risk management policy which shall include: (a) Framework for identification of internal and external risks specifically faced by the entity, in particular including financial, operational, sectoral, sustainability (particularly, ESG related risks), information, cyber security risks or any other risk as may be determined by the Committee. (b) Measures for risk mitigation including systems and processes for internal control of identified risks. (c) Business continuity plan
- (2) To ensure that appropriate methodology, processes and systems are in place to monitor and evaluate risks associated with the business of the Company.
- (3) To monitor and oversee implementation of the risk management policy, including evaluating the adequacy of risk management systems.
- (4) To keep the board of directors informed about the nature and content of its discussions, recommendations and actions to be taken.

Meetings and Attendance during the year:

During the Financial Year 2021-22, the Risk Management Committee met 4 (Four) times. Meetings of Risk Management Committee were held on May 11, 2021; August 11, 2021; November 24, 2021 and March 15, 2022.

Annual Report on Corporate Social Responsibility

The Ministry of Corporate Affairs has formalized certain obligations of the Indian Corporate Sector in the area of Corporate Social Responsibility ("CSR") in the Companies Act, 2013. Various explanatory notifications have also since been issued operationalizing various aspects of the legislation.

Citicorp Finance (India) Limited has developed this Corporate Social Responsibility Policy in compliance with the provision of Section 135 of the Act and the Companies (Corporate Social Responsibility Policy) Rules, 2014.

In line with Citi's global mission and value proposition of enabling growth and economic progress, and the Act, Citicorp Finance (India) Limited's strategy is focused on strengthening communities, enabling progress and ensuring positive impact in the communities we work in. At Citi, CSR It is strongly connected with the principles of Sustainability; we believe that an organization should make decisions based not only on financial factors, but also on the social and environmental impact of such actions. Therefore, it is the core corporate responsibility of CFIL to practice its corporate values through its commitment to grow in a socially and environmentally responsible way, while meeting the interests of its stakeholders.

DETAILS IN TERMS OF SECTION 197(12) OF THE COMPANIES ACT, 2013 READ WITH RULE 5(1) OF THE COMPANIES (APPOINTMENT AND REMUNERATION OF MANAGERIAL PERSONNEL) RULES, 2014

PART A:

1. The ratio of remuneration of each director to the median remuneration of the employees for the financial year

Ms. Nina Nagpal – 10.04

Please note that for calculating ratio of remuneration, average of financial year beginning and ending values have been considered.

2. The percentage increase in remuneration of each Director, Chief Financial Officer, Chief Executive officer, Company Secretary or Manager, if any, in the financial year

The percentage increase in remuneration of the MD, Chief Financial Officer and Company Secretary is as follows:

| Employee Name | % Increase |
|-------------------------|------------|
| Ms. Nina Nagpal | 0.00% |
| Mr. Sameer V. Upadhyay | 8.90% |
| Mr. Ankit Goyal as CFO* | 8.50% |

- 3. The percentage increase in the median remuneration of employees in the financial year. The percentage increase in the median remuneration of the employees in the financial year is around 10.09% (excluding 0 salary increase cases) / 10.12% (including 0 salary increase cases).
- **4.** The number of permanent employees on the rolls of the Company 253 (as on March 21, 2022)
- 5. Average percentile increases already made in the salaries of employees other than the managerial personnel in the last financial year and its comparison with the percentile increase in the managerial remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the managerial remuneration

Average percentile increase is not a valid data point and instead average percentage increase has been reported. The average percentage increase made in the salaries of total employees other than Key Managerial Personnel is around 12.81% (excluding 0 salary increase cases) / 12.58% (including 0 salary increase cases), while the average increase in the remuneration of the Key Managerial Personnel is 3.96%.

6. The key parameters for any variable component availed by the directors

The Company follows prudent remuneration practices created to discourage unnecessary or imprudent risk-taking, while promoting shareholder interests under the guidance of Personnel and Compensation Committee of Citigroup. Performance Goals, including a balance of both financial and non-financial metrics are established for the Managing Directors annually. At the end of the year, the performance of the Company as well the performance of the MD and CEO is assessed based on these goals. Based on the performance assessment, the variable component of remuneration for the MD & CEO is recommended. All variable compensation for the

80

Company is approved by the Personnel and Compensation Committee. During the period under review the sitting fees paid to Independent Directors was Rs. 1,00,000/- per Board/Committee meeting which are within the maximum permissible amount under the Companies Act, 2013 together with Rules thereunder.

7. Affirmation that the remuneration is as per the remuneration policy of the Company Affirmed

81

DECLARATION REGARDING COMPLIANCE BY BOARD MEMBERSAND SENIOR MANAGEMENT PERSONNEL WITH THE COMPANY'S CODE OF CONDUCT

[Pursuant to Regulation 26 (3) and Schedule V of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulation, 2015]

To, The Board of Directors Citicorp Finance (India) Limited B7, 5th Floor, Nirlon Knowledge Park Goregaon (East) Mumbai, MH 400063 IN

Dear Board Members,

This is to confirm that the Company has adopted a Code of Conduct for Board Members and Senior Management Personnel.

I confirm that the Company has received affirmation of compliance of Code of Conduct from Board Member and the Senior Management Personnel of the Company.

For the purpose of this declaration, Senior Management Personnel means Company Secretary, Chief Financial Officer, Compliance Officer, Chief Risk Officer, Chief Technology/Information Officer and Head of Operations as on March 31, 2022.

COMPLIANCE REPORT ON CORPORATE GOVERNANCE REPORT

To,

The Members
CITICORP FINANCE (INDIA) LIMITED
B7, 5th Floor, Nirlon Knowledge Park
Goregaon (East) Mumbai Mumbai -400063

I have examined the compliance of the conditions of Corporate Governance by CITICORP FINANCE (INDIA) LIMITED ('the Company') for the year ended on March 31, 2022, as stipulated under Regulations 17 to 27, clauses (b) to (i) of sub-regulation (2) of Regulation 46 and para C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations").

The compliance of the conditions of Corporate Governance is the responsibility of the management of the Company. This responsibility include design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of the Corporate Governance stipulated in Listing Regulations. Our examination was limited to the review of procedures and implementation thereof, as adopted by the Company for ensuring compliance with conditions of Corporate Governance.

It is neither an audit nor an expression of opinion on the financial statements of the Company. In our opinion and to the best of our information and according to the explanations given to us, and the representations made by the Directors and the Management and considering the relaxations granted by the Ministry of Corporate Affairs and Securities and Exchange Board of India warranted due to the spread of the COVID-19 pandemic, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the SEBI Listing Regulations for the year ended on March 31, 2022.

Pursuant to Reg 17(1)(c'), the Board of Directors of the top 1000 and top 2000 listed entities shall comprise of not less than six directors. In the Company, for a period of 3 months from December 07, 2021 to March 15, 2022, there were only 5 Directors as Priti Goel resigned effective December 07, 2021 and Mr. Rajeev Mantri was appointed as Additional Director on 15/03/2022. However, there is no clarity on applicability of the said regulation on debt listed company as top 1000 and top 2000 listed Companies criteria is for equity listed Companies.

And The Stakeholders relationship committee shall meet at least once in a year as per Regulation 20(3A) of SEBI (LODR) Regulations, 2015. However, post applicability of LODR in September 2021, the Company reconstituted the Stakeholders Relationship Committee in its Board Meeting held on February 11, 2022. But no meeting was held by the Committee and Management has confirmed that it shall comply with the said provisions in the current financial year.

Page 1 of 2

However, the Company being the debt listed company is under the 'comply and explain' regime till March 31, 2023, after which compliance will be mandatory. The Company has given due explanation in the quarterly governance report for the quarter ended December 31, 2021 and March 31, 2022 respectively.

We further state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

CEO and **CFO** Certification

[Pursuant to Regulation 17 (8) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulation, 2015]

The Board of Directors **Citicorp Finance (India) Limited** B7, 5th Floor, Nirlon Knowledge Park Goregaon (East) Mumbai, MH 400063 IN

Dear Board Members,

We, Nina Nagpal, Managing Director, and Ankit Goyal, Chief Financial Officer of Citicorp Finance (India) Limited, to the best of our knowledge and belief, certify that:

- A. We have reviewed financial statements and the cash flow statement for the year and that to the best of their knowledge and belief:
 - (1) these statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading;
 - (2) these statements together present a true and fair view of the listed entity's affairs and are in compliance with existing accounting standards, applicable laws and regulations.
- B. There are, to the best of our knowledge and belief, no transactions entered into by the Company during the year which are fraudulent, illegal or violative of the listed entity's code of conduct.
- C. We accept responsibility for establishing and maintaining internal controls for financial reporting and that we have evaluated the effectiveness of internal control systems of the listed entity pertaining to financial reporting and we have disclosed to the auditors and the Audit Committee, deficiencies in the design or operation of internal controls, if any, of which we are aware and the steps we have taken or propose to take to rectify these deficiencies.
- D. We have indicated to the auditors and the Audit Committee:
 - (1) significant changes in internal control over financial reporting during the year;
 - (2) significant changes in accounting policies during the year and that the same have been disclosed in the notes to the financial statements; and
 - (3) instances of significant fraud of which we have become aware and the involvement therein, if any, of the management or an employee having a significant role in the listed entity's internal control system over financial reporting.

Independent Auditor's Report
To the Members of Citicorp Finance (India) Limited.

Report on the Audit of Standalone Ind AS Financial Statements

Opinion

We have audited the standalone Ind AS financial statements of Citicorp Finance (India) Limited ("the Company"), which comprises the Balance Sheet as at 31 March 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information ("the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Emphasis of Matter

We draw attention to Note 36 to the financial statements regarding proposed sale of Consumer Business represented by Asset Backed Finance and Personal Loan portfolios to Axis Bank Ltd. and related accounting adjustments for disposal group held for sale and relevant disclosures under Ind AS 105.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matters

Key audit matter How the matter was addressed in our audit

Impairment of loans and advances and expected credit losses

Refer to the accounting policies in Note 3.10.1 to the Financial Statements: Impairment of Financial Assets", Note 8 to the Financial Statements: "Loans" and Note 32 to the Financial Statements: Financial Risk Management"

Recognition and measurement of impairment relating to financial assets involves significant management judgement. With the applicability of Ind AS 109 "Financial Instruments", credit loss assessment is based on ECL model which is forward looking Expected Loss Approach.

The Company's impairment allowance is computed based on estimates including the historical default and loss ratios. Management exercises judgement in determining the quantum of loss based on a range of factors. The most significant areas are:

- a. Portfolio Segmentation
- b. Asset staging criteria
- c. Calculation of probability of default/ Loss given default/ Credit conversion factor basis the portfolio segmentation
- d. Consideration of probability of forward looking macro-economic factors

The Company has a Board approved policy on ECL to ensure the compliance with Ind AS 109 requirements and the basis of all assumptions for underlying inputs to the ECL model.

The Company has applied a three-stage

We have performed the following key audit procedures:

- Performed end to end process walkthroughs to identify the key systems, applications and controls used in the impairment loss allowance processes. We tested the relevant manual, general IT and application controls over key systems used in the impairment loss allowance process.
- Assessed the design and implementation of controls in respect of the Company's impairment allowance process such as the timely recognition of impairment loss, the completeness and accuracy of reports used in the impairment allowance process and management review processes over the calculation of impairment allowance and the related disclosures credit risk on management.
- Evaluated whether the methodology applied by the Company is compliant with the requirements of the relevant

| The analysis of the recoverability of such deferred tax assets has been identified as a key audit matter because the assessment process involves significant management judgement regarding the future profitability and likelihood of the realization of these assets, in particular whether there will be taxable profits in future periods that support the recognition of these assets. This requires assumptions regarding future profitability, which is inherently uncertain. | Obtained and analyzed the future budgeted financial parameters estimated by management, assessing the key assumptions used, including the analysis of the consistency of the actual results with those projected in the previous year. We further obtained evidence of the approval of the budgeted results included in the current year's projections, and the reasonableness of the future cash flow projections and the consistency of those projections with those used in other areas of estimation such as those used for assessing the recoverability. Considering the sale of the Consumer Business to Axis Bank Ltd., we challenged the Company's projections regarding the profitability from the continuing operations and assessed whether the same seemed appropriate given the circumstances. We have also obtained management |

Information Other than Standalone Ind AS Financial Statements and Auditor's Report thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the financial statements and our auditors' report thereon. The Director's report is expected to be made available to us after the date of this auditor's report. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Standalone Ind AS Financial Statements.

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit /loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- i. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ii. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by the Management and Board of Directors.
- iv. Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- v. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The Financial Statements of the Company for the year ended 31 March 2021, were audited by other auditors who expressed an unmodified opinion on those Financial Statements vide their report dated 25 June 2021. Our opinion on the Financial Statements is not modified in respect of the above matter.

Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2. As required by Section 143(3) of the Act, we report that:
 - a. we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - c. the Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - d. in our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act read with relevant rules issued thereunder;
 - e. on the basis of written representations received from the directors as on 31 March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2022, from being appointed as a director in terms of Section 164(2) of the Act;

- f. with respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B";
- g. with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. the Company has disclosed the impact of pending litigations on its financial position in its Financial Statements Refer Note 51 to the Financial Statements.
 - ii. the Company did not have any long term contracts including derivative contracts as at March 31, 2022, for which there were any material foreseeable losses.
 - iii. there were no amounts required to be transferred to the Investor Education and Protection Fund by the Company during the year.
 - iv. In respect of Rule 11(e) of the Companies (Audit and Auditors) Rules, 2014,
 - a. The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b. The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - c. Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. the dividend declared and paid during the year by the Company is in compliance with Section 123 of the Companies Act, 2013.
- 3. As required by Section 197(16) of the Act, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Place: Mumbai Date: 30 May 2022

Annexure A to Independent Auditor's Report (Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Citicorp Finance (India) Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property Plant and Equipment. The Company does not maintain any intangible assets. Hence provisions of clause 3(i)(a)(B) of the Order is not applicable to the company.
 - (b) The Company has a programme of physical verification of Property, Plant and Equipment under which property, plant and equipment are verified in a phased manner once in every three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification during the year.
 - (c) The title deeds (comprising of registered sale deeds/ transfer deeds /conveyance deeds) of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) provided to us, are held in the name of the Company as at the balance sheet date except in the case of the following:

| Description of Property | Gross Carrying Value | Held in name of | Whether promoter, director or their relative or | Period held | Reason for not being held in the |
|-------------------------|----------------------|--|---|----------------------|--|
| | | | employee | | name of the company |
| Land | Rs.2 lakhs | Citi Financial Consumer Finance India Limited (CFCFIL) | No | Not availab le | Legal process for change in name post merger with CFCFIL |

- (d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

- (ii) (a) The Company's business does not require it to hold any inventories and hence reporting under paragraph 3(ii)(a) of the order is not applicable to the Company.
 - (b) The Company has not been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, from banks and financial institutions on the basis of security of current assets and hence reporting under paragraph 3(ii)(b) of the order is not applicable to the Company.
- (iii) (a) The principal business of the Company is to give loans. Hence reporting under paragraph 3(iii)(a) of the order is not applicable to the Company.
 - (b) In our opinion, the investments made and the terms and conditions of the grant of loans, during the year are, prima facie, not prejudicial to the Company's interest.
 - (c) in respect of loans and advances in the nature of loans (together referred to as "loan assets"), the schedule of repayment of principal and payment of interest has been stipulated. Note 3.10.1 to the financial statements explains the Company's accounting policy relating to impairment of financial assets which include loans assets. In accordance with that policy, loan assets with balances as at the year end aggregating Rs 1,360 lakhs were categorized as credit impaired ("Stage 3") and Rs.3,449 lakhs were categorized as those where the credit risk has increased significantly since initial recognition ("Stage 2"). Disclosures in respect of such loans have been provided in Note 32 to the financial statements. Additionally, out of loans and advances in the nature of loans with balances as at the year-end aggregating Rs 6,78,285 lakhs, where credit risk has not significantly increased since initial recognition (categorized as "Stage 1"), delinquencies in the repayment of interest and/or principal aggregating Rs 2,833.72 lakhs were also identified, albeit of less than 30 days. In all other cases, the repayment of principal and interest is regular. Having regard to the nature of the Company's business and the volume of information involved, it is not practicable to provide an itemized list of loan assets where delinquencies in the repayment of principal and interest have been identified.
 - (d) The total overdue amount for more than 90 days as on 31 March 2022 is provided below:

| No. of | Principal | Interest | Total | Remarks (if |
|--------|-------------------------------|------------------------|------------------------|-------------|
| cases | amount overdue (Rs. Lakhs) | overdue (Rs. Lakhs) | overdue (Rs. Lakhs) | any) |
| 94 | 965.20 | 24 | 989.20 | NA |

In our opinion, the Company has taken reasonable steps for the recovery of principal and interest.

- (e) The principal business of the Company is to give loans. Hence reporting under paragraph 3(iii)(e) of the order is not applicable to the Company
- (f) The Company has granted loans or advances in the nature of loans repayable on demand during the year. However, none of such loans have been granted to the promoters as defined under clause (69) of section 2 of the Act as well as to the related parties as defined in clause (76) of section 2 of the Act. Accordingly reporting under paragraph 3(iii)(f) of the Order is not applicable to the Company.
- (iv) There are no loans, investments, guarantees and securities granted in respect of which provisions of section 185 and 186 of the Act are attracted. Accordingly, paragraph 3(iv) of the Order is not applicable to the Company.
- (v) The Company has not accepted any deposits from the public to which the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Act and Rules framed thereunder are applicable. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.
- (vi) The Central Government has not prescribed the maintenance of cost records under section 148(1) of the Act, for any activities conducted/services rendered by the Company. Accordingly, paragraph 3(vi) of the Order is not applicable to the Company.
- (vii) (a) In our opinion, the Company is regular in depositing with the appropriate authorities undisputed statutory dues including provident fund, income tax, sales-tax, goods and service tax, cess and other material statutory dues applicable to it. The provisions of Employee State Insurance Act, 1948 are not applicable to the Company. According to information and explanations given to us, no undisputed amounts payable were outstanding, at the year end, for a period of more than six months from the date they became payable.
 - (b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on 31 March 2022 on account of disputes are given below:

| Name of the statute | Nature of Dues | Period to which the | Amount (Rs. in lakhs) | Forum where dispute is pending |

(viii) There were no transactions not recorded in the books of accounts that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961). Accordingly, the reporting under Clause 3(viii) of the order is not applicable to the Company.

(ix) (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year except:

| Nature of the | Name of | the | Amo | ount | Whether | No | of | Remark, |
|---------------|---------------|-----|--------|----------|-------------|--------|----|---------|

| Inter | Eli Lilly | & | Rs | 6.04 | Principal | 1 day | | |
| Corporate | Company India | | crores | | | | | |
| Deposits | Pvt Ltd | | | | | | | |

- (b) The Company has not been declared a willful defaulter by any bank or financial institution or other lender.
- (c) The Company has utilized the money raised by way of term loans during the year for the purpose for which they were raised.
- (d) On an overall examination of the financial statements of the Company, funds raised on short term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) On an overall examination of financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its associate. The Company does not have any subsidiaries and joint ventures during the year.
- (f) The Company has not raised loans during the year on the pledge of securities held in its associate company. Further, the Company does not have any subsidiaries and joint ventures. Accordingly, the reporting under clause 3(ix)(f) of the Order is not applicable.
- (x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
 - (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- (xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have not come across any instance of material fraud by or on the Company, noticed or reported during the year, nor have we been informed of any such case by management.

- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) We have taken into consideration the whistle blower complaints received by the Company during the year (and upto the date of this report), while determining the nature, timing and extent of our audit procedures.
- (xii) The Company is not a Nidhi Company and hence, reporting under paragraph 3 (xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under section 133 of the Act.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
 - (b) We have considered, the internal audit reports issued to the Company till date for the period under audit.
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company. Hence reporting under Clause 3(xv) of the Order is not applicable to the Company.
- (xvi) (a) The Company is required to be registered under Section 45- IA of the Reserve Bank of India Act, 1934 (2 of 1934) and the said registration has been obtained.
 - (b) The Company conducts non-banking financial activities and it holds a valid Certificate of Registration (CoR) issued by the Reserve Bank of India as per the provisions of the Reserve Bank of India Act, 1934.
 - (c) In our opinion, the Company is not a Core Investment Company ("CIC") and
 - & there is no other CIC within the Group (as defined in the Core Investment
 - (d) Companies (Reserve Bank) Directions, 2016) and hence reporting under clause 3(xvi)(c) and (d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

- (xviii) During the year, there has been a resignation of the statutory auditors and there were no issues, objections or concerns raised by the outgoing auditors.
- (xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and it should not be construed as a guarantee or assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act 2013 in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.
 - (b) There are no unspent amounts under sub-section (5) of section 135 of the Act, pursuant to any ongoing project requiring transfer to special account in compliance with the provision of sub-section (6) of section 135 of the Act. Hence, reporting under clause 3(xx)(b) of the Order is not applicable for the year.
- (xxi) The Company is required to prepare Consolidated Financial Statements, and, in our opinion, there have been no qualifications or adverse remarks made by the auditors in the Companies Auditor's Report Order report of the associate company included in the consolidated financial statements.

Annexure B to the Independent Auditors' report on the financial statements of Citicorp Finance (India) Limited for the year ended 31 March 2022.

Report on the internal financial controls with reference to the financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013.

Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date.

Opinion

We have audited the internal financial controls with reference to financial statements of Citicorp Finance (India) Limited ("the Company") as of 31 March 2022 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to financial statements criteria established by the Company considering essential components of internal control stated in Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to Standalone Ind AS Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial controls with reference to financial statements include those policies and procedures that –

- 1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- 3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with reference to Standalone Ind AS Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Independent Auditor's Report on compliance with Chapter II of the Master Direction Non-Banking Financial Companies Auditor's Report (Reserve Bank) Directions, 2016.

To
The Board of Directors
Citicorp Finance (India) Limited

1. Introduction

This report is issued in terms of our audit engagement with Citicorp Finance (India) Limited ("the Company") in our capacity as the Statutory Auditors. Pursuant to the Chapter II of the Non-Banking Financial Companies Auditor's Report (Reserve Bank) Directions, 2016 ("RBI Directions"), we have examined the matters specified in Paragraph 3 and 4 of these Directions in respect of the Company for the year ended March 31, 2022.

2. Management's Responsibility

The Management of the Company is responsible for compliance with Chapter II of the RBI Directions on an ongoing basis and reporting non-compliances, if any, to the regulatory authorities, Board of Directors, and its Audit Committee. This responsibility also includes –

- a. creation and maintenance of proper accounting and other records on the basis of guidelines issued by the Reserve Bank of India ("RBI");
- b. design, implementation and maintenance of adequate internal control relevant to the preparation and presentation of the records and applying an appropriate basis of preparation and making estimates that are reasonable in the circumstances.
- c. ensuring that the records provided to us for our examination are correct and complete.

3. Our Responsibility

Our responsibility is to express reasonable assurance in the form of an opinion based on our examination of the books of accounts and other records maintained by the Company for the year ended March 31, 2022 in respect of the matters specified in Paragraph 3 of the RBI Directions.

For this Report, we have planned and performed the following procedures:

- i. Verified the Certificate of Registration granted by the RBI;
- ii. Checked the computation for management's compliance with Principal Business Criteria as laid down vide the Bank's press release dated April 08, 1999 and directions issued by DNBR;

- iii. Verified that the Company is in compliance with the Net Owned Fund requirement as laid down in Master Direction – Non-Banking Financial Company – Systematically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016.
- iv. Obtained the unaudited DNBS-03 (erstwhile NBS-7) return as on March 31, 2022 prepared by the management and filed by the Company with RBI and verified whether the same has been prepared by the management based on the extant provisions of the Master Direction Non-Banking Financial Company Systematically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016.

We conducted our examination in accordance with the Guidance Note on Reports or Certificates for Special Purposes ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements issued by ICAI.

4. Opinion

Based on our examination of the audited financial statements as at and for the year ended March 31, 2022, books of accounts and records of the Company as produced for our examination and our procedures performed as mentioned above, information and explanations given to us and representations received from the management, we report that:

- i. The Company is engaged in the business of lending and investments and has obtained the Certificate of Registration (CoR) dated October 10, 2014 under Section 45-IA of the Reserve Bank of India Act, 1934, to carry on the business of a Non-Banking Financial Company (NBFC) as a Loan and Investment Company.
- ii. The company is entitled to continue to hold CoR in terms of its Principal Business Criteria (Financial asset/income pattern) as on March 31, 2022 as laid down vide the RBI's press release dated April 08, 1999 and directions issued by DNBR, RBI.
- iii. The Company has complied with the Net Owned Fund requirements as on March 31, 2022.
- iv. The Board of Directors has passed a resolution in the Board of Directors meeting dated April 30, 2021 for non-acceptance of Public Deposits.
- v. The Company has not accepted any Public Deposits during the year ended March 31, 2022.

- vi. With effect from 01 April 2018, as per the roadmap issued by the Ministry of Corporate Affairs for Non-Banking Finance Companies vide notification no. G.S.R 365(E) dated 30 March 2016, for financial reporting purposes, the Company has followed the Accounting Standards issued by the ICAI specified under Section 133 of the Companies Act, 2013, read with Rule 3 of the Companies (Indian Accounting Standard) Rules, 2015 (Ind AS). In our opinion and to the best of our information and according to the explanations given to us, the Company has complied with the income recognition, accounting standards, asset classification, provisioning requirements and disclosure in balance sheet as per Ind AS in the preparation of the financial statements for the year ended March 31, 2022.
- vii. The Capital Adequacy Ratio as disclosed in DNBS-03 (erstwhile NBS-7) (unaudited) return for the year ended March 31, 2022, submitted to the RBI has been correctly determined and such ratio is in compliance with the minimum capital to risk weighted asset ratio ("CRAR") prescribed.
- viii. The Company has furnished to the RBI within the stipulated period the annual statement of capital funds, risk assets/exposures and risk asset ratio, DNBS-03 (erstwhile NBS-7) (unaudited) as specified in the Non-Banking Financial Company Systemically Important Non Deposit taking and Deposit taking Company (Reserve Bank) Directions 2016.

5. Restriction on Use

This report is addressed to and provided to the Board of Directors solely in connection with the above-mentioned purpose and should not be used by any other person or for any other purpose. Accordingly, our report should not be quoted or referred to in any other document or made available to any other person or persons without our prior written consent. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any person to whom this report is shown or into whose hands it may come without our prior consent in writing.

Notes to the financial statements

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

1 Background

Citicorp Finance (India) Limited ('the Company') incorporated in India on 1 May 1997, is registered with the Reserve Bank of India ('the RBI') as a Non-Banking Financial Company ('NBFC') vide Certificate No. N.13.02079 dated 10 October 2014. It is a non-deposit taking systemically important Non-Banking Financial Company ('NBFC-ND-SI'). The Company is a loan and investment NBFC as defined under section 45IA of the Reserve Bank of India Act, 1934.

Associates Financial Services (Mauritius) LLC, a Company incorporated in Mauritius holds 52.94% in the Company and remaining 47.06% is held by Citibank Overseas Investment Corporation, a company incorporated in Delaware, U.S.A.

The Company is engaged in a range of financial service activities, which include:

- a. Loans against securities
- b. Corporate loans
- c. Personal loans
- d. Loans for purchase of commercial vehicles, construction equipment and agricultural assets, leasing, assignment and origination services of the aforesaid loans
- e. Investment in shares and securities

2 Basis of preparation

2.1 Accounting Standard Compliance

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') notified under Section 133 of the Companies Act, 2013 ("the Act") [Companies (Indian Accounting Standards) Rules, 2015] as amended from time to time. Any directions issued by the RBI or other regulators are implemented as and when they become applicable.

The financial statements have been prepared on the accrual and going concern basis. The Ind AS accounting assumptions and treatments are applied consistently to all the periods presented in these financial statements.

These financial statements are prepared under the historical cost convention except for the application of fair value measurements where required or allowed by the relevant Ind AS.

The standalone financial statements have been approved by the Board of Directors in its meeting held on 30 May 2022.

2.2 Presentation of financial statements

The Balance Sheet, the Statement of Changes in Equity and the Statement of Profit and Loss are presented in the format prescribed under Division III of Schedule III of the Act, as amended from time to time, for Non-Banking Financial Companies ('NBFCs') that are required to comply with Ind AS. The Statement of Cash Flows has been presented as per the requirements of Ind AS 7 Statement of Cash Flows.

2.3 Functional and presentation currency

The financial statements are presented in Indian Rupees ("INR"), which is also the Company's functional currency. All amounts have been rounded to the nearest lakh, unless otherwise indicated.

2.4 Significant accounting judgments, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets, liabilities, the accompanying disclosures including the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances existing when the financial statements

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

were prepared. The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates is recognised in the year in which the estimates are revised and in any future year affected.

Judgments

In the process of applying the Company's accounting policies, management has made the following judgments, estimates and assumptions, which have significant effect on the amounts recognised in the financial statements:

Fair value measurement of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using appropriate valuation techniques. The inputs for these valuations are taken from observable sources where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of various inputs including liquidity risk, credit risk, volatility etc. Changes in assumptions/judgments about these factors could affect the reported fair value of financial instruments. For further details about determination of fair value refer note 31.

· Impairment of financial assets using the expected credit loss method

The impairment provisions for financial assets are based on assumptions about risk of default, expected loss rates and loss given defaults. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's history, existing market conditions as well as forward looking estimates at the end of each reporting period. For further details about assumptions used in calculating expected credit losses and the sensitivity of assumptions refer note 32.

· Business model assessment

Classification and measurement of financial assets depends on the results of the Solely for payment of principal and interest (SPPI) test and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgment used by the Company in determining the business model including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed. The Company monitors financial assets that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held.

Income taxes

Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. For further details refer note 30.

Provisions and Contingencies

Provisions and contingencies are recognized when they become probable and when there will be a future outflow of funds resulting from past operations or events and the outflow of resources can be reliably estimated. The timing of recognition and quantification of the provision and liability requires the application of judgement to existing facts and circumstances, which are subject to change.

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Assumptions and Estimates

The key assumptions concerning the future and other key sources of estimating uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when financial statements are prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Gratuity and Long-term service awards (LTSA) benefits

The cost of the Gratuity and LTSA benefits and the present value of its obligations are determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the future salary increases, attrition rate, mortality rates and discount rate. Due to the complexities involved in the valuation and its long-term nature, the obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Future salary increases are based on expected future inflation rates for India. The attrition rate represents the Company's expected experience of employee turnover. The mortality rate is based on publicly available mortality tables for India. Those mortality tables tend to change only at interval in response to demographic changes. Discount rate is based upon the market yields available on Government bonds at the accounting date with a term that matches that of the liabilities.

Further details about gratuity and LTSA obligations are provided in note 41.

• Effective Interest Rate

The effective interest rate is the rate that discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liability to the gross carrying amount of a financial asset (i.e., its amortised cost before any impairment allowance) or to the amortised cost of a financial liability. This estimation, by nature, requires an element of judgement regarding the expected behaviour and life cycle of the instruments and other fee income/expense that are integral parts of the Instrument.

Provisioning for Asset retirement obligation (ARO)

For the commercial premises taken on lease, the Company has recognised the provision for the obligation (ARO) to restore the premises in the same condition at the end of the lease term. In determining the fair value of the provision, assumptions and estimates are made in relation to discount rates, the expected cost to restore the premise and the expected timing of those costs.

3 Summary of significant accounting policies

3.1 Foreign currency

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currency, remaining unsettled at the balance sheet date are restated at the closing exchange rates. Gain/loss arising on actual payments/realisations and year-end restatements are recognised in the statement of profit and loss.

3.2 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It is a measure as at a specific date and may be significantly different from the amount which will actually be paid or received on maturity or settlement date.

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability
- · In the absence of a principal market, in the most advantageous market for the asset or liability

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

The Company follows a fair value hierarchy that categorises into three levels, the inputs to valuation techniques used to measure fair value, which gives highest priority to quoted prices.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. Assets and liabilities are classified as Level 1 if their value is observable in an active market.

Level 2 inputs are inputs, other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. A Level 2 input must be observable for substantially the full term of the instrument. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, such as interest rates and yield curves observable at commonly quoted intervals, implied volatilities and credit spreads.

Level 3 inputs are unobservable inputs. Assets and liabilities are classified as Level 3 if their valuation incorporates significant inputs that are not based on observable market data.

Wherever possible, fair values have been calculated using unadjusted quoted market prices in active markets for identical instruments held by the Company. Where quoted market prices are not available, or are unreliable because of poor liquidity, fair values have been determined using valuation techniques which, to the extent possible, use market observable inputs, but in some cases may also use non-market observable inputs. Valuation techniques used include discounted cash flow analysis, price to earning ratio and, where appropriate, comparison to instruments with characteristics similar to those of the instruments held by the Company after making necessary adjustments (eg. broker polling method).

3.3 Revenue recognition

Revenue is recognised when the Company satisfies a performance obligation by transferring a promised good or service to a customer. When a performance obligation is satisfied, the Company recognizes as revenue the amount of the transaction price that is allocated to that performance obligation.

Interest income

For all financial instruments, interest income is recorded using the effective interest rate (EIR). Refer note 3.10. Interest income on income tax refund is recorded on cash basis.

Dividend income

Dividend is recognised as income when the right to receive the same is established.

Fees and commission income

Fees and commission income are recognised on accrual basis based on contractual terms with customers.

Incentives from dealers/manufacturers

Incentives from dealers/manufacturers is recognised as income over the period of the underlying transaction by applying the internal rate of return implicit in the agreement, on the diminishing balance of the financed amount, so as to provide a constant periodic rate of return on the net investment outstanding on the contracts. However, if a contract is foreclosed / written-off, such dealer / manufacturer incentive is recognized as income at the time of foreclosure / write off.

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Income on finance leases

Income on finance leases, are recognized by applying the rate of return implicit in the underlying contracts, on the diminishing balance of the financed amount over the period of the agreement so as to provide a constant periodic rate of return on the net investment outstanding on these contracts.

3.4 Income tax

Income tax comprises current and deferred tax. It is recognized in the statement of profit and loss except to the extent it relates to an item recognized directly in equity or other comprehensive income.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in India where the Company operates and generates taxable income.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred income tax asset and liabilities are recognised for all temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statement except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer reasonably certain that related tax benefit will be realized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax assets are recognised subject to management's judgment that their future realisation is reasonably certain, except where there is unabsorbed depreciation and carried forward losses under taxation laws.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum alternate tax (MAT)

The Company recognizes MAT credit available as an asset only to the extent that the Company, based on reasonable evidence, will be able to recoup / set off MAT credit against income tax liability during the specified period i.e. the period for which MAT credit set off is allowed. The Company reviews the MAT credit entitlement asset at each reporting date and writes down the asset to the extent the Company does not have reasonable evidence that it will be able to recoup / set off of MAT credit against the income tax liability during the specified period.

3.5 Property, plant and equipment

Property, plant and equipment are stated at historical cost inclusive of all incidental expenses incurred for acquisition of such assets, less depreciation and impairment. In respect of additions / deletions, depreciation is provided for the period for which the asset is available for use. Depreciation on property, plant and equipment is provided on a straight-line basis over the useful lives of assets.

Capital work-in-progress includes cost of property, plant and equipment under installation/ under development as at the balance sheet date and are carried at cost, comprising of direct cost, directly attributable cost and attributable interest.

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Gains or losses arising from disposal of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is disposed.

Lease hold improvements are depreciated over the lease period (including renewal, if any) or useful life whichever is shorter.

The estimated useful life of property, plant and equipment of the Company is listed below. Based on the nature of fixed assets used by the Company and past experience of its usage and internal evaluation, the Company considers that the useful life for respective assets to be appropriate.

| Class of property, plant and equipment | Estimated useful life |
|---|-----------------------|
| Office buildings | 50 years |
| Computer equipment | 3 years / 4 years |
| Furniture and fixtures – in leased premises | 6 years |
| Electrical installations and office equipment– in | 6 years / 10 years |
| leased premises | |
| Vehicles- Lease | 4 years |
| | |

The present value of the expected cost for asset retirement obligation (ARO) related to the asset after its use is included in the cost of the respective leased asset if the recognition criteria are met. The Company records a provision for decommissioning costs to restore lease premises (Asset retirement obligation) to its original condition. Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of the particular asset. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the decommissioning liability. The unwinding of the discount is expensed as incurred and recognised in the statement of profit and loss as a finance cost. The estimated future costs of decommissioning are reviewed annually and adjusted as appropriate changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset.

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and value-in-use) is determined on an individual asset basis unless the asset does not generate cash flow that are largely independent of this from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there is a change in the estimate used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

3.6 Leases

All leases are accounted for by recognising a right-of-use asset and a lease liability except for:

- Leases of low value assets; and
- Leases with a duration of 12 months or less.

Lease liabilities are measured at the present value of the contractual payments due to the lessor over the lease term, with the discount rate determined by reference to the rate inherent in the lease unless (as is typically the case) this is not readily determinable, in which case the Company's incremental borrowing rate on commencement of the lease is used.

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Right-of-use assets are initially measured at the amount of the lease liability, reduced for any lease incentives received, and increased for:

- lease payments made at or before commencement of the lease;
- initial direct costs incurred; and
- the amount of any provision recognised where the Company is contractually required to dismantle, remove or restore the leased asset.

Subsequent to initial measurement lease liabilities increase as a result of interest charged at a constant rate on the balance outstanding and are reduced for lease payments made. Right-of-use assets are amortised on a straight-line basis over the remaining term of the lease or over the remaining economic life of the asset if, rarely, this is judged to be shorter than the lease term.

The Company as lessor

Assets given out on financial leases are shown as finance lease receivables. The rentals received on such leases are apportioned between the financial charge using the implicit rate of return, which is recognized as income; and against principal outstanding, which is reduced from the finance lease receivables.

3.7 Provisions and contingencies

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Contingent liabilities are disclosed in the notes to the financial statements. Contingent assets are not recognised in the financial statements.

3.8 Employee benefits

The Company provides retirement and other benefits to its employees. Retirement benefits are in the nature of defined contribution scheme and defined benefit scheme. A defined contribution scheme is a retirement benefit scheme under which the Company contributes a defined sum into a separate entity and will have no legal or constructive obligation to contribute further amount. A defined benefit scheme is a retirement benefit scheme other than a defined contribution scheme.

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Gratuity

The Company pays gratuity to employees who retire or resign after a minimum period of five years of continuous service. The Company's contributions to gratuity fund (defined benefit scheme) in respect of its employees are managed by a trust, which invests the fund with Life Insurance Corporation of India ('LIC'), a Government of India undertaking.

Actuarial valuation of the gratuity liability for the above fund is determined by an independent actuary appointed by the Company. In accordance with the gratuity fund's rules, actuarial valuation of gratuity liability is calculated based on certain assumptions regarding rate of interest, salary growth, mortality and staff attrition as per the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Balance Sheet with a corresponding charge or credit to other comprehensive income in the period in which they occur. Remeasurements are not reclassified to statement of profit and loss in subsequent periods.

Past service costs are recognised in the statement of profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of Profit and Loss:

- Service costs comprising current service costs; and
- Net interest expense or income

Provident fund

Retirement benefit in the form of provident fund is a defined contribution scheme. Both the employee and the employer make monthly contributions to the plan at a predetermined rate of the employees' basic salary. These contributions are made to the fund administered and managed by the Government of India. The Company's contributions are charged to statement of profit and loss on accrual basis, during the period in which the employee renders the related services. The Company has no further obligations under these plans beyond its monthly contributions.

Superannuation fund

The Company contributes to superannuation fund (defined contribution scheme) in respect of the employee opting for superannuation scheme from certain organizational level and above in a trust duly approved by the Income Tax authorities. The trust has a master policy for management of the members' fund with LIC. These contributions are charged to the statement of profit and loss during the period in which the employee renders the related services.

Long term service awards (LTSA)

The entity provides for liability towards long term service awards for eligible employees, based on length of service, based on actuarial valuation performed by an independent actuary using the Projected Unit Cost Method as at the balance sheet date.

Short term employee benefits

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits and are measured at the amounts expected to be paid when the liabilities are settled. Benefits include salaries, wages, bonus and ex gratia. The undiscounted amount of short-term employee benefits to be paid in exchange for employee service is recognized as an expense as the related service is rendered by employee. The liabilities are presented as current employee benefit obligations in the Balance Sheet.

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Termination benefits

Termination benefits are expensed at the earlier of when the Company can no longer withdraw the offer of those benefits and when the Company recognises costs for restructuring. If benefits are not expected to be settled wholly within 12 months of the reporting date, they are discounted.

Compensated absences

No provision for compensated absences is made since the Company does not have a policy for encashment of leave nor does it allow carry forward of unavailed leave.

3.9 Share - based payments

The Company participates in ultimate holding company, Citigroup Inc. (Citi) share-based incentive plan under which Citi grants shares to the Company's employees. Pursuant to a separate Stock Plans Affiliate Participation Agreement (SPAPA) the Company makes a cash settlement to Citi for the fair value of the share-based incentive awards delivered to the Company's employees under these plans.

The Company uses equity-settled accounting for its share-based incentive plans, with separate accounting for its associated obligations to make payments to Citi. The Company recognises the fair value of the awards at grant date as a compensation expense over the vesting period, with the Company electing to account for the corresponding credit within other equity as a capital contribution from Citi. Associated obligations under the SPAPA and all amounts paid to Citi are accounted for by analogy to the requirements for cash-settled share-based transactions over the vesting period with the intercompany payable due to Citi remeasured at the reporting date and settlement date for subsequent changes in fair value and the corresponding entry recognised within other equity.

3.10 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions of the instrument. Regular way purchase and sale of financial assets are recognised on trade-date, the date on which the Company commits to purchase or sell the asset.

At initial recognition, the Company measures a financial asset or financial liability at its fair value plus or minus, transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability (other than financial asset or financial liability carried at fair value through profit or loss). Transaction costs of financial assets and financial liabilities carried at fair value through profit or loss are expensed in profit or loss.

3.10.1 Financial assets

Classification and subsequent measurement

Financial assets are classified into three categories:

- fair value through profit or loss (FVTPL);
- fair value through other comprehensive income (FVOCI); or
- · amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms including contractual cash flows.

For debt instruments, classification will depend on the business model in which the debt is held.

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

For equity instruments, classification will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The classification requirements of financial assets are described below:

Investment in debt instruments

Debt instruments are those instruments that meet the definition of a financial liability from the issuer's perspective, such as loans disbursed, investment in corporate bonds.

Business model: The business model reflects how the Company manages the assets in order to generate cash flows. That is, whether the Company's objective is solely to collect the contractual cash flows from the assets or is to collect both the contractual cash flows and cash flows from the sale of asset. If neither of these is applicable (e.g. financial assets are held for trading purposes), then the financial assets are classified as part of 'other' business model and measured at FVTPL. Factors considered by the Company in determining the business model for a group of assets include past experience on how the cash flows for these assets were collected, how risks are assessed and managed. Securities held for trading are held principally for the purpose of selling in the near term or are part of a portfolio of financial instruments that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking. These securities are classified in the 'other' business model and measured at FVTPL. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account.

SPPI: Where the business model is to hold assets to collect contractual cash flows or to collect contractual cash flows and sell, the Company assesses whether the financial instruments' cash flows represent solely payments of principal and interest (the 'SPPI test'). In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement.

Based on these factors, the Company classifies its investment in debt instruments into one of the following three measurement categories:

Amortised cost: Financial assets that are held for collection of contractual cash flows where business model of those cash flows represent solely payment of principal and interest ('SPPI'), and that are not designated at FVTPL, are measured at amortised cost. The carrying amount of these assets is adjusted by any expected credit loss allowance recognised and measured as described in note 31. Interest income from these financial asset are recognised using the effective interest rate method.

Fair value through other comprehensive income (FVOCI): Financial assets are measured at FVOCI when the instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets and contractual terms of the financial asset meet the SPPI test.

FVOCI financial assets are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in other comprehensive income (OCI). Interest income and foreign exchange gains and losses are recognised in profit or loss in the same manner as for financial assets measured at amortised cost. On derecognition, cumulative gains or losses previously recognised in OCI are reclassified to statement of profit and loss account.

Fair value through profit or loss (FVTPL): Financial assets that do not meet the criteria for amortised cost or FVOCI are measured at FVTPL. Financial assets designated at FVTPL are carried in the Balance sheet at fair value with net changes in fair value presented as other (gains)/losses in Statement of profit or loss. Interest income on financial assets classified as FVTPL is not recognised in net gain/(loss) on fair value changes and is recognised separately as interest income.

Interest income

Interest income is calculated by applying the effective interest rate to the gross carrying amount of financial assets, except for credit-impaired financial assets (i.e. 'stage 3').

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

The effective interest rate is the rate that discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liability to the gross carrying amount of a financial asset (i.e., its amortised cost before any impairment allowance) or to the amortised cost of a financial liability. The calculation does not consider expected credit losses and includes transaction costs, premiums or discounts and fees paid or received that are integral to the effective interest rate, such as origination fees.

When a financial asset becomes credit-impaired and is regarded as 'Stage 3', the Company calculates interest income by applying the effective interest rate to the net carrying value of such financial asset. If the financial assets are no longer credit impaired, the Company calculates the interest income on a gross basis. Interest income on credit impaired advances are recognised on outstanding amount net of expected credit loss allowance.

Equity instruments

Equity instruments is a contract that evidences residual interest in the assets of the company after deducting all its liabilities. The Company subsequently measures all equity investments under the scope of Ind AS 109 at fair value. Changes in the fair value of these instruments are recognized in profit or loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTPL are not reported separately from other changes in fair value. Investment in equity instruments of associates are measured at amortised cost.

Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses (ECL) associated with its debt instruments carried at amortised cost and FVOCI, loans and advances and on exposure arising from loan commitments. The Company recognizes a loss allowance for such losses at each reporting date.

The measurement of ECL reflects:

- An unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money;
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The method and significant judgments used while computing the expected credit losses and information about the exposure at default, probability of default and loss given default have been set out in note 32.

Write-off policy

The Company writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery.

For retail clients, the Company writes off financial assets prudentially, basis the duration of delinquency.

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Company's balance sheet) when:

The rights to receive cash flows from the asset have expired, or The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognizes an associated liability, the transferred asset and the associated liability are measured on the basis that reflects the rights and obligations that the Company has returned.

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Loan commitments

Loan commitments provided by the Company are measured as per financial instrument classification less loss allowance. For loan commitments, the loss allowance is recognised as a provision. However, for contracts that include both a loan and an undrawn commitment and the Company cannot separately identify the expected credit losses on the undrawn commitment component from those on the loan component, the expected credit losses on the undrawn commitment are recognised together with the loss allowance for the loan.

3.10.2 Financial liabilities

Classification and subsequent measurement

Financial liabilities are classified at amortised cost, except for:

Financial liabilities at fair value through profit or loss: This classification is applied to derivatives and financial liabilities held for trading and other financial liabilities designated as such at initial recognition.

Gains or losses on financial liabilities designated at fair value through profit or loss are presented partially in other comprehensive income (the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability, which is determined as the amount that is not attributable to changes in market conditions that give rise to market risk) and partially profit or loss (the remaining amount of change in the fair value of the liability).

Derecognition of financial liabilities

Financial liabilities are derecognized when they are extinguished i.e. when the obligation specified in the contract is discharged, cancelled or expired.

Reclassification of financial instrument

The Company reclassifies debt instruments when and only when its business model for managing those assets changes. The reclassification takes place from the start of the first reporting period following the change. Such changes are expected to be very infrequent.

After initial recognition, equity instruments and financial liabilities are not reclassified.

Offsetting of financial instruments

Financial assets and financial liabilities are offset, and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

3.10.3 Derivatives

Derivatives are initially recognized at fair value on the date on which the derivative contract is entered into and are subsequently measured at fair value.

Embedded derivatives

The embedded derivatives are treated as separate derivatives when:

- their economic characteristics and risks are not closely related to those of the host contract.
- a separate instrument with the same terms would meet the definition of a derivative; and

An embedded derivative is a component of a hybrid (combined) instrument that also includes a non-derivative host contract, with the effect that some of the cash flows of the combined instrument vary in a way similar to a standalone derivative. An embedded derivative cause some or all of the cash flows that otherwise would be required by the contract to be modified according to an index of prices or rates or other variable. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss.

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

These embedded derivatives are separately accounted for at fair value, with changes in fair value recognized in the statement of profit or loss unless the Company chooses to designate the hybrid contracts at fair value through profit or loss.

Certain market linked non-convertible debentures issued by the Company have returns linked to non-interest related benchmarks. The Company has opted to designate the entire hybrid contract at FVTPL as the embedded derivative significantly modifies the cash flows that otherwise would be required by the contract. Further, the embedded derivative is not closely related to the financial liability host contract.

3.11 Loan assignment

The Company undertakes sale of loans by way of assignment.

In most cases, post assignment, the Company continues to service the loans transferred to the assignee in the capacity of a servicing agent on negotiated commercial terms. The Company does not provide credit enhancement on such assignment.

The Company recognizes entire gain/loss upon derecognition of a loan in accordance with applicable Ind AS

Classification of financial instruments sold by way of loan assignment is applicable to the business segment as a whole, including loans retained by the Company to comply with minimum retention requirements in accordance with Master Direction RBI/DOR/2021-22/85 DOR.STR.REC.53/21.04.177/2021-22 Reserve Bank of India (Securitisation of Standard Assets) Directions, 2021 dated 24 September 2021.

3.12 Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

3.13 Earnings per share ('EPS')

The basic EPS is computed by dividing the net profit attributable to the equity shareholders by the weighted average number of equity shares outstanding during the reporting year. Number of equity shares used in computing diluted EPS comprises the weighted average number of shares considered for deriving basic earnings per share and also weighted average number of equity shares, which would have been issued on the conversion of all dilutive potential shares. Diluted EPS is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the year except where the results would be anti-dilutive.

3.14 Statement of cash flows

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

3.15 Segment reporting

segments are reported based on the client segment of the Company which is aligned to internal reporting matrix provided to the Chief Operating Decision Maker (CODM).

Company has identified two operating segments

- Institutional Client Group
- Global Consumer Banking

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

The accounting policies consistently used in the preparation of the financial statements are also applied to item of revenue and expenditure in individual segments. Revenue and expenses have been identified to a segment based on relationship to operating activities of the segment and include certain internal allocations including internal transfer pricing

Revenue and expenses which relate to enterprises as a whole and are not allocable to a segment on a reasonable basis have been disclosed as 'Unallocated'. Segment assets and segment liabilities represent assets and liabilities in respective segments.

Tax related assets and other assets and liabilities that cannot be allocated to a segment on reasonable basis have been disclosed as 'Unallocated'.

3.16 Assets classified as held for sale

Non-current assets or disposal group are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset or disposal group is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset or disposal group and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification. As at each balance sheet date, the management reviews the appropriateness of such classification.

Non-current assets or disposal group classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

The group treats sale/ distribution of the asset or disposal group to be highly probable when:

- the appropriate level of management is committed to a plan to sell the asset (or disposal group),
- an active programme to locate a buyer and complete the plan has been initiated (if applicable),
- the asset (or disposal group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value.
- the sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn

Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised.

A disposal Group qualifies as discontinued operation if it is a component of an entity that either has been disposed of, or is classified as held for sale, and:

- represents a separate major line of business or geographical area of operations,
- is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss after tax from discontinued operations in the statement of profit and loss. All other notes to the financial statements mainly include amounts for continuing operations, unless otherwise mentioned.

Notes to the financial statements (continued)

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Note 31 - Fair value measurements

a) Fair value measurement

As per Ind AS 113, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It is a measure as at a specific date and may be significantly different from the amount which will actually be paid or received on maturity or settlement date. The standard also provides a fair value hierarchy that categorises into three levels the inputs to valuation techniques used to measure fair value, which gives highest priority to quoted prices.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. Assets and liabilities are classified as Level 1 if their value is observable in an active market.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. A Level 2 input must be observable for substantially the full term of the instrument. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, such as interest rates and yield curves observable at commonly quoted intervals, implied volatilities; and credit spreads.

Level 3 inputs are unobservable inputs. Assets and liabilities are classified as Level 3 if their valuation incorporates significant inputs that are not based on observable market data.

Wherever possible, fair values have been calculated using unadjusted quoted market prices in active markets for identical instruments held by the Company. Where quoted market prices are not available, or are unreliable because of poor liquidity, fair values have been determined using valuation techniques which, to the extent possible, use market observable inputs, but in some cases may also use non-market observable inputs also. Valuation techniques used include discounted cash flow analysis, price to earning ratio and, where appropriate, comparison to instruments with characteristics similar to those of the instruments held by the Company after making necessary adjustments (eg. broker polling method).

b) Valuation techniques

- The fair value of exchange traded and OTC derivatives are determined using valuation models when quoted market prices or third-party consensus pricing information are not available. The valuation models, such as discounted cash flow method or Black-Scholes option model, incorporate observable or unobservable inputs for interest rates, equity indices, credit spreads, corresponding market volatility levels, and other market-based pricing factors. The Company uses widely recognised valuation models to determine the fair value of financial instruments. The inputs of the models are usually observable and available in the market for exchange traded derivatives and simple OTC derivatives. Use of observable inputs for valuation of derivative instrument are classified as Level 2 in the hierarchy (as stated above) where available and the unobservable inputs used are not significant to the fair value of the derivatives.
- Loans measured at fair value through other comprehensive income are valued using income approach wherein, the future cash inflows are discounted using appropriate broker quotes. These broker quotes are obtained from the market participants as exit price for similar loan portfolio. Use of broker quotes is classified as Level 2 in the fair value heirarchy, being quoted price for similar financial assets.
- Investment in equity shares consist of unlisted equity shares. For unlisted equity shares, fair value is determined through valuation techniques, such as multiples of earnings. A liquidity discount is applied when few or no transactions exist to support the valuations. In case of unlisted equity shares, significant inputs being unobservable, they are classified as Level 3 in the fair value hierarchy.
- -Investment in debt securities are valued basis rates provided by Fixed Income Money Market and Derivatives Association of India (FIMMDA). Use of FIMMDA rate is classified as Level 2 in the fair value hierarchy.
- Market linked non convertible debentures are fair valued based on fair valuation of the underlying embedded derivative and the host principal.

Embedded derivatives linked to equity index are measured basis valuation models for determination of fair value of derivatives stated above. The fair value of host contract (principal component) is derived using broker polling method by obtaining quotes of similar instruments. Inputs used for fair valuation of market linked convertible debentures are classified as Level 2 in the fair value heirarchy as they are directly or indirectly observable in the market. No significant unobservable inputs are used in valuation of market linked non convertible debentures.

c) Valuation Control framework

The Company uses models for valuation of financial instruments which are subject to due diligence before becoming operational and goes through periodic assessment. These models are assessed by the Market Risk Management team housed under Risk Management. The key elements of the framework for the valuation of financial instruments include model validation, model implementation review and independent verification. Additionally, for fair values determined using valuation models, the control framework also includes development or validation by independent support functions of the model logic, inputs, model outputs and adjustments.

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Note 32 - Financial Risk Management

The Company's activities expose it to credit risk, liquidity risk and market risk. This note explains the sources of risk which the Company is exposed to, how the Company manages the risk and the related accounting impact in the financial statements.

| Risk type | Nature of risk | Risk arising from | Risk management process |
|----------------|---|---|--|
| Credit risk | Credit risk is the risk of loss resulting from the decline in credit quality (or downgrade risk) or failure of a borrower, counterparty, third party or issuer to honor its financial or contractual obligations. | Credit risk arises principally from lending and investment. | Credit risk is: - measured as the amount that could be lost if a customer or counterparty fails to make repayments. The Company considers the amount of principal outstanding and interest due as credit exposure from its borrowers; - monitored using various internal risk management measures and within limits approved by individuals within a framework of delegated authorities; and - managed through a robust risk control framework and governance process, which outlines clear and consistent policies, principles and guidance for risk managers for credit sanctioning, lending and risk monitoring. |
| Liquidity risk | Liquidity risk is the risk that the Company does not have sufficiently stable and diverse sources of funding. Also the risk of insufficient financial resources to meet our commitments as they fall due. | from mismatches in the timing of cash flows. | Liquidity risk is: - assessed through the internal liquidity adequacy assessment process ('RLAP'); - monitored against the Group's liquidity and funding risk framework; and - maintaining a contingency funding plan detailing actions and strategies available in stressed conditions. |
| Market risk | Market risk is the risk of loss arising from changes in the value of the Company's assets and liabilities resulting from changes in market variables (for eg.interest rates). | Structured notes, Investments held for trading, loans carried at fair value through other comprehensive income. | Market risk is: - measured using sensitivities and stress testing using factor sensitivities for market movements and scenarios; - managed by Market Risk Management (MRM) - reports and monitors the trading risk exposures against approved limits and triggers on a daily basis. |

The Company's board of directors have overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors have established a Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed and updated regularly to reflect changes in market conditions and the Company's activities.

The audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

All amounts are in INR lakhs except per share data and unless stated otherwise

Note 32 - Financial Risk Management (Continued)

A. Credit risk

Credit risk is the risk of loss resulting from the decline in credit quality or the failure of a borrower, counterparty, third party or issuer to honor its financial or contractual obligations. Credit risk mainly arises from the Company's lending business activity which can be classified as below:

- a) Loans and advances to corporate customers and HNIs i.e. High networth individuals
- b) Loans and advances to other retail customers (other retail loans)

Credit risk also arises from concentration of exposure within a specific client, industry, region or other category.

i) Credit quality analysis and credit exposure

The Company assesses and manages credit risk based on assessment of obligor risk using obligor risk rating (ORR) for loans and advances to corporate customers and HNIs.

Asset backed Finance business is made up of smaller exposures with homogeneous credit risk characteristics, where the underwriting process is rules-based, rather than judgmental, and where collection activities and write-offs are primarily driven by the number of days past due. The Company assesses and manages credit risk based on assessment of obligor risk using the defined Risk Acceptance Criteria (RAC) for extending loans to procure Commercial Vehicles and Construction Equipment. The RACs broadly include Assessment of KYC and Management, Review of Credit Bureau Checks etc.

Personal Loan business is made up of individual loans, where the underwriting process is rules-based, rather than judgmental. The Company assesses and manages credit risk based on the defined Risk Acceptance Criteria (RAC) for extending loans to Individuals for personal use only. The RACs broadly includes review of Credit Bureau, Income and customers' ability to Pay. PIL underwriting is completely based on validated income. Each PIL application passes through the robust custom Application Scorecard. This scorecard is the best Risk differentiator for underwriting."

For Corporate customers and HNIs the Credit risk team assesses and maintains the internal risk rating system. Obligor risk rating assessment is done for each obligor availing credit facilities. The Company assigns ORRs to each obligor based on assumptions, inputs and factors specific to the obligor. The credit quality classification can be mapped to the obligor risk rating grade equivalent for loans and advances to corporate customers and HNIs. The ORR grades are mapped to the external ratings grade issued by Credit Rating Agencies.

The ORR 23 grade scale (1-10 including modifiers, e.g. 1,2+,2,2- and so on) summarises a more granular underlying 23 grade scale of obligor probability of default ('PD'). All corporate obligors are rated using the 23 grade scale, as per the Company's assessment. Each ORR band is associated with an external rating grade by reference to long-run default rates for that grade, represented by the average of issuer-weighted historical default rates. This mapping between internal and external ratings is indicative and may vary over time. The said mapping between internal and external ratings have been summarised below.

| Internal ratings category | Credit risk | Externa | l ratings | Probability of default |
|---------------------------|-------------|--------------|--------------|------------------------|
| internal ratings category | category | S&P's | Moody's | (PD) |
| Grades: 1 to 4- | Low | AAA to BBB- | Aaa to Baa3 | 0% to 0.34% |
| Grades: 5+ to 5- | Medium | BB+ to BB- | Ba1 to Ba3 | 0.89% to 3.39% |
| Grades: 6+ to 6- | High | B+ to B- | B1 to B3 | 5.57% to 12.16% |
| Grades: 7+ to 7- | Watchlist | CCC+ to CCC- | Caa1 to Caa3 | 16.64% to 22.13% |
| Grades: 8 to 10 | Default | SD/D | - | _ |

The following tables set out information about the credit quality of loans and advances to Corporates and HNIs.

| Internal rating grades (ORR) | Credit risk category | Stage 1 | Stage 2 | Stage 3 | Total |
|--|----------------------|---------|---------|---------|---------|

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

The following tables set out information about the credit quality of loans and advances to other retail customers.

| Particulars | Loans carried at amortised cost | Loans carried at FVOCI | Commited lines of credit |
|--|--|------------------------------|--------------------------|
| As at 31 Mar 2022 | | | |
| Stage 1 | 46,467 | 292,668 | 6,984 |
| Stage 2 | 425 | 3,024 | - |
| Stage 3 | 359 | 1,001 | - |
| Total exposure | 47,251 | 296,693 | 6,984 |
| Less: expected credit losses on total exposure | (2,448) | (3,390) | (47) |
| Net carrying amount | 44,804 | 293,303 | 6,937 |
| As at 31 March 2021 | | | |
| Stage 1 | 117,385 | 199,615 | 4,730 |
| Stage 2 | 1,838 | 1,916 | - |
| Stage 3 | 16 | 363 | |
| Total exposure | 119,239 | 201,894 | 4,730 |
| Less: expected credit losses on total exposure | (6,138) | (2,982) | (49) |
| Net carrying amount | 113,101 | 198,912 | 4,681 |

The following table sets out information about the credit quality of investments in debt instruments measured at fair value through P&L. The amounts in the table represent gross carrying amounts which is also the maximum credit exposure of the financial assets.

| | As at | As at | |
|--------------------|----------|----------|--|
| Particulars | 31 March | 31 March | |
| | 2022 | 2021 | |
| Rated AA and above | 131,409 | 98,233 | |
| Rated A- to A+ | - | - | |
| Total | 131,409 | 98,233 | |

Cash and cash equivalents and other bank balances

The Company holds cash and cash equivalents of INR 49,449 and other bank balances of INR 5,197 as at 31 March 2022 (31 March 2021: INR 142,731 and INR 14,486). The Company maintains its Cash and cash equivalents and Bank deposits with banks having low credit risk as per the internal obligor risk rating and also reviews the credit-worthiness of the banks on an on-going basis. The Company has provided for expected credit losses on its exposure on margin money held for derivatives and fixed deposits.

ii) Collateral held

The Company generally accepts bank deposits, financial assets, marketable securities, inventories and real estate as collaterals in the case of secured loans. As of 31 March 2022, 76.31% of the aggregate principal amount of the Company's loans were secured by collateral (31 March 2021: 71.97%). 23.69% of the Company's loans were unsecured as at 31 March 2022 (31 March 2021: 28.03%).

At March 31, 2022, the net carrying amount of credit-impaired loans and advances amounted to INR 713 (31 March 2021: INR 379) and the value of identifiable collateral held against those loans and advances amounted to INR 829 (31 March 2021: INR 283).

The following table sets out the principal types of collateral held against different types of financial assets.

| Instrument true | | of exposure ubject to equirements | |
|--|---------------------------|---|---|
| Instrument type | As at 31 March 2022 | As at 31 March 2021 | - Principal type of conateral netu |
| Loans and advances to corporate customers and HNIs | | | |
| Corporate loans | 60% | 18% | Book debts, inventories and financial assets |
| Margin and securities backed finance | NA | 100% | Financial assets |
| Strategic Equity Solutions | 100% | NA | Financial assets |
| Loans and advances to other retail customers | | | |
| Personal loans | 0% | 0% | Unsecured |
| Asset backed finance | 100% | 100% | Commercial vehicles and construction equipments |

The following tables stratify credit exposures for margin lending loans by ranges of loan-to-value (LTV) ratio. LTV is calculated as the ratio of the gross amount of the loan to the value of the collateral. The valuation of the collateral excludes any adjustments for obtaining and selling the collateral. The maximum loan to value is basis the local regulatory norms for margin lending loans. The collateral value for marketable securities is derived basis market prices of such securities.

Margin lending loans

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

As at 31 March 2022, the fair value of financial assets accepted as collateral that the Company is permitted to sell or repledge in the absence of default for loans and advances to corporate customers/ HNIs is INR 140,138 for 31st March 22 respectively (31 March 2021: INR 823,767).

iii) Inputs, assumptions, techniques used for estimating impairment

The Company measures the amount of ECL on a financial instrument in a way that reflects an unbiased and probability-weighted amount. The Company considers its historical loss experience and adjusts the same for current observable data. The key inputs into the measurement of ECL are the probability of default, loss given default and exposure at default. These parameters are derived from the Company's internally developed statistical models and other historical data. In addition, the Company uses reasonable and supportable information on future economic conditions including macroeconomic factors such as gross domestic product, interest rate and unemployment rate. Since incorporating these forward looking information increases the judgment as to how the changes in these macroeconomic factor will affect ECL, the methodology and assumptions are reviewed regularly. The Company has applied a three-stage approach to measure expected credit losses (ECL) on debt instruments accounted for at amortised cost and FVOCI. Assets migrate through following three stages based on the changes in credit quality since initial recognition:

Stage 1: 12- months ECL: For exposures where there is no significant increase in credit risk since initial recognition and that are not credit-impaired upon origination, the portion of the lifetime ECL associated with the probability of default events occurring within the next 12- months is recognized.

Stage 2: Lifetime ECL, not credit-impaired: For credit exposures where there has been a significant increase in credit risk since initial recognition but are not credit-impaired, a lifetime ECL is recognized.

Stage 3: Lifetime ECL, credit-impaired: Financial assets are assessed as credit impaired upon occurrence of one or more events that have a detrimental impact on the estimated future cash flows of that asset. For financial assets that have become credit-impaired, a lifetime ECL is recognized and interest revenue is calculated by applying the effective interest rate to the net carrying amount of loans.

The key inputs into the measurement of ECL are the term structure of the following variables:

- Probability of defaults (PDs) Obligor level PD derived from PD and rating migration model. Model will use point in time PD values which will vary based on Macro economic variable forecasts.
- Loss given default (LGD) LGD for different product and geographic segments are captured in the LGD estimates. The model is calibrated to loss data over time for different macroeconomic scenarios and collateral types.
- Exposure at default (EAD) i.e. the total expected exposure in the event of a default. The Company calculates expected credit losses on interest earned but not collected at portfolio level.

Loans and advances to corporate customers and HNIs

The company have an internal risk rating system that accurately and reliably differentiates between degrees of credit risk for classifiable managed exposures. To differentiate among degrees of credit risk and make meaningful and consistent distinctions among degrees of credit risk, the Company reviews its credit exposure along two dimensions – Default Risk and loss severity in the event of default.

- In case of Classifiable managed obligors, company assigns
- Rating grades that appropriately reflect likelihood of default and
- Loss severity rating grade (or Loss Given Default estimates) that approximately reflect the loss severity expected in the event of default during economic downturn conditions.

The Obligor Risk Rating (ORR) represents the probability that an obligor will default within a one year time horizon. Risk ratings for obligors are assigned on a scale of 1 to 10, with sub- grades, where "1" is the best quality risk and "7-" is the worst for obligors that are not in default. ORRs of "9+", "9" and "10" are assigned to obligors meeting the definition of default under Basel when either or both of the following have occurred

- When the obligor is past due more than 90 days on any material credit obligation.
- When the company considers that the obligor is unlikely to pay its credit obligations in full, without recourse by Citi to actions such as realizing security (if held), collecting against a guarantee or other form of support, or filing a claim against the insurer.

The Facility Risk Rating (FRR) represents an expected loss rate, or "Loss Norm", for each facility, and is the product of two components:

The one-year Probability of Default (PD) of the Obligor, and The Loss Given Default (LGD) of a facility.

FRRs are assigned on a scale of 1 to 10, with sub-grades, where '1' is the best quality risk and '7-' is the worst for performing facilities. FRRs of 8, 9, and 10 are assigned to non- performing facilities.

At each reporting date, the Company assesses whether there has been a significant increase in credit risk of its financial assets since initial recognition by comparing the risk of default occurring over the expected life of the asset. In determining whether credit risk has increased significantly since initial recognition, the Company uses information that is relevant and available without undue cost or effort. This includes the Company's internal credit rating grading system, external risk ratings and forward-looking information to assess deterioration in credit quality of a financial asset.

The Company considers probability of default upon initial recognition of asset and whether there has been any significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forward-looking information. Following indicators are incorporated:

- Internal credit rating
- changes in external credit rating (as far as available)
- actual or expected significant adverse changes in business, financial or economic condition that are expected to cause a significant change to borrower's ability to meet its obligations.
- significant increase in credit risk on other financial instruments of same borrower
- significant changes in value of the collateral supporting the obligation or in the quality of third party guarantees or credit support.
- significant changes in expected performance and behavior of the borrower including changes in payment status of borrowers and changes in operating results.

In addition to the DPD indicator for loans and advances to corporate customers and HNIs portfolio which is used as backstop measure for staging of asset, it is presumed that the credit risk has significantly increased since initial recognition if the probability of default has increased by 20 bps and the movement in standard deviation of the PD is equal to or more than 1.

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Loans and advances to other retail customers

The Company assesses and manages credit risk for retail customers at portfolio level. The customers are pooled into portfolios based on homogenous product characteristics. Credit risk for retail product portfolio is assessed based on quantitative indicator of obligor behaviour. This quantitative criteria is used to assess the Staging of the exposures and the probability of default for estimation of ECL.

Quantitative based staging criteria are as follows:

- Stage 3: 90 and above DPD accounts; loans with partial charge-offs and and qualitative factors (such as current and expected borrower's liquidity position, need for refinance, significant change in collateral value) and other factors as considered appropriate by the management and credit committee.
- Stage 2: Accounts that are not Stage 3 and are 30-89 DPD; Hardship modifications (<6 months on book); Behavior score drops below marginal booking segment (if available)
- Stage 1: All accounts that are not Stage 2 or 3

In addition to quantitative factors as mentioned above, loans / exposures are also assessed for qualitative factors for staging. These include:

- a) material adverse changes in business, financial or economic conditions that are expected to cause a significant change in the borrower's ability to meet its debt obligations to the Company.
- b) significant adverse change in the regulatory, economic, or technological environment of the borrower that results in a significant change in the borrower's ability to meet its debt obligations to the Company
- c) significant changes in the value of the collateral
- d) significant changes in the loan documentation / arrangement

LGD is the magnitude of the likely loss if there is a default

For the corporate portfolio, the Company estimates LGD parameters based on the history of recovery rates of claims against defaulted counterparties. The LGD models consider the structure, collateral, seniority of the claim, counterparty industry and recovery costs of any collateral that is integral to the financial asset.

For retail portfolio, the Company segments its portfolios into smaller homogenous portfolios, based on the key characteristics that are relevant to the estimation of future cash flows. The applied data is based on historically collected loss data and involves a wider set of transaction characteristics as well as borrower characteristics.

A scenario analysis on macroeconomic indicators is done. Following are the key variables considered in the ECL model factoring Baseline, Optimistic and pessimistic scenarios and the expected probabilities:

- Unemployement rate
- Interest rate swaps for the tenure ranging from 1 year to 10 years
- Interest rate on soverign bonds for the tenure ranging from 15 months to 5 years
- GDP rate

Sensitivity analysis of expected credit loss

For loans and advances given to corporate customers and HNIs, the Company estimates ECL based on internal models and the sensitivity of ECL to the input parameters assessed through the internal models has been considered to be immaterial.

In the case of retail loans portfolio, the Company uses days past due based customer behavior as a lagging indicator for staging. The ECL computation for retail loans is based on flow rates of obligors across the DPD buckets. The internal estimates based on the flow rate are a conservative estimate of the expected credit losses. Accordingly, the Company does not expect the estimated ECL to get adversely impacted due to changes in portfolio behaviour.

Write-offs still under enforcement

In the case of assets that are assessed collectively for impairment, the Company writes-off such secured and unsecured assets at 180 days and 120 days past due respectively unless there is empirical evidence to the contrary. The contractual amount outstanding on financial assets written-off and still subject to enforcement activity was INR 17,166 as at 31 March 2022 (31 March 2021: INR 18,333).

Loans with renegotiated terms

A loan that is renegotiated is derecognised if the existing agreement is cancelled and a new agreement is made on substantially different terms or if the terms of the existing agreement are modified such that the renegotiated loan is a substantially different instrument.

Where the renegotiation of such loans are not derecognised, impairment continues to be assessed for significant increases in credit risk compared to the initial origination credit risk rating.

v) Concentration of credit risk

Portfolio concentration is measured with the aim of optimizing the benefits associated with diversification and reducing the potential adverse impact of concentration of exposures to a particular borrower, sector or industry. Credit concentration shall be tracked and performed at:

- 1. Counterparty level (Single borrower limit / Group borrower limit)
- 2. Portfolio level -Sector

Counterparty exposure limits

The objective for setting exposure limits and the need for credit portfolio measurement emanates from the necessity to optimize the benefits associated with diversification and to reduce the potential adverse impact of concentration of exposures to a particular borrower, sector or industry.

In compliance with RBI directions, the Company has set Single Borrower & Group borrower limits (SBL/GBL) as it is strictly adhered.

- a) Lend to (i) any single borrower exceeding 15% of its owned fund; and (ii) any single group of borrowers exceeding 25% of its owned fund;
- b) Invest in (i) the shares of another company exceeding 15% of its owned fund; and (ii) the shares of a single group of companies exceeding 25% of its owned fund;
- c) Lend and invest (loans/investments taken together) exceeding (i) 25% of its owned fund to a single party; and (ii) 40% of its owned fund to a single group of parties.

These ceilings on credit/investments shall be applicable to the own group of the Company as well as to the other group of borrowers/investee companies.

The Company monitors the above regulatory limits, and ensures that the exposure to any borrower/group is not in breach. This is tracked at the time of sanction itself to avoid sanction of any facility which is in excess of counterparty exposure norms. During the year ended 31 March 2022 and 31 March 2021, the Company's credit exposure to single borrowers and group borrowers were within the limits.

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Portfolio exposure limits

Industry wise concentration limits are monitored for loans and advances given to corporate customers.

CFIL has fixed internal exposure limits to specific sectors, so that exposures are evenly spread across various sectors

The following exposure limits for the sectors have been fixed:

- 1. Limit of 30% of Total exposure to Other Financial Institutions
- 2. Limit of 20% of Total exposure for the following industries-
- a. Engineering
- b. Information Technology
- c. Automobiles
- d. Petroleum & Petroleum Products
- e. Banking Industry
- 3. A limit of 15% of Total Exposure for all remaining Industries excluding Real Estate.
- 4. Real Estate Limit has been set as lower of 20% of Total Exposure or INR 1000 Crs.

Any breach in Industry limits to be approved by at least 2 board members. An analysis of concentrations of credit risk is shown below:

| Sector | As at 31 March 2022 | As at 31 March 2021 |
|--|------------------------|------------------------|
| Chemicals | 7.66% | 0.87% |
| Pharma & Healthcare | 7.38% | 0.00% |
| Bank | 0.00% | 0.00% |
| Metals | 0.33% | 0.50% |
| Autos | 0.27% | 2.64% |
| Agriculture & Food Preparation Other Financial Institutions | 0.00% 4.49% | 0.00% 9.86% |
| Other sectors(*) | 22.10% | 3.22% |
| Concentration of loans to corporate customers | 42.22% | 17.10% |
| Margin lending | 7.38% | 40.22% |
| Other loans and advances to retail customers | 50.40% | 42.68% |
| Total loans and advances outstanding | 100.00% | 100.00% |

^(*) Other sectors majorly include Company's exposure to Infrastructure Industry, Transport Equipment industry, Software industry, Non-operating financial holding companies (Investment Companies) etc.

vi) Offsetting financial assets and financial liabilities

The company does not have any financial instruments with offsetting rights.

vii) Restructured Loans:

Disclosure in complaince with Reserve Bank of India Circular DOR.No.BP.BC/3/21.04.048/2020-21 dated 6 August 2020 pertaining to resolution framework for COVID-19 related stress read with RBI/2021-22/31 DOR.STR.REC.11/21.04.048/2021-22 dated May 5, 2021 pursuant to Resolution Framework 2.0 - Resolution of COVID-19 related stress Micro, Small and Medium Enterprises (MSMEs).

Format-B for Resolution Framework

| Type of borrower | Exposure to accounts classified as Standard consequent to implementation of resolution plan – Position | Of (A), aggregate debt that slipped into NPA during the period | | Of (A) amount paid by the borrowers during the period | Exposure to accounts classified as Standard consequent to implementation of resolution plan – Position as at the end of the year. |
|--------------------|--|---|---|---|---|
| Personal Loans | - | - | - | - | - |
| Corporate persons* | - | - | - | - | - |
| Of which MSMEs | 984 | - | - | 29 | 954 |
| Others | - | - | - | - | - |
| Total | 984 | - | - | 29 | 954 |

Note 32 - Financial Risk Management (Continued)

B. Liquidity risk

The liquidity objectives of the Company are to maintain a liquidity profile to enable it to efficiently meet expected and unexpected current and future cash flow and collateral needs and operate under a variety of market conditions, including market disruptions for both short term and long term periods.

The Company uses a variety of tools and metrics for measurement, monitoring and reporting of liquidity risk including liquidity gap statements, liquidity ratios on stock and flow approach as well as multiple stress testing scenarios over varying timeframes. The liquidity framework of the Company encompasses both the local regulatory liquidity reporting as well as additional internally adopted metrics to provide a comprehensive and robust coverage suited to our balance sheet requirements.

The Asset - Liability Committee (ALCO) comprising key stakeholders of the Company's senior management has direct oversight on balance sheet and liquidity while ongoing liquidity management is managed by the Treasury desk, with daily monitoring by Risk, Treasurer and Corporate Treasury functions.

The following factors add to comfort on management of balance sheet liquidity:

- Well capitalized balance sheet, with capital adequacy of 40.36% as of 31 March 2022 (45.50% as of 31st March 2021).
- Well diversified liability profile with market issuances carrying the highest credit rating for short term as well as long term issuances.
- Diversified loan portfolio with multiple lines of business across Corporate and Retail segments.

Financing arrangements

The Company has access to the following undrawn committed borrowing facilities at the end of the reporting period:

| Particulars | As at | As at |
|----------------------------|---------------|---------------|
| raiticulais | 31 March 2022 | 31 March 2021 |
| Committed undrawn facility | 183,200 | 180,000 |

The below table analyses the Company's non-derivative financial liabilities and financial assets into relevant maturity groupings based on the remaining period as at the reporting date to the contractual maturity date. The amounts disclosed in the below table are the contractual un-discounted cash flows and exclude the impact of netting agreements.

| | | | Contractual cash flows | | | | | |
|---|---------------------|--|------------------------|------------------|-------------------|---------------------|----------------|--|

All amounts are in INR lakhs except per share data and unless stated otherwise

Note 32 - Financial Risk Management (Continued)

C. Market risk

Market risk is the risk arising due to changes in market prices – (e.g. interest rates, Forex exchange and equity prices) and will affect the Company's income or the value of its holdings of financial instruments. The objective of the Company's market risk management is to manage and control market risk exposures within acceptable parameters to ensure the Company's solvency while optimizing the return on risk.

All market risk taking activities are centralized with CFIL treasury. The Company's ALM and Investment policies are approved by Board of directors which defines the process and procedures of limit approvals, changes, delegation, reporting and escalation in case of limit excesses and trigger breaches. Independent Risk monitors the risk exposures against approved limits and triggers at regular interval. Independent Risk is responsible for the ongoing monitoring of the excess/breach to ensure that the corrective action plan is carried out. In case if a breach is reported and if it is determined to be real, it is reported to the ALCO and the Senior Risk Management.

i) Price risk

Price risk exposes the Company to fluctuations in fair values or future cash flows of a financial instrument because of changes in market prices whether those changes are caused by factors specific to the individual financial instrument or its issuer or by factors affecting all similar financial instruments traded in the market. The below table represents measures of the financial condition impacted by market risk for the financial instruments measured at fair value as on the reporting date:

| | Measurement | | Impact on the profit and loss account | | |
|---|-------------|--------------------------------------|---------------------------------------|-----------------------------|--|
| Nature of product | basis | Sensitivity | Year ended 31 March 2022 | Year ended 31 March 2021 | |
| Market linked debentures (net off hedged derivatives) | FVTPL | ±100 basis points in interest rates | 167/(167) | 239/(239) | |
| Investments in commercial papers and corporate bonds | FVTPL | ±100 basis points in interest rates | (2,786)/2,786 | (2,406)/2,406 | |
| Investments in government securities and treasury bills | FVOCI | ±100 basis points in interest rates | (227)/227 | - | |
| Investments in unquoted equity shares | FVTPL | ± 1.5% in earnings growth rate | 92/(92) | 110/(110) | |
| , | | ± 10% in liquidity adjustment factor | (851)/851 | (857)/857 | |

ii) Interest rate risk

Interest rate risk represents the Company's exposure to adverse movements in interest rates with regard to its debt instruments. Interest rate exposure (IRE) measures the potential pre-tax earnings impact, over a specified reporting period, for the accrual positions, from a defined change in the yield curve. Residual market risk is also monitored using a series of measures, including factor sensitivities (PV01). Factor sensitivity (PV01) is expressed as the change in the value of a position for a 1bp change in interest rate. Market Risk Management monitors factors for all relevant market risk.

The Company's exposure to interest rate risk arises majorly through structured debt securities where payment of interests are linked to the movement in the market index i.e. Nifty. The interest rate risk on such structured debt instruments are hedged through equity options and implied forwards.

| | Measurement | | Impact on the profit and loss account | | |
|--------------------------|-------------|----------------------------|---------------------------------------|-----------------------------|--|
| Nature of product | basis | Sensitivity | Year ended 31 March 2022 | Year ended 31 March 2021 | |

Note 33 - Capital Risk Management

Capital risk is defined as the risk that the entity has a sub-optimal quantity or quality of capital available to meet the regulatory requirements or cover risk exposures. A capital risk exposure arises when the Company has insufficient capital resources to support its strategic objectives and business plans as well as meet external stakeholder requirements. This could materialize due to a depletion of the entity's capital resources as a result of the crystallization of any of the risks to which it is exposed.

As per RBI regulations, the company is required to maintain a minimum capital to risk-weighted assets ratio (CRAR) of 15%. Additionally, the capital base also drives prudential exposure limits for single and group borrowers and is a major factor to support a strong credit rating and capital metrics.

The company has a comprehensive balance sheet planning process, with capital planning as an integral pillar. To support the company's growth of its various lines of business and meeting strategic objectives and plans, sufficient capital buffer is maintained on an ongoing basis. Avenues for meeting incremental capital requirements include retention of profits over time, additional infusion from shareholders as well as contracting qualifying Tier 2 debt, as applicable from time to time.

In an extreme scenario precipitating the risk of CRAR potentially dropping below the mandated minimum level, the company can additionally also consider the following contingency measures, as required:

- Curtail loan growth to be able to avoid further buildup in RWA and facilitate reduction through scheduled loan maturities
- Consider selective portfolio sales to de-risk the asset portfolio and improve capital adequacy

The Asset Liability Committee (ALCO) monitors the capital position on an ongoing basis and oversees all capital related actions including infusions, retention or dividend remittance.

Regulatory Capital

The following additional information is disclosed in terms of the RBI circular (Ref No. DNBR .PD. 008 / 03.10.119 / 2016-17 dated September 01, 2016 as updated from time to time):

| Capital to risk assets ratio (CRAR): | As at 31 March 2022 | As at 31 March 2021 |
|--------------------------------------|------------------------|---------------------|
| Tier I capital | 345,486 | 393,597 |
| Tier II capital | 4,152 | 5,959 |
| Total capital | 349,638 | 399,556 |
| Risk weighted assets | 866,204 | 878,139 |
| CRAR (%) | 40.36% | 45.50% |
| CRAR - Tier I capital (%) | 39.89% | 44.82% |
| CRAR - Tier II capital (%) | 0.48% | 0.68% |

Note 34 - Segment information

The segment disclosure is based on the client segment of the company which is aligned to internal reporting matrix. Secondary segmentation based on geography has not been presented as the Company operates only in India and the Company perceives that there is no significant difference in its risks and returns in operating from different geographies in India. Accordingly, the company has identified two segments: Institutional Client Group (ICG) and Global Consumer Banking (GCB) as reportable segments.

ICG - This segment provides secured and unsecured loans to corporates, MSME and high networth individual clients. Loan Products offered by this segment are unsecured loans and secured loans. Segment income mainly consists of includes markets business which undertakes activities such as investments in corporate debt and hedging positions it contributes to revenues of the segment which includes investment income, gains/loss on debentures/bonds, derivative transactions and gain/loss on sale of investments. GCB - This segment provides loans to retail customers. Loan products offered by this segment are loans for purchase of commercial vehicles, construction equipment and agricultural assets and personal loans. Segment income mainly comprises of interest on loans and collection fees and income from assignment.

Segment wise income and expenses include certain internal allocations including internal transfer pricing attached to the funds provided or deployed.

Segment assets represents the net assets put up by that segment. Segment liabilities represent liabilities undertaken by respective segments

Items which are not directly attributable to any particular segment and which cannot be reasonably allocated to segments are consolidated under "Unallocated" column. Further Capital and other equity are shown as unallocated since the same cannot be directly identified with any particular segment.

Note 36 - Assets held for sale

Citigroup Inc, ('Citi'), the ultimate shareholder of the Company, on April 15, 2021, announced strategic actions in Global Consumer Banking ('GCB') as part of an ongoing strategic review to direct investments and resources to the businesses where it has the greatest scale and growth potential. As a result, Citi intends to pursue exits from its consumer franchises in 13 markets across EMEA and Asia region, which includes India. Citigroup's Institutional Clients Group will continue to serve clients in these markets. On 30 March 2022, the Company had entered into an agreement with Axis Bank Ltd to transfer GCB Business via a sale transaction. Accordingly, the disposal group of assets and liabilities are accounted for as held for sale as per Ind AS 105 "Non-current Assets Held for Sale and Discontinued Operations".

|--|---------------|---------------|
| Principal amount remaining unpaid to any supplier as at the year end | 24 | 27 |
| Interest due thereon | - | - |
| Amount of interest paid by the Company in terms of section 16 of the MSMED, along with the amount of the payment made to the supplier beyond the appointed day during the accounting year | 95 | 133 |
| Amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED | 2 | 3 |
| Amount of interest accrued and remaining unpaid at the end of the accounting year | 2 | 3 |

Notes to the financial statements (continued)

for the year to date ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Note 41 - Employee benefit obligations

a) Gratuity

The Company pays gratuity to employees who retire or resign after serving for the stipulated period mentioned under 'The Payment of Gratuity Act, 1972'. The Company's contributions to gratuity fund (defined benefit scheme) in respect of its employees are managed by a trust, which invests the fund with Life Insurance Corporation of India ('LIC'), a Government of India Undertaking. The plan assets under the fund are invested in schemes of Insurance - conventional products.

i. The amounts recognised in the balance sheet and the movements in the net defined benefit obligation over the year are as follows:

|---|------------------------------|----------------------------|------------|-----------------------------|---------------------------|------------|
| | Present value of obligation* | Fair value of plan assets* | Net amount | Present value of obligation | Fair value of plan assets | Net amount |
| At the beginning of the year | (905) | 622 | (283) | (742) | 494 | (248) |
| Current service cost | (83) | - | (83) | (73) | - | (73) |
| Past service cost | - | - | - | - | - | - |
| Interest (expense) / income | (55) | 41 | (14) | (45) | 33 | (12) |
| Total amount recognised in profit or loss | (138) | 41 | (97) | (118) | 33 | (85) |
| Remeasurements | - | - | - | - | - | - |
| Return on plan assets greater/(lesser) than discount rate | - | 4 | 4 | - | 20 | 20 |
| Gain / (loss) from change in demographic assumptions | (139) | - | (139) | - | - | - |
| Gain / (loss) from change in financial assumptions | 28 | - | 28 | (5) | - | (5) |
| Experience gains/(losses) | (21) | - | (21) | (70) | - | (70) |
| Total amount recognised in other comprehensive income | (133) | 4 | (129) | (75) | 20 | (55) |
| Employer contributions | - | 99 | 99 | - | 105 | 105 |
| Benefit payments | 13 | (13) | - | 30 | (30) | - |
| At the end of the year | (1,163) | 752 | (411) | (905) | 622 | (283) |

ii. The net liability disclosed above related to funded plans is as follows:

| Particulars | As at 31 March 2022 | As at 31 March 2021 |
|-------------------------------------|------------------------|------------------------|
| Present value of funded obligations | (1,163) | (905) |
| Fair value of plan assets | 752 | 622 |
| Net liability | (411) | (283) |

^{*}Bifurcation of present value of obligation and fair value of plan assets between continuing and discontinued operations for the year ended 31 March 2022 is as stated below:

| Particulars | Continuing Operations | Discontinued Operations | Totall |
|-----------------------------|--------------------------|----------------------------|--------|
| Present value of obligation | 72 | 1,091 | 1,163 |
| Fair value of plan assets | 47 | 705 | 752 |

iii. The significant actuarial assumptions were as follows:

| As at | As at |
|-----------------|--|
| 31 March 2022 | 31 March 2021 |
| | |
| 6.90% | 6.10% |
| 12% for first 3 | |
| years, 10% | 40.000/ |
| thereafter | 10.00% |
| | |
| Indian Assured | Indian Assured |
| Lives Mortality | Lives Mortality |
| (2006-08)Ult. | (2006-08)Ult. |
| 15% for convice | 15.00% |
| | |
| | |
| otherwise | |
| | 6.90% 12% for first 3 years, 10% thereafter Indian Assured Lives Mortality (2006-08)Ult. 15% for service less than 6 years, 7% |

Notes to the financial statements (continued)

for the year to date ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

iv. Sensitivity of actuarial assumptions

| Particulars | Change in | lm | pact on defined | benefit obligati | on |
|------------------------|------------|--|-----------------|------------------|------------|
| Faiticulais | assumption | n Year ended 31 March 2022 Year ended 31 March | | | March 2021 |
| | | Increase | Decrease | Increase | Decrease |
| Discount Rate | 1% | (97) | 111 | (51) | 56 |
| Salary Escalation rate | 1% | 107 | (95) | 54 | (49) |
| Withdrawal rate | 5% | (83) | 137 | (46) | 72 |

Plan is subject to multiple external experience items which may move the Defined Benefit Obligation in similar or opposite directions, while the Plan's sensitivity to such changes can vary over time.

The methods and types of assumptions used in preparing the sensitivity analysis were consistent with prior period.

v. Expected payment for future years:

The defined benefit obligations shall mature after year end as follows:

| Doutionland | As at | As at |
|-------------------------|---------------|---------------|
| Particulars | 31 March 2022 | 31 March 2021 |
| Within 1 year | 69 | 117 |
| 1-2 year | 91 | 123 |
| 2-3 year | 106 | 133 |
| 3-4 year | 92 | 138 |
| 4-5 year | 100 | 125 |
| 5-10 year | 745 | 624 |
| Total expected payments | 1,204 | 1,260 |

The Company expects to contribute INR 178 to the fund in the next financial year. The weighted average duration of the defined benefit obligation as at 31 March 2022 is 9 years (31 March 2021: 6 years)

b) Provident and Superannuation fund

The Company contributes to employee provident fund for all employees and superannuation fund for eligible employees which are defined contribution plans. These contributions are charged to the statement of profit and loss during the period in which the employee renders the related services. The expense recognised during the year is INR 269 (31 March 2021: INR 237).

c) Long term service awards

The Company provides for long term service liability for eligible employees, based on length of service, based on actuarial valuation performed by an independent actuary using the Projected Unit Cost Method as at the balance sheet date.

| Particulars | As at 31 March 2022 | As at 31 March 2021 | |
|--|------------------------|------------------------|--|
| Present value of defined obligation at period end* | 28 | 19 | |

*includes present value of defined obligation for the year ended 31 March 2022 from discontinued operations amounting to INR 27 lakhs.

| Rate of Discounting | 6.90% | 6.10% |
|---------------------|--|--|
| Mortality Rate | Indian Assured Lives Mortality (2006-08)Ult. | Indian Assured Lives Mortality (2006-08)Ult. |
| Withdrawal Rate | 15% for service less than 6 years, 7% otherwise | 15.00% |

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Note 42 - Other disclosures

vi) LCR Disclosure for 2021-2022

VI) LCR DISCIOSURE for 2021-2022

Reserve Bank of India (RBI) introduced the Liquidity Coverage Ratio (LCR) as a part of 'Liquidity Risk Management Framework for Non-Banking Financial Companies and Core Investment Companies' dated November 04, 2019. It requires all non-deposit taking NBFCs with asset size of INR 10,000 crore and above to maintain a liquidity buffer in terms of LCR which will promote resilience of NBFCs to potential liquidity disruptions by ensuring that they have sufficient High Quality Liquid Assets (HQLA) to survive any acute liquidity stress scenario lasting for 30 days.

The LCR requirement is binding on NBFCs from December 1, 2020, with HQLA to be held for a minimum 50% LCR, progressively increasing to 100% by December 1, 2024, as per the timeline below:

| From | 1-Dec-2020 | 1-Dec-2021 | 1-Dec-2022 | 1-Dec-2023 | 1-Dec-2024 |
|-------------|------------|------------|------------|------------|------------|
| Minimum LCR | 50% | 60% | 70% | 85% | 100% |

During the quarter ending March 31, 2022, CFIL maintained average monthly LCR of 153% for the quarter against the requirement of 60%. HQLA for the period mainly comprised current account balances with Scheduled Commercial Banks and investment in Government Securities.

CFIL's funding sources include Non-Convertible Debentures (NCD), Market Linked Debentures (MLD), Inter Corporate Deposits (ICD), Commercial Papers (CP), and Lines of Credit from Banks. As of 31st March 2022, CFIL's funding was primarily in the form of Debentures (64.72% of Total Liabilities) and ICDs (25.34% of Total Liabilities). The largest exposure to a single counterparty was 18.36% of Total Liabilities.

In LCR report for 31st March 2022, Unsecured Wholesale funding (mainly, repayment obligations for ICDs) formed bulk of the weighed cash outflows at 47.13%. CFIL's Derivative exposures comprise of equity hedges for MLDs. Collateral for these derivative positions is kept in the form of cash and fixed deposits. In LCR report for 31st March 2022, the weighted cash outflow for derivative exposures and collateral requirements was 13.46%. Sundry creditors and expenses payable formed 20.80% of weighted cash outflows. Weighted cash inflows in the report primarily comprised of Lines of credit (62.89%), Corporate Loans (17.12%), and Other inflows mainly in the form of Bank FDs with maturity less than 30days (13.08%).

Notes to the financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Note 51 - Off balance sheet items, contingent liabilities and capital commitments

| Particulars | As at | As at |
|--|---------------|---------------|
| raiticulais | 31 March 2022 | 31 March 2021 |
| Tax assessments | 6,402 | 4,551 |
| Customer litigations | 333 | 343 |
| Estimated amount of contracts remaining to be exec | - | 3 |
| Undrawn committed credit lines | 6,984 | 4,730 |

A description of the nature of contingent liabilities is set out below:

The Company has been assessed under Income tax Act, 1961, as a result of which the total demand, primarily on account of certain disallowances in the course of assessment for various years, outstanding against the Company is INR 1,173 (31 March 2021: INR 1,173).

There were outstanding demands against the Company under Karnataka Value Added Tax Act, 2003, primarily on account of disallowance of input tax credit amounting to 3,546 Lakhs. These matters were heard before the Karnataka Appellate Tribunal and were remanded back to the Assessing Authority. There were in all 6 years i.e. FY 2005-06 to FY 2020-11. For FYs 2005-06, 06-07, 07-08 and 2010-11, the Assessing Officer has passed a clean order. For FY 2008-09 and FY 2009-10, the Assessing Officer passed the order along with a demand. Against the same, writ was filed with the Karnataka High Court. The Karnataka High Court quashed the order and instructed the Assessing officer to undertake fresh assessment. After calling for all the documents, the Assessing Officer again passed a negative order raising a demand of INR 3,546 lakhs. Company has currently filed an appeal against the second order. The appeal is yet to be adjudicated. Company has under this issue made a pre deposit of INR 270 lakhs in the previous years.

There are outstanding demands against the Company under Maharashtra Value Added Tax Act, 2002, primarily on account of levy of VAT on part purchase consideration received on accountant of "transfer of KPO Division" on slump sale basis amounting to INR. 316 lakhs out of this we had made a pre deposit of INR. 50 lakhs in the previous years.

The VAT assessment by Mumbai office for FY 2016-17 got concluded in the previous year where a demand of Rs 44 lakhs was raised on account of disallowance of input tax credit. Out of the total demand INR 2 lakhs is paid as prepayment during the previous year.

There are outstanding demands against the Company under Finance Act,1994, primarily on account of adjustment of service tax paid in previous years and other miscellaneous issues amounting to INR 1,322 lakhs out of this we had made a pre deposit of INR 250 lakhs in the previous year.

In the above cases, the Company has partly paid the aforesaid demand under protest and is in the process of appeal against the same with the appropriate tax authorities. The Company has sought legal opinion in the aforesaid demands and is of the opinion that the disallowances / demands are not tenable and highly unlikely to be retained by appellate authorities. Accordingly, the Company is not carrying any provision in its books for the above.

Further, there are few customers who have initiated legal proceedings against the Company for a total compensation demand of INR 333 (31 March 2021: INR 343). The Company believes that such demands are not tenable and are highly unlikely to be confirmed by higher authorities.

Note 52 - Figures for the previous year have been re-grouped wherever necessary, to confirm to current year's classification.

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the Consolidated Financial Statements of Citicorp Finance (India) Limited (hereinafter referred to as "the Holding Company"), and its Associate company which comprise the Consolidated Balance Sheet as at March 31, 2022, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow statement for the year then ended, and notes to the Consolidated Financial Statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements")

In our opinion and to the best of our information and according to the explanations given to us, and based on consideration of reports of other auditors on separate financial statements of the Associate Company, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and gives a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of their consolidated state of affairs of the Holding Company and its Associate Company as at March 31, 2022, of their consolidated profit, consolidated changes in equity and their consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Annual Financial Statements section of our report. We are independent of the Holding Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained, along with consideration of audit reports of the Other Auditor referred to in sub-paragraph 1 of the "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our opinion on the consolidated annual financial statements.

Emphasis of Matter

We draw attention to Note 36 to the Consolidated Financial Statements, regarding sale of Consumer Business comprising of Asset Backed Finance and Personal Loan portfolios to Axis Bank Ltd. and related accounting adjustments for disposal group held for sale and other relevant disclosures under Ind AS 105.

Key Audit Matters

Key audit matter

Key audit matters are those matters that, in our professional judgement and based on the consideration of reports of other auditors on separate financial statements of the associate audited by them, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

A. Key Audit Matters for the Holding Company

How the matter was addressed in our audit

Impairment of loans and advances and expected credit losses

Refer to the accounting policies in Note 3.10.1 to the Consolidated Financial Statements: Impairment of Financial Instruments", Note 8 to the Consolidated Financial Statements: "Loans" and Note 32 to the Consolidated Financial Statements: Financial Risk Management"

Recognition and measurement of impairment | We have performed the following key audit relating to financial assets involves significant management judgement. With applicability of Ind AS 109 "Financial Instruments", credit loss assessment is based on ECL model which is forward looking Expected Loss Approach.

The Company's impairment allowance is computed based on estimates including the historical default and loss ratios. Management exercises judgement in determining the quantum of loss based on a range of factors. The most significant areas are:

- a. Portfolio Segmentation
- b. Asset staging criteria
- c. Calculation of probability of default/ Loss given default/ Credit conversion factor basis the portfolio segmentation

procedures:

- Performed end to end process walkthroughs to identify the key systems, applications and controls used in the impairment loss allowance processes. We tested the relevant manual, general IT and application controls over key systems used in the impairment loss allowance process.
- Assessed the design and implementation of controls in respect of the Company's impairment allowance process such as the timely recognition of impairment loss, the completeness and accuracy of reports used in the impairment allowance process and management review processes over the calculation of impairment allowance and the related disclosures on credit risk management.

| Such exposures have been identified as a key audit matter due to the complexities involved in these matters, timescales involved for resolution and the potential financial impact of these on the financial statements, if the decisions of appellate authorities or the Courts were to go against the Company. Further, | Obtained a summary of the ongoing tax litigation cases and critically assessed management's position through discussions with the operational management, on both the probability of success in significant cases, and the magnitude of any potential loss. | | | |
| significant management judgement is involved in assessing the exposure of each case and thus a risk that such cases may not be adequately provided for or disclosed. | Assessed the relevant disclosures made within the financial statements to address whether they appropriately reflect the facts and circumstances of the respective tax litigation cases and the requirements of the relevant Ind AS. | | | |
| | We have also obtained management representations wherever considered necessary. | | | |

Recoverability of unutilized Minimum Alternate Tax (MAT) credits included under deferred tax assets

Key audit matter

Deferred tax assets as at March 31, 2022 includes MAT credits of 8,167 lakhs which is available for utilization against future tax liabilities.

The analysis of the recoverability of such deferred tax assets has been identified as a key audit matter because the assessment process involves significant management judgement regarding the future profitability and likelihood of the realization of these assets, in particular whether there will be taxable profits in future periods that support the recognition of these assets. This requires assumptions regarding future profitability, which is inherently uncertain.

How the matter was addressed in our audit

We have performed the following key audit procedures:

budgeted financial parameters estimated by management, assessing the key assumptions used, including the analysis of the consistency of the actual results with those projected in the previous year. We further obtained evidence of the approval of the budgeted results included in the current year's projections, and the reasonableness of the future cash flow projections and the consistency of those projections with those used in other areas of estimation such as those used for assessing the recoverability.

Impact of Covid-19

The spread of Covid-19 has severely impacted many economies around the globe. Businesses were being forced to cease or limit operations for long or indefinite periods of time. Measures taken to contain the spread of the virus, including travel bans, quarantines, social plan distancing, and closures of nonessential for services have triggered significant disruptions businesses, resulting in an economic slowdown and economic uncertainties. Measures have also been taken by the Government and the Reserve Bank to ease the burden on businesses from hardship. Pursuant to the Reserve Bank of India circular dated August 6, 2020 ("RBI circular") for resolution framework for Covid-19 related stress allowing lending institutions implement a resolution plan in respect of its eligible corporate exposure without change in ownership, and personal loans, classifying such exposures as Standard, subject to specified conditions.

The Company has recorded a management overlay as part of its ECL, to reflect among other things an increased risk of deterioration in macro-economic factors caused by Novel Coronavirus (Covid-19) pandemic. accordance with the guidance in Ind AS 109, the management overlay estimate takes into reasonable account and supportable information. In view of the high degree of judgement involved management's estimation the effect of Covid-19 and the consequential effect on ECL, it was considered as a key audit matter.

How the audit addressed the Key Audit Matter

- Performed inquiries with the Company's management and its risk management function to assess the impact on covid-19 on business activity of the company and its loan and investment portfolio.
- Performed inquiries with the Company's management with respect to any resolution plan under Reserve bank of India's circular for Resolution framework for Covid-19 related stress.
- Tested assumptions used by the management in determining the overlay for macro-economic factors (including Covid-19 pandemic) in accordance with the governance framework approved by the Board of Directors pursuant to Reserve Bank of India guidelines issues on March 13, 2020.
- Tested the arithmetical accuracy of computation of ECL provision performed by the Company.
- Read and assessed the disclosures included in the Ind AS financial statements in respect of expected credit losses with the requirements of Ind AS 107 and 109.
- Read and assessed the specific disclosures made in the Ind AS financial statements with regards to managements evaluation of the uncertainties arising from Covid-19 and its impact on ECL. This significant matter is fundamental to the understanding of the user of the financial statements.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Holding Company's Director's report but does not include the Consolidated Financial Statements and our auditor's report thereon. The Director's report is expected to be made available to us after the date of this auditor's report. Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

Management's Responsibilities for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the matters stated in sub-section (5) of Section 134 of the Act with respect to the preparation and presentation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, total comprehensive income, changes in equity and consolidated cash flows of the holding company and its Associate in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements, the respective management and Board of Directors of the holding company and its associate are responsible for assessing the ability of the holding company and its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the holding company and its Associate or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the holding company and its Associate are responsible for overseeing the financial reporting process of the holding company and its Associate.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- i. Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ii. Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under the section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- iv. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the holding company and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the holding company and its associate to cease to continue as a going concern.
- v. Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

vi. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the holding company and its associate to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of the holding company included in the Consolidated Financial Statements of which we are the independent auditors. For the associate company included in the Consolidated Financial Statements, which have been audited by other auditor, such other auditor remains responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding company included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

1. The consolidated financial statements includes audited financial statement of One (1) Associate, whose share of net profit after tax of Rs.3,067.85 lakhs (before consolidation adjustments) and total comprehensive income of Rs.3,071.11 lakhs (before consolidation adjustments) for the year ended 31 March 2022, as considered in the consolidated financial statements, whose financial statements have been audited by its independent auditor. The independent auditors' report on the financial statements of this entity has been furnished to us by management of the Holding Company, and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this entity, is based solely on the report of such auditor and the procedures performed by us as stated in paragraph above.

2. Our opinion on the Consolidated Financial Statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we report the following in respect of clause 3(xxi) of the Order -

In our opinion and according to the information and explanations given to us, following companies incorporated in India and included in the consolidated financial statements, have unfavourable remarks, qualifications or adverse remarks given by the respective auditors in their reports under the Companies (Auditor's Report) Order, 2020 (CARO):

| Sr | Name of entities | CIN | Holding | Clause Number of |
|-----|------------------|-----------------------|-----------|--------------------|
| No. | | | Company/ | the CARO report |
| | | | Associate | which is qualified |
| | | | Company | or adverse |
| 1 | Citicorp Finance | U65910MH1997PLC253897 | Holding | 3(i)(c), 3(ix)(a) |
| | (India) Limited | | Company | |

- 2. As required by Section 143(3) of the Act, we report that:
 - a. we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements;
 - in our opinion proper books of account as required by law have been kept by the Holding Company so far as appears from our examination of those books and the reports of the other auditors;
 - c. the Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the Consolidated Financial Statements;
 - d. in our opinion, the aforesaid Consolidated Financial Statements comply with the Accounting Standards specified under Section 133 of the Act;
 - e. on the basis of written representations received from the directors of the Holding Company as on March 31, 2022 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its associate company, none of the directors is disqualified as on March 31, 2022, from being appointed as a director in terms of Section 164(2) of the Act;

- f. with respect to the adequacy of the internal financial controls over financial reporting of the holding company and its associate and the operating effectiveness of such controls, refer to our separate report in Annexure A;
- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - the Consolidated Financial Statements disclose the impact of pending litigations on the consolidated financial position of the holding company and its associate – Refer Note 48 to the Consolidated Financial Statements.
 - ii. the Holding company and its associate did not have any long term contracts including derivative contracts as at March 31,2022, for which there were any material foreseeable losses.
 - iii. there were no amounts required to be transferred to the Investor, Education and Protection Fund by the Holding Company and its associate company
 - iv. in respect of Rule 11(e) of the Companies (Audit and Auditors) Rules, 2014,
 - a. The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b. The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Holding Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - c. Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement

- v. the dividend declared and paid during the year by the Holding Company is in compliance with Section 123 of the Companies Act, 2013
- 3. As required by Section 197(16) of the Act, in our opinion and based on the consideration of reports of other statutory auditors of the associate, the managerial remuneration for the year ended March 31, 2022 has been paid/provided by the Holding company and its associate to their directors in accordance with the provisions of Section 197 of the Act.

Annexure A to Independent Auditor's Report

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Citicorp Finance (India) Limited of even date)

Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 (the 'Act')

We have audited the internal financial controls over financial reporting of **Citicorp Finance** (India) Limited (hereinafter referred to as "the Holding Company") and its associate as of March 31, 2022 in conjunction with our audit of the Consolidated Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to Consolidated Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under sub-section (10) of Section 143 of the Act, to the extent applicable to the audit of internal financial controls with reference to Consolidated Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness

of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system with reference to these Consolidated Financial Statements.

Meaning of Internal Financial Controls with Reference to Consolidated Financial Statements

A company's internal financial control with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Consolidated Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to these Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to these Consolidated Financial Statements to future periods are subject to the risk that the internal financial control with reference to these Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, and to the best of our information and according to the explanations given to us, the Holding Company and its Associate Company, which are companies incorporated in India, have, in all material respects, internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2022, based on the internal control with

reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matter

Our report under clause (i) of sub-section 3 of Section 143 of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial reporting, these Consolidated Financial Statements, insofar as it relates to the Associate company, is based on the corresponding reports of the auditors of such Associate company.

Our Opinion is not modified in respect of this matter.

Notes to the consolidated financial statements

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

1 Background

Citicorp Finance (India) Limited ('the Company') incorporated in India on 1 May 1997, is registered with the Reserve Bank of India ('the RBI') as a Non-Banking Financial Company ('NBFC') vide Certificate No. N.13.02079 dated 10 October 2014. It is a non-deposit taking systemically important Non-Banking Financial Company ('NBFC-ND-SI'). The Company is a loan and investment NBFC as defined under section 45IA of the Reserve Bank of India Act, 1934.

Associates Financial Services (Mauritius) LLC, a Company incorporated in Mauritius holds 52.94% in the Company and remaining 47.06% is held by Citibank Overseas Investment Corporation, a company incorporated in Delaware, U.S.A.

The Company is engaged in a range of financial service activities, which include:

- a. Loans against securities
- b. Corporate loans
- c. Personal loans
- d. Loans for purchase of commercial vehicles, construction equipment and agricultural assets, leasing, assignment and origination services of the aforesaid loans
- e. Investment in shares and securities

2 Basis of preparation

2.1 Accounting Standard Compliance

The consolidated financial statements of the Company and its associate have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') notified under Section 133 of the Companies Act, 2013 ("the Act") [Companies (Indian Accounting Standards) Rules, 2015] as amended from time to time. Any directions issued by the RBI or other regulators are implemented as and when they become applicable.

The consolidated financial statements have been prepared on the accrual and going concern basis. The Ind AS accounting assumptions and treatments are applied consistently to all the periods presented in these consolidated financial statements.

These consolidated financial statements are prepared under the historical cost convention except for the application of fair value measurements where required or allowed by the relevant Ind AS.

The consolidated financial statements have been approved by the Board of Directors in its meeting held on 30 May 2022.

2.2 Presentation of consolidated financial statements

The consolidated balance Sheet, the consolidated statement of Changes in Equity and the consolidated statement of Profit and Loss are presented in the format prescribed under Division III of Schedule III of the Act, as amended from time to time, for Non-Banking Financial Companies ('NBFCs') that are required to comply with Ind AS. The consolidated statement of Cash Flows has been presented as per the requirements of Ind AS 7 Statement of Cash Flows.

2.3 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its associate. An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Investment made by the Company in an associate company is accounted under the equity method, in accordance with Ind AS 28 Investment in Associates and Joint Ventures. Under the equity method, investments in an associate is carried in the consolidated statement of financial position at cost as adjusted for post-acquisition changes in the Company's share of the net assets of the associate, less any impairment in the value of the investments. Associates are accounted for from the date on which the Company starts exercising significant influence over the associate.

The associate company considered in the consolidated financial statements is as below:

| Investment in Associate | Country of | Proportion of ownership interest | |
|-------------------------|---------------|----------------------------------|---------------|
| | Incorporation | As at | As at |
| | | 31 March 2022 | 31 March 2021 |
| India Infradebt Limited | India | 10.02% | 10.02% |

As per the shareholder's agreement, there have been no changes in the rights of the Company from previous year, which includes one seat on the Board of Directors of the associate company. Consequently, the Company continues to have power to participate in the financial and operating policy decisions of the associate company.

2.4 Functional and presentation currency

The consolidated financial statements are presented in Indian Rupees ("INR"), which is also the Company's functional currency. All amounts have been rounded to the nearest lakh, unless otherwise indicated.

2.5 Significant accounting judgments, estimates and assumptions

The preparation of the Company's consolidated financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets, liabilities, the accompanying disclosures including the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances existing when the consolidated financial statements were prepared. The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates is recognised in the year in which the estimates are revised and in any future year affected.

Judgments

In the process of applying the Company's accounting policies, management has made the following judgments, estimates and assumptions, which have significant effect on the amounts recognised in the consolidated financial statements:

· Fair value measurement of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using appropriate valuation techniques.

The inputs for these valuations are taken from observable sources where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of various inputs including liquidity risk, credit risk, volatility etc. Changes in assumptions/judgments about these factors could affect the reported fair value of financial instruments. For further details about determination of fair value refer note 31.

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Impairment of financial assets using the expected credit loss method

The impairment provisions for financial assets are based on assumptions about risk of default, expected loss rates and loss given defaults. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's history, existing market conditions as well as forward looking estimates at the end of each reporting period. For further details about assumptions used in calculating expected credit losses and the sensitivity of assumptions refer note 32.

Business model assessment

Classification and measurement of financial assets depends on the results of the Solely for payment of principal and interest (SPPI) test and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgment used by the Company in determining the business model including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed. The Company monitors financial assets that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held.

Income taxes

Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. For further details refer note 30.

Provisions and Contingencies

Provisions and contingencies are recognized when they become probable and when there will be a future outflow of funds resulting from past operations or events and the outflow of resources can be reliably estimated. The timing of recognition and quantification of the provision and liability requires the application of judgement to existing facts and circumstances, which are subject to change.

Assumptions and Estimates

The key assumptions concerning the future and other key sources of estimating uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when consolidated financial statements are prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

• Gratuity and Long-term service awards (LTSA) benefits

The cost of the Gratuity and LTSA benefits and the present value of its obligations are determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the future salary increases, attrition rate, mortality rates and discount rate. Due to the complexities involved in the valuation and its long-term nature, the obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Future salary increases are based on expected future inflation rates for India. The attrition rate represents the Company's expected experience of employee turnover. The mortality rate is based on publicly available mortality tables for India. Those mortality tables tend to change only at interval in response to demographic changes.

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Discount rate is based upon the market yields available on Government bonds at the accounting date with a term that matches that of the liabilities.

Further details about gratuity and LTSA obligations are provided in note 41.

• Effective Interest Rate

The effective interest rate is the rate that discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liability to the gross carrying amount of a financial asset (i.e. its amortised cost before any impairment allowance) or to the amortised cost of a financial liability. This estimation, by nature, requires an element of judgement regarding the expected behaviour and life cycle of the instruments and other fee income/expense that are integral parts of the Instrument.

Provisioning for Asset retirement obligation (ARO)

For the commercial premises taken on lease, the Company has recognised the provision for the obligation (ARO) to restore the premises in the same condition at the end of the lease term. In determining the fair value of the provision, assumptions and estimates are made in relation to discount rates, the expected cost to restore the premise and the expected timing of those costs.

3 Summary of significant accounting policies

3.1 Foreign currency

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currency, remaining unsettled at the balance sheet date are restated at the closing exchange rates. Gain/loss arising on actual payments/realizations and year-end restatements are recognised in the statement of profit and loss.

3.2 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It is a measure as at a specific date and may be significantly different from the amount which will actually be paid or received on maturity or settlement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- · In the principal market for the asset or liability
- · In the absence of a principal market, in the most advantageous market for the asset or liability

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

The Company follows a fair value hierarchy that categorises into three levels, the inputs to valuation techniques used to measure fair value, which gives highest priority to quoted prices.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. Assets and liabilities are classified as Level 1 if their value is observable in an active market.

Level 2 inputs are inputs, other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. A Level 2 input must be observable for substantially the full term of the instrument. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, such as interest rates and yield curves observable at commonly quoted intervals, implied volatilities and credit spreads.

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Level 3 inputs are unobservable inputs. Assets and liabilities are classified as Level 3 if their valuation incorporates significant inputs that are not based on observable market data.

Wherever possible, fair values have been calculated using unadjusted quoted market prices in active markets for identical instruments held by the Company. Where quoted market prices are not available, or are unreliable because of poor liquidity, fair values have been determined using valuation techniques which, to the extent possible, use market observable inputs, but in some cases may also use non-market observable inputs. Valuation techniques used include discounted cash flow analysis, price to earning ratio and, where appropriate, comparison to instruments with characteristics similar to those of the instruments held by the Company after making necessary adjustments (eg. broker polling method).

3.3 Revenue recognition

Revenue is recognised when the Company satisfies a performance obligation by transferring a promised good or service to a customer. When a performance obligation is satisfied, the Company recognizes as revenue the amount of the transaction price that is allocated to that performance obligation.

Interest income

For all financial instruments, interest income is recorded using the effective interest rate (EIR). Refer note 3.10. Interest income on income tax refund is recorded on cash basis.

Dividend income

Dividend is recognised as income when the right to receive the same is established.

Fees and commission income

Fees and commission income are recognised on accrual basis based on contractual terms with customers.

Incentives from dealers/manufacturers

Incentives from dealers/manufacturers is recognised as income over the period of the underlying transaction by applying the internal rate of return implicit in the agreement, on the diminishing balance of the financed amount, so as to provide a constant periodic rate of return on the net investment outstanding on the contracts. However, if a contract is foreclosed / written-off, such dealer / manufacturer incentive is recognized as income at the time of foreclosure / write off.

Income on finance leases

Income on finance leases, are recognized by applying the rate of return implicit in the underlying contracts, on the diminishing balance of the financed amount over the period of the agreement so as to provide a constant periodic rate of return on the net investment outstanding on these contracts.

3.4 Income tax:

Income tax comprises current and deferred tax. It is recognised in the statement of profit and loss except to the extent it relates to an item recognised directly in equity or other comprehensive income.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in India where the Company operates and generates taxable income.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred income tax asset and liabilities are recognised for all temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the consolidated financial statement except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer reasonably certain that related tax benefit will be realized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax assets are recognised subject to management's judgment that their future realisation is reasonably certain, except where there is unabsorbed depreciation and carried forward losses under taxation laws.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum alternate tax (MAT)

The Company recognizes MAT credit available as an asset only to the extent that the Company, based on reasonable evidence, will be able to recoup / set off MAT credit against income tax liability during the specified period i.e. the period for which MAT credit set off is allowed.

The Company reviews the MAT credit entitlement asset at each reporting date and writes down the asset to the extent the Company does not have reasonable evidence that it will be able to recoup / set off of MAT credit against the income tax liability during the specified period.

3.5 Property, plant and equipment

Property, plant and equipment are stated at historical cost inclusive of all incidental expenses incurred for acquisition of such assets, less depreciation and impairment. In respect of additions / deletions, depreciation is provided for the period for which the asset is available for use. Depreciation on property, plant and equipment is provided on a straight-line basis over the useful lives of assets.

Capital work-in-progress includes cost of property, plant and equipment under installation/ under development as at the balance sheet date and are carried at cost, comprising of direct cost, directly attributable cost and attributable interest.

Gains or losses arising from disposal of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is disposed.

Lease hold improvements are depreciated over the lease period (including renewal, if any) or useful life whichever is shorter.

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

The estimated useful life of property, plant and equipment of the Company is listed below. Based on the nature of property, plant and equipment used by the Company and past experience of its usage and internal evaluation, the Company considers that the useful life for respective assets to be appropriate.

| Class of property, plant and equipment | Estimated useful life |
|---|-----------------------|
| Office buildings | 50 years |
| Computer equipment | 3 years/ 4 years |
| Furniture and fixtures – in leased premises | 6 years |
| Electrical installations and office equipment– in | 6 years |
| leased premises | |
| Vehicles- Lease | 4 years |

The present value of the expected cost for asset retirement obligation (ARO) related to the asset after its use is included in the cost of the respective leased asset if the recognition criteria are met. The Company records a provision for decommissioning costs to restore lease premises (Asset retirement obligation) to its original condition. Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of the particular asset. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the decommissioning liability. The unwinding of the discount is expensed as incurred and recognised in the statement of profit and loss as a finance cost.

The estimated future costs of decommissioning are reviewed annually and adjusted as appropriate changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset.

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and value-in-use) is determined on an individual asset basis unless the asset does not generate cash flow that are largely independent of this from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there is a change in the estimate used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

3.6 Leases

All leases are accounted for by recognising a right-of-use asset and a lease liability except for:

- Leases of low value assets: and
- Leases with a duration of 12 months or less.

Lease liabilities are measured at the present value of the contractual payments due to the lessor over the lease term, with the discount rate determined by reference to the rate inherent in the lease unless (as is typically the case) this is not readily determinable, in which case the Company's incremental borrowing rate on commencement of the lease is used.

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Right-of-use assets are initially measured at the amount of the lease liability, reduced for any lease incentives received, and increased for:

- lease payments made at or before commencement of the lease;
- initial direct costs incurred; and
- the amount of any provision recognised where the Company is contractually required to dismantle, remove or restore the leased asset.

Subsequent to initial measurement lease liabilities increase as a result of interest charged at a constant rate on the balance outstanding and are reduced for lease payments made. Right-of-use assets are amortised on a straight-line basis over the remaining term of the lease or over the remaining economic life of the asset if, rarely, this is judged to be shorter than the lease term.

The Company as lessor

Assets given out on financial leases are shown as finance lease receivables. The rentals received on such leases are apportioned between the financial charge using the implicit rate of return, which is recognized as income; and against principal outstanding, which is reduced from the finance lease receivables.

3.7 Provisions and contingencies

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Contingent liabilities are disclosed in the notes to the consolidated financial statements. Contingent assets are not recognised in the consolidated financial statements.

3.8 Employee benefits

The Company provides retirement and other benefits to its employees. Retirement benefits are in the nature of defined contribution scheme and defined benefit scheme. A defined contribution scheme is a retirement benefit scheme under which the Company contributes a defined sum into a separate entity and will have no legal or constructive obligation to contribute further amount. A defined benefit scheme is a retirement benefit scheme other than a defined contribution scheme.

Gratuity

The Company pays gratuity to employees who retire or resign after a minimum period of five years of continuous service. The Company's contributions to gratuity fund (defined benefit scheme) in respect of its employees are managed by a trust, which invests the fund with Life Insurance Corporation of India ('LIC'), a Government of India undertaking.

Actuarial valuation of the gratuity liability for the above fund is determined by an independent actuary appointed by the Company. In accordance with the gratuity fund's rules, actuarial valuation of gratuity liability is calculated based on certain assumptions regarding rate of interest, salary growth, mortality and staff attrition as per the projected unit credit method.

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Remeasurements, comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Balance Sheet with a corresponding charge or credit to other comprehensive income in the period in which they occur. Remeasurements are not reclassified to statement of profit and loss in subsequent periods.

Past service costs are recognised in the statement of profit or loss on the earlier of:

- •The date of the plan amendment or curtailment, and
- The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of Profit and Loss:

- · Service costs comprising current service costs; and
- Net interest expense or income

Provident fund

Retirement benefit in the form of provident fund is a defined contribution scheme. Both the employee and the employer make monthly contributions to the plan at a predetermined rate of the employees' basic salary. These contributions are made to the fund administered and managed by the Government of India. The Company's contributions are charged to statement of profit and loss on accrual basis, during the period in which the employee renders the related services. The Company has no further obligations under these plans beyond its monthly contributions.

Superannuation fund

The Company contributes to superannuation fund (defined contribution scheme) in respect of the employee opting for superannuation scheme from certain organizational level and above in a trust duly approved by the Income Tax authorities. The trust has a master policy for management of the members' fund with LIC. These contributions are charged to the statement of profit and loss during the period in which the employee renders the related services.

Long term service awards (LTSA)

The entity provides for liability towards long term service awards for eligible employees, based on length of service, based on actuarial valuation performed by an independent actuary using the Projected Unit Cost Method as at the balance sheet date.

Short term employee benefits

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits and are measured at the amounts expected to be paid when the liabilities are settled. Benefits include salaries, wages, bonus and ex gratia. The undiscounted amount of short-term employee benefits to be paid in exchange for employee service is recognized as an expense as the related service is rendered by employee. The liabilities are presented as current employee benefit obligations in the Balance Sheet.

Termination benefits

Termination benefits are expensed at the earlier of when the Company can no longer withdraw the offer of those benefits and when the Company recognises costs for restructuring. If benefits are not expected to be settled wholly within 12 months of the reporting date, they are discounted.

Compensated absences

No provision for compensated absences is made since the Company does not have a policy for encashment of leave nor does it allow carry forward of unavailed leave.

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

3.9 Share - based payments

The Company participates in ultimate holding company, Citigroup Inc. (Citi) share-based incentive plan under which Citi grants shares to the Company's employees. Pursuant to a separate Stock Plans Affiliate Participation Agreement (SPAPA) the Company makes a cash settlement to Citi for the fair value of the share-based incentive awards delivered to the Company's employees under these plans.

The Company uses equity-settled accounting for its share-based incentive plans, with separate accounting for its associated obligations to make payments to Citi. The Company recognises the fair value of the awards at grant date as a compensation expense over the vesting period, with the Company electing to account for the corresponding credit within other equity as a capital contribution from Citi. Associated obligations under the SPAPA and all amounts paid to Citi are accounted for by analogy to the requirements for cash-settled share-based transactions over the vesting period with the intercompany payable due to Citi remeasured at the reporting date and settlement date for subsequent changes in fair value and the corresponding entry recognised within other equity.

3.10 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions of the instrument. Regular way purchase and sale of financial assets are recognised on trade-date, the date on which the Company commits to purchase or sell the asset.

At initial recognition, the Company measures a financial asset or financial liability at its fair value plus or minus, transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability (other than financial asset or financial liability carried at fair value through profit or loss). Transaction costs of financial assets and financial liabilities carried at fair value through profit or loss are expensed in profit or loss.

3.10.1 Financial assets

Classification and subsequent measurement

Financial assets are classified into three categories:

- fair value through profit or loss (FVTPL);
- fair value through other comprehensive income (FVOCI); or
- amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms including contractual cash flows.

For debt instruments, classification will depend on the business model in which the debt is held.

For equity instruments, classification will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The classification requirements of financial assets are described below:

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Investment in Debt instruments

Debt instruments are those instruments that meet the definition of a financial liability from the issuer's perspective, such as loans disbursed, investment in corporate bonds.

Business model: The business model reflects how the Company manages the assets in order to generate cash flows. That is, whether the Company's objective is solely to collect the contractual cash flows from the assets or is to collect both the contractual cash flows and cash flows from the sale of asset. If neither of these is applicable (e.g. financial assets are held for trading purposes), then the financial assets are classified as part of 'other' business model and measured at FVTPL. Factors considered by the Company in determining the business model for a group of assets include past experience on how the cash flows for these assets were collected, how risks are assessed and managed. Securities held for trading are held principally for the purpose of selling in the near term or are part of a portfolio of financial instruments that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking. These securities are classified in the 'other' business model and measured at FVTPL. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account.

SPPI: Where the business model is to hold assets to collect contractual cash flows or to collect contractual cash flows and sell, the Company assesses whether the financial instruments' cash flows represent solely payments of principal and interest (the 'SPPI test'). In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement.

Based on these factors, the Company classifies its investments in debt instruments into one of the following three measurement categories:

Amortised cost: Financial assets that are held for collection of contractual cash flows where business model of those cash flows represent solely payment of principal and interest ('SPPI'), and that are not designated at FVTPL, are measured at amortised cost. The carrying amount of these assets is adjusted by any expected credit loss allowance recognised and measured as described in note 31. Interest income from these financial assets are recognised using the effective interest rate method.

Fair value through other comprehensive income (FVOCI): Financial assets are measured at FVOCI when the instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets and contractual terms of the financial asset meet the SPPI test.

FVOCI financial assets are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in other comprehensive income (OCI). Interest income and foreign exchange gains and losses are recognised in profit or loss in the same manner as for financial assets measured at amortised cost. On derecognition, cumulative gains or losses previously recognised in OCI are reclassified to statement of profit and loss account.

Fair value through profit or loss (FVTPL): Financial assets that do not meet the criteria for amortised cost or FVOCI are measured at FVTPL. Financial assets designated at FVTPL are carried in the Balance sheet at fair value with net changes in fair value presented as other (gains)/losses in Statement of profit or loss. Interest income on financial assets classified as FVTPL is not recognised in net gain/(loss) on fair value changes and is recognised separately as interest income.

Interest income

Interest income is calculated by applying the effective interest rate to the gross carrying amount of financial assets, except for credit-impaired financial assets (i.e. 'stage 3').

The effective interest rate is the rate that discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liability to the gross carrying amount of a financial asset (i.e. its amortised cost before any impairment allowance) or to the amortised cost of a financial liability. The calculation does not consider expected credit losses and includes transaction costs, premiums or discounts and fees paid or received that are integral to the effective interest rate, such as origination fees.

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

When a financial asset becomes credit-impaired and is regarded as 'Stage 3', the Company calculates interest income by applying the effective interest rate to the net carrying value of such financial asset. If the financial assets are no longer credit impaired, the Company calculates the interest income on a gross basis. Interest income on credit impaired advances are recognised on outstanding amount net of expected credit loss allowance.

Equity instruments

Equity instruments is a contract that evidences residual interest in the assets of the company after deducting all its liabilities. The Company subsequently measures all equity investments under the scope of Ind AS 109 at fair value. Changes in the fair value of these instruments are recognized in profit or loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTPL are not reported separately from other changes in fair value. Investment in equity instrument of associates are measured at amortised cost.

Impairment of financial assets

The Company assesses on a forward-looking basis the expected credit losses (ECL) associated with its debt instruments carried at amortised cost and FVOCI, loans and advances and on exposure arising from loan commitments. The Company recognizes a loss allowance for such losses at each reporting date.

The measurement of ECL reflects:

- An unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money:
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The method and significant judgments used while computing the expected credit losses and information about the exposure at default, probability of default and loss given default have been set out in note 32.

Write-off policy

The Company writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery.

For retail clients, the Company writes off financial assets prudentially, basis the duration of delinquency.

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Company's balance sheet) when:

The rights to receive cash flows from the asset have expired, or The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognizes an associated liability, the transferred asset and the associated liability are measured on the basis that reflects the rights and obligations that the Company has returned.

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Loan commitments

Loan commitments provided by the Company are measured as per financial instrument classification less loss allowance. For loan commitments, the loss allowance is recognised as a provision. However, for contracts that include both a loan and an undrawn commitment and the Company cannot separately identify the expected credit losses on the undrawn commitment component from those on the loan component, the expected credit losses on the undrawn commitment are recognised together with the loss allowance for the loan.

3.10.2 Financial liabilities

Classification and subsequent measurement

Financial liabilities are classified at amortised cost, except for:

Financial liabilities at fair value through profit or loss: This classification is applied to derivatives and financial liabilities held for trading and other financial liabilities designated as such at initial recognition.

Gains or losses on financial liabilities designated at fair value through profit or loss are presented partially in other comprehensive income (the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability, which is determined as the amount that is not attributable to changes in market conditions that give rise to market risk) and partially profit or loss (the remaining amount of change in the fair value of the liability).

Derecognition of financial liabilities

Financial liabilities are derecognised when they are extinguished i.e., when the obligation specified in the contract is discharged, cancelled or expired.

Reclassification of financial instrument

The Company reclassifies debt instruments when and only when its business model for managing those assets changes. The reclassification takes place from the start of the first reporting period following the change. Such changes are expected to be very infrequent.

After initial recognition, equity instruments and financial liabilities are not reclassified.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Derivatives

Derivatives are initially recognised at fair value on the date on which the derivative contract is entered into and are subsequently measured at fair value.

Embedded derivatives

The embedded derivatives are treated as separate derivatives when:

- their economic characteristics and risks are not closely related to those of the host contract;
- a separate instrument with the same terms would meet the definition of a derivative; and

An embedded derivative is a component of a hybrid (combined) instrument that also includes a non-derivative host contract, with the effect that some of the cash flows of the combined instrument vary in a way similar to a standalone derivative. An embedded derivative cause some or all of the cash flows that otherwise would be required by the contract to be modified according to an index of prices or rates or other variable. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss.

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

These embedded derivatives are separately accounted for at fair value, with changes in fair value recognised in the statement of profit or loss unless the Company chooses to designate the hybrid contracts at fair value through profit or loss.

Certain market linked non-convertible debentures issued by the Company have returns linked to non-interest related benchmarks. The Company has opted to designate the entire hybrid contract at FVTPL as the embedded derivative significantly modifies the cash flows that otherwise would be required by the contract. Further, the embedded derivative is not closely related to the financial liability host contract.

3.11 Loan assignment

The Company undertakes sale of loans by way of assignment.

In most cases, post assignment, the Company continues to service the loans transferred to the assignee in the capacity of a servicing agent on negotiated commercial terms. The Company does not provide credit enhancement on such assignment.

The Company recognizes entire gain/loss upon derecognition of a loan in accordance with applicable Ind AS.

Classification of financial instruments sold by way of loan assignment is applicable to the business segment as a whole, including loans retained by the Company to comply with minimum retention requirements in accordance with Master Direction RBI/DOR/2021-22/85 DOR.STR.REC.53/21.04.177/2021-22 Reserve Bank of India (Securitisation of Standard Assets) Directions, 2021 dated 24 September 2021.

3.12 Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

3.13 Earnings per share ('EPS')

The basic EPS is computed by dividing the net profit attributable to the equity shareholders by the weighted average number of equity shares outstanding during the reporting year. Number of equity shares used in computing diluted EPS comprises the weighted average number of shares considered for deriving basic earnings per share and also weighted average number of equity shares, which would have been issued on the conversion of all dilutive potential shares. Diluted EPS is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the year except where the results would be anti-dilutive.

3.14 Statement of cash flows

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

3.15 Segment reporting

segments are reported based on the client segment of the Company which is aligned to internal reporting matrix provided to the Chief Operating Decision Maker (CODM).

Company has identified two operating segments

- Institutional Client Group
- Global Consumer Banking

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

The accounting policies consistently used in the preparation of the financial statements are also applied to item of revenue and expenditure in individual segments. Revenue and expenses have been identified to a segment based on relationship to operating activities of the segment and include certain internal allocations including internal transfer pricing.

Revenue and expenses which relate to enterprises as a whole and are not allocable to a segment on a reasonable basis have been disclosed as 'Unallocated'. Segment assets and segment liabilities represent assets and liabilities in respective segments.

Tax related assets and other assets and liabilities that cannot be allocated to a segment on reasonable basis have been disclosed as 'Unallocated'.

3.16 Assets classified as held for sale

Non-current assets or disposal group are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset or disposal group is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset or disposal group and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification. As at each balance sheet date, the management reviews the appropriateness of such classification.

Non-current assets or disposal group classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

The group treats sale/ distribution of the asset or disposal group to be highly probable when:

- the appropriate level of management is committed to a plan to sell the asset (or disposal group),
- an active programme to locate a buyer and complete the plan has been initiated (if applicable),
- the asset (or disposal group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value.
- the sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn

Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised.

A disposal Group qualifies as discontinued operation if it is a component of an entity that either has been disposed of, or is classified as held for sale, and:

- represents a separate major line of business or geographical area of operations,
- is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss after tax from discontinued operations in the statement of profit and loss. All other notes to the financial statements mainly include amounts for continuing operations, unless otherwise mentioned.

Notes to the consolidated financial statements (continued)

for the year to date ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Note 4 - Cash and cash equivalents

| Particulars | As at 31 March 2022 | As at 31 March 2021 |
|--|------------------------|------------------------|
| Cash on hand | - | _ |
| Balance with banks | | |
| - In current accounts | 10,848 | 36,464 |
| - In fixed deposits (with original maturity of less than 3 months) | 38,599 | 106,225 |
| Cheques on hand | 52 | 42 |
| Total | 49,499 | 142,731 |

Refer note 35 for balances with related parties.

Note: The cash and cash equivalents for cash flow statements is same as cash and cash equivalents given above.

| Particulars | As at |
|-------------------------|---------------|
| raiticulais | 31 March 2022 |
| Continuing operations | 49,499 |
| Discontinued operations | - |
| Total | 49,499 |

Note 5 - Bank balance other than cash and cash equivalents above

| Particulars | As at 31 March 2022 | As at 31 March 2021 |
|----------------------|------------------------|------------------------|
| Margin money deposit | 2,456 | 11,829 |
| Fixed Deposit | 2,741 | 2,657 |
| Total | 5,197 | 14,486 |

^{1.} Fixed deposit includes lien marked deposits of INR 2,604 (31 March 2021: INR 2,525) for securitization transactions executed in prior years.

Terms and rights attached to equity shares

The Company has only one class of equity shares having a par value of Face Value INR 7.50 per share. All these shares have the same rights and preferences with respect to payment of dividend, repayment of capital and voting.

In the event of liquidation of the Company, the holders of the equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

| | 15,978 | (97) | 26 | 15,906 |
| Less: Utilisation of MAT credit towards provision for tax | 13,267 | (7,970) | | 5,567 |
| Net deferred tax asset/(liability) | 23,541 | (2,336) | (446) | 21,029 |

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Note 31 - Fair value measurements

a) Fair value measurement

As per Ind AS 113, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It is a measure as at a specific date and may be significantly different from the amount which will actually be paid or received on maturity or settlement date. The standard also provides a fair value hierarchy that categorises into three levels the inputs to valuation techniques used to measure fair value, which gives highest priority to quoted prices.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. Assets and liabilities are classified as Level 1 if their value is observable in an active market.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. A Level 2 input must be observable for substantially the full term of the instrument. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, such as interest rates and yield curves observable at commonly quoted intervals, implied volatilities; and credit spreads.

Level 3 inputs are unobservable inputs. Assets and liabilities are classified as Level 3 if their valuation incorporates significant inputs that are not based on observable market data.

Wherever possible, fair values have been calculated using unadjusted quoted market prices in active markets for identical instruments held by the Company. Where quoted market prices are not available, or are unreliable because of poor liquidity, fair values have been determined using valuation techniques which, to the extent possible, use market observable inputs, but in some cases may also use non-market observable inputs also. Valuation techniques used include discounted cash flow analysis, price to earning ratio and, where appropriate, comparison to instruments with characteristics similar to those of the instruments held by the Company after making necessary adjustments (eg. broker polling method).

b) Valuation techniques

- The fair value of exchange traded and OTC derivatives are determined using valuation models when quoted market prices or third-party consensus pricing information are not available. The valuation models, such as discounted cash flow method or Black-Scholes option model, incorporate observable or unobservable inputs for interest rates, equity indices, credit spreads, corresponding market volatility levels, and other market-based pricing factors. The Company uses widely recognised valuation models to determine the fair value of financial instruments. The inputs of the models are usually observable and available in the market for exchange traded derivatives and simple OTC derivatives. Use of observable inputs for valuation of derivative instrument are classified as Level 2 in the hierarchy (as stated above) where available and the unobservable inputs used are not significant to the fair value of the derivatives.
- Loans measured at fair value through other comprehensive income are valued using income approach wherein, the future cash inflows are discounted using appropriate broker quotes. These broker quotes are obtained from the market participants as exit price for similar loan portfolio. Use of broker quotes is classified as Level 2 in the fair value heirarchy, being quoted price for similar financial assets.
- Investment in equity shares consist of unlisted equity shares. For unlisted equity shares, fair value is determined based on quoted market prices for similar securities or through valuation techniques, such as multiples of earnings or net asset value method. A liquidity discount is applied when few or no transactions exist to support the valuations. In case of unlisted equity shares, significant inputs being unobservable, they are classified as Level 3 in the fair value hierarchy.
- -Investment in debt securities are valued basis rates provided by Fixed Income Money Market and Derivatives Association of India (FIMMDA). Use of FIMMDA rate is classified as Level 2 in the fair value hierarchy.
- Market linked non convertible debentures are fair valued based on fair valuation of the underlying embedded derivative and the host principal.
- Embedded derivatives linked to equity index are measured basis valuation models for determination of fair value of derivatives stated above. The fair value of host contract (principal component) is derived using broker polling method by obtaining quotes of similar instruments. Inputs used for fair valuation of market linked convertible debentures are classified as Level 2 in the fair value heirarchy as they are directly or indirectly observable in the market. No significant unobservable inputs are used in valuation of market linked non convertible debentures.

c) Valuation Control framework

The Company uses models for valuation of financial instruments which are subject to due diligence before becoming operational and goes through periodic assessment. These models are assessed by the Market Risk Management team housed under Risk Management. The key elements of the framework for the valuation of financial instruments include model validation, model implementation review and independent verification. Additionally, for fair values determined using valuation models, the control framework also includes development or validation by independent support functions of the model logic, inputs, model outputs and adjustments.

Notes to the consolidated financial statements (continued)

Note 32 - Financial Risk Management

The Company's activities expose it to credit risk, liquidity risk and market risk. This note explains the sources of risk which the Company is exposed to, how the Company manages the risk and the related accounting impact in the financial statements.

| Risk type | Nature of risk | Risk arising from | Risk management process |
|----------------|---|---|--|
| Credit risk | Credit risk is the risk of loss resulting from the decline in credit quality (or downgrade risk) or failure of a borrower, counterparty, third party or issuer to honor its financial or contractual obligations. | Credit risk arises principally from lending and investment. | Credit risk is: - measured as the amount that could be lost if a customer or counterparty fails to make repayments. The Company considers the amount of principal outstanding and interest due as credit exposure from its borrowers; - monitored using various internal risk management measures and within limits approved by individuals within a framework of delegated authorities; and - managed through a robust risk control framework and governance process, which outlines clear and consistent policies, principles and guidance for risk managers for credit sanctioning, lending and risk monitoring. |
| Liquidity risk | Liquidity risk is the risk that the Company does not have sufficiently stable and diverse sources of funding. Also the risk of insufficient financial resources to meet our commitments as they fall due. | from mismatches in the timing of cash flows. | Liquidity risk is: - assessed through the internal liquidity adequacy assessment process ('RLAP'); - monitored against the Group's liquidity and funding risk framework; and - maintaining a contingency funding plan detailing actions and strategies available in stressed conditions. |
| Market risk | Market risk is the risk of loss arising from changes in the value of the Company's assets and liabilities resulting from changes in market variables (for eg.interest rates). | Structured notes, Investments held for trading, loans carried at fair value through other comprehensive income. | Market risk is: - measured using sensitivities and stress testing using factor sensitivities for market movements and scenarios; - managed by Market Risk Management (MRM) - reports and monitors the trading risk exposures against approved limits and triggers on a daily basis. |

The Company's board of directors have overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors have established a Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed and updated regularly to reflect changes in market conditions and the Company's activities.

The audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Note 32 - Financial Risk Management (Continued)

A. Credit risk

Credit risk is the risk of loss resulting from the decline in credit quality or the failure of a borrower, counterparty, third party or issuer to honor its financial or contractual obligations. Credit risk mainly arises from CFIL's lending business activity which can be classified as below:

- a) Loans and advances to corporate customers and HNIs i.e. High networth individuals
- b) Loans and advances to other retail customers (other retail loans)

Credit risk also arises from concentration of exposure within a specific client, industry, region or other category.

i) Credit quality analysis and credit exposure

The Company assesses and manages credit risk based on assessment of obligor risk using obligor risk rating (ORR) for loans and advances to corporate customers and HNIs.

Asset backed Finance business is made up of smaller exposures with homogeneous credit risk characteristics, where the underwriting process is rules-based, rather than judgmental, and where collection activities and write-offs are primarily driven by the number of days past due. The Company assesses and manages credit risk based on assessment of obligor risk using the defined Risk Acceptance Criteria (RAC) for extending loans to procure Commercial Vehicles and Construction Equipment. The RACs broadly include Assessment of KYC and Management, Review of Credit Bureau Checks etc.

Personal Loan business is made up of individual loans, where the underwriting process is rules-based, rather than judgmental. The Company assesses and manages credit risk based on the defined Risk Acceptance Criteria (RAC) for extending loans to Individuals for personal use only. The RACs broadly includes review of Credit Bureau, Income and customers' ability to Pay. PIL underwriting is completely based on validated income. Each PIL application passes through the robust custom Application Scorecard. This scorecard is the best Risk differentiator for underwriting."

For Corporate customers and HNIs the Credit risk team assesses and maintains the internal risk rating system. Obligor risk rating assessment is done for each obligor availing credit facilities. The Company assigns ORRs to each obligor based on assumptions, inputs and factors specific to the obligor. The credit quality classification can be mapped to the obligor risk rating grade equivalent for loans and advances to corporate customers and HNIs. The ORR grades are mapped to the external ratings grade issued by Credit Rating Agencies.

The ORR 23 grade scale (1-10 including modifiers, e.g. 1,2+,2,2- and so on) summarises a more granular underlying 23 grade scale of obligor probability of default ('PD'). All corporate obligors are rated using the 23 grade scale, as per the Company's assessment. Each ORR band is associated with an external rating grade by reference to long-run default rates for that grade, represented by the average of issuer-weighted historical default rates. This mapping between internal and external ratings is indicative and may vary over time. The said mapping between internal and external ratings have been summarised below.

| Internal ratings category | Credit risk | External | l ratings | Probability of default | |
|---------------------------|-------------|--------------|--------------|------------------------|--|
| internal ratings category | category | S&P's | Moody's | (PD) | |
| Grades: 1 to 4- | Low | AAA to BBB- | Aaa to Baa3 | 0% to 0.34% | |
| Grades: 5+ to 5- | Medium | BB+ to BB- | Ba1 to Ba3 | 0.89% to 3.39% | |
| Grades: 6+ to 6- | High | B+ to B- | B1 to B3 | 5.57% to 12.16% | |
| Grades: 7+ to 7- | Watchlist | CCC+ to CCC- | Caa1 to Caa3 | 16.64% to 22.13% | |
| Grades: 8 to 10 | Default | SD/D | - | | |

The following tables set out information about the credit quality of loans and advances to Corporates and HNIs.

| Internal rating grades (ORR) | Credit risk category | Stage 1 | Stage 2 | Stage 3 | Total |
|--|-------------------------|---------|---------|---------|---------|
| As at 31 Mar 2022 | | | | | |

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

The following tables set out information about the credit quality of loans and advances to other retail customers.

| Particulars | Loans carried at amortised cost | Loans carried at FVOCI | Commited lines of credit |
|--|--|------------------------------|--------------------------|
| As at 31 Mar 2022 | | | |
| Stage 1 | 46,467 | 292,668 | 6,984 |
| Stage 2 | 425 | 3,024 | - |
| Stage 3 | 359 | 1,001 | - |
| Total exposure | 47,251 | 296,693 | 6,984 |
| Less: expected credit losses on total exposure | (2,448) | (3,390) | (47) |
| Net carrying amount | 44,803 | 293,303 | 6,937 |
| As at 31 March 2021 | | | |
| Stage 1 | 117,385 | 199,615 | 4,730 |
| Stage 2 | 1,838 | 1,916 | - |
| Stage 3 | 16 | 363 | - |
| Total exposure | 119,239 | 201,894 | 4,730 |
| Less: expected credit losses on total exposure | (6,138) | (2,982) | (49) |
| Net carrying amount | 113,101 | 198,912 | 4,681 |

The following table sets out information about the credit quality of investments in debt instruments measured at fair value through P&L. The amounts in the table represent gross carrying amounts which is also the maximum credit exposure of the financial assets.

| Particulars | As at 31 March | As at 31 March |
|--------------------|-------------------|-------------------|
| | 2022 | 2021 |
| Rated AA and above | 131,409 | 98,233 |
| Rated A- to A+ | - | - |
| Total | 131,409 | 98,233 |

Cash and cash equivalents and other bank balances

The Company holds cash and cash equivalents of INR 49,449 and other bank balances of INR 5,197 as at 31 March 2022 (31 March 2021: INR 142,731 and INR 14,486). The Company maintains its Cash and cash equivalents and Bank deposits with banks having low credit risk as per the internal obligor risk rating and also reviews the credit-worthiness of the banks on an on-going basis. The Company has provided for expected credit losses on its exposure on margin money held for derivatives and fixed deposits.

ii) Collateral held

The Company generally accepts bank deposits, financial assets, marketable securities, inventories and real estate as collaterals in the case of secured loans. As of 31 March 2022, 76.31% of the aggregate principal amount of the Company's loans were secured by collateral (31 March 2021: 71.97%). 23.69% of the Company's loans were unsecured as at 31 March 2022 (31 March 2021: 28.03%).

At March 31, 2022, the net carrying amount of credit-impaired loans and advances amounted to INR 713 (31 March 2021: INR 379) and the value of identifiable collateral held against those loans and advances amounted to INR 829 (31 March 2021: INR 283).

The following table sets out the principal types of collateral held against different types of financial assets.

| la de la companie de | that is s | of exposure ubject to equirements | |
|--|---|---|---|
| Instrument type | As at As at 31 March 31 March 2022 2021 | | Principal type of collateral held |
| Loans and advances to corporate customers and HNIs | | | |
| Corporate loans | 60% | 18% | Book debts, inventories and financial assets |
| Margin and securities backed finance | NA | 100% | Financial assets |
| Strategic Equity Solutions | 100% | NA | Financial assets |
| Loans and advances to other retail customers | | | |
| Personal loans | 0% | 0% | Unsecured |
| Advance against financial assets | NA | NA | Financial assets |
| Asset backed finance | 100% | 100% | Commercial vehicles and construction equipments |

The following tables stratify credit exposures for margin lending loans by ranges of loan-to-value (LTV) ratio. LTV is calculated as the ratio of the gross amount of the loan to the value of the collateral. The valuation of the collateral excludes any adjustments for obtaining and selling the collateral. The maximum loan to value is basis the local regulatory norms for margin lending loans. The collateral value for marketable securities is derived basis market prices of such securities.

Margin lending loans

| | Loans and a retail cus | | Loans and advances to corporate customers | | |
|----------------|------------------------|----------|---|----------|--|
| LTV ratio | As at | As at | As at | As at | |
| | 31 March | 31 March | 31 March | 31 March | |

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

As at 31 March 2022, the fair value of financial assets accepted as collateral that the Company is permitted to sell or repledge in the absence of default for loans and advances to corporate customers/ HNIs is INR 140,138 for 31st March 22 respectively (31 March 2021: INR 823,767).

iii) Inputs, assumptions, techniques used for estimating impairment

The Company measures the amount of ECL on a financial instrument in a way that reflects an unbiased and probability-weighted amount. The Company considers its historical loss experience and adjusts the same for current observable data. The key inputs into the measurement of ECL are the probability of default, loss given default and exposure at default. These parameters are derived from the Company's internally developed statistical models and other historical data. In addition, the Company uses reasonable and supportable information on future economic conditions including macroeconomic factors such as gross domestic product interest rate and unemployment rate. Since incorporating these forward looking information increases the judgment as to how the changes in these macroeconomic factor will affect ECL, the methodology and assumptions are reviewed regularly. The Company has applied a three-stage approach to measure expected credit losses (ECL) on debt instruments accounted for at amortised cost and FVOCI. Assets migrate through following three stages based on the changes in credit quality since initial recognition:

Stage 1: 12- months ECL: For exposures where there is no significant increase in credit risk since initial recognition and that are not credit-impaired upon origination, the portion of the lifetime ECL associated with the probability of default events occurring within the next 12- months is recognized.

Stage 2: Lifetime ECL, not credit-impaired: For credit exposures where there has been a significant increase in credit risk since initial recognition but are not credit-impaired, a lifetime ECL is recognized.

Stage 3: Lifetime ECL, credit-impaired: Financial assets are assessed as credit impaired upon occurrence of one or more events that have a detrimental impact on the estimated future cash flows of that asset. For financial assets that have become credit-impaired, a lifetime ECL is recognized and interest revenue is calculated by applying the effective interest rate to the net carrying amount of loans.

The key inputs into the measurement of ECL are the term structure of the following variables:

- Probability of defaults (PDs) Obligor level PD derived from PD and rating migration model. Model will use point in time PD values which will vary based on Macro economic variable forecasts.
- Loss given default (LGD) LGD for different product and geographic segments are captured in the LGD estimates. The model is calibrated to loss data over time for different macroeconomic scenarios and collateral types.
- Exposure at default (EAD) i.e. the total expected exposure in the event of a default. The Company calculates expected credit losses on interest earned but not collected at portfolio level.

Loans and advances to corporate customers and HNIs

The company have an internal risk rating system that accurately and reliably differentiates between degrees of credit risk for classifiable managed exposures. To differentiate among degrees of credit risk and make meaningful and consistent distinctions among degrees of credit risk, the Company reviews its credit exposure along two dimensions – Default Risk and loss severity in the event of default.

In case of Classifiable managed obligors, company assigns

- Rating grades that appropriately reflect likelihood of default and
- Loss severity rating grade (or Loss Given Default estimates) that approximately reflect the loss severity expected in the event of default during economic downturn conditions.

The Obligor Risk Rating (ORR) represents the probability that an obligor will default within a one year time horizon. Risk ratings for obligors are assigned on a scale of 1 to 10, with sub- grades, where "1" is the best quality risk and "7-" is the worst for obligors that are not in default. ORRs of "9+", "9" and "10" are assigned to obligors meeting the definition of default under Basel when either or both of the following have occurred

- When the obligor is past due more than 90 days on any material credit obligation.
- When the company considers that the obligor is unlikely to pay its credit obligations in full, without recourse by Citi to actions such as realizing security (if held), collecting against a guarantee or other form of support, or filling a claim against the insurer.

The Facility Risk Rating (FRR) represents an expected loss rate, or "Loss Norm", for each facility, and is the product of two components:

 $\label{thm:cone-year} The \ one-year \ Probability \ of \ Default \ (PD) \ of \ the \ Obligor, and \ The \ Loss \ Given \ Default \ (LGD) \ of \ a \ facility.$

FRRs are assigned on a scale of 1 to 10, with sub-grades, where '1' is the best quality risk and '7-' is the worst for performing facilities. FRRs of 8, 9, and 10 are assigned to non- performing facilities.

At each reporting date, the Company assesses whether there has been a significant increase in credit risk of its financial assets since initial recognition by comparing the risk of default occurring over the expected life of the asset. In determining whether credit risk has increased significantly since initial recognition, the Company uses information that is relevant and available without undue cost or effort. This includes the Company's internal credit rating grading system, external risk ratings and forward-looking information to assess deterioration in credit quality of a financial asset.

The Company considers probability of default upon initial recognition of asset and whether there has been any significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forward-looking information. Following indicators are incorporated:

- Internal credit rating
- changes in external credit rating (as far as available)
- actual or expected significant adverse changes in business, financial or economic condition that are expected to cause a significant change to borrower's ability to meet its obligations.
- significant increase in credit risk on other financial instruments of same borrower
- significant changes in value of the collateral supporting the obligation or in the quality of third party guarantees or credit support.
- significant changes in expected performance and behavior of the borrower including changes in payment status of borrowers and changes in operating results.

In addition to the DPD indicator for loans and advances to corporate customers and HNIs portfolio, it is presumed that the credit risk has significantly increased since initial recognition if the probability of default has increased by 20 bps and the movement in standard deviation of the PD is equal to or more than 1.

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Loans and advances to other retail customers

The Company assesses and manages credit risk for retail customers at portfolio level. The customers are pooled into portfolios based on homogenous product characteristics. Credit risk for retail product portfolio is assessed based on quantitative indicator of obligor behaviour. This quantitative criteria is used to assess the Staging of the exposures and the probability of default for estimation of ECL.

Quantitative based staging criteria are as follows:

- Stage 3: 90 and above DPD accounts; loans with partial charge-offs and and qualitative factors (such as current and expected borrower's liquidity position, need for refinance, significant change in collateral value) and other factors as considered appropriate by the management and credit committee.
- Stage 2: Accounts that are not Stage 3 and are 30-89 DPD; Hardship modifications (<6 months on book); Behavior score drops below marginal booking segment (if available)
- Stage 1: All accounts that are not Stage 2 or 3

In addition to quantitative factors as mentioned above, loans / exposures are also assessed for qualitative factors for staging. These include:

- a) material adverse changes in business, financial or economic conditions that are expected to cause a significant change in the borrower's ability to meet its debt obligations to the Company.
- b) significant adverse change in the regulatory, economic, or technological environment of the borrower that results in a significant change in the borrower's ability to meet its debt obligations to the Company
- c) significant changes in the value of the collateral
- d) significant changes in the loan documentation / arrangement

LGD is the magnitude of the likely loss if there is a default.

For the corporate portfolio, the Company estimates LGD parameters based on the history of recovery rates of claims against defaulted counterparties. The LGD models consider the structure, collateral, seniority of the claim, counterparty industry and recovery costs of any collateral that is integral to the financial asset.

For retail portfolio, the Company segments its portfolios into smaller homogenous portfolios, based on the key characteristics that are relevant to the estimation of future cash flows. The applied data is based on historically collected loss data and involves a wider set of transaction characteristics as well as borrower characteristics.

A scenario analysis on macroeconomic indicators is done. Following are the key variables considered in the ECL model factoring Baseline, Optimistic and pessimistic scenarios and the expected probabilities:

- Unemployement rate
- Interest rate swaps for the tenure ranging from 1 year to 10 years
- Interest rate on soverign bonds for the tenure ranging from 15 months to 5 years
- GDP rate

| Loss allowance on 31 March 2020 | 5,448 | 1,305 | 558 | | |

Sensitivity analyisis of expected credit loss

For loans and advances given to corporate customers and HNIs, the Company estimates ECL based on internal models and the sensitivity of ECL to the input parameters assessed through the internal models has been considered to be immaterial.

In the case of retail loans portfolio, the Company uses days past due based customer behavior as a lagging indicator for staging. The ECL computation for retail loans is based on flow rates of obligors across the DPD buckets. The internal estimates based on the flow rate are a conservative estimate of the expected credit losses. Accordingly, the Company does not expect the estimated ECL to get adversely impacted due to changes in portfolio behaviour.

Write-offs still under enforcement

In the case of assets that are assessed collectively for impairment, the Company writes-off such secured and unsecured assets at 180 days and 120 days past due respectively unless there is empirical evidence to the contrary. The contractual amount outstanding on financial assets written-off and still subject to enforcement activity was INR 17,166 as at 31 March 2022 (31 March 2021: INR 18,333).

Loans with renegotiated terms

A loan that is renegotiated is derecognised if the existing agreement is cancelled and a new agreement is made on substantially different terms or if the terms of the existing agreement are modified such that the renegotiated loan is a substantially different instrument.

Where the renegotiation of such loans are not derecognised, impairment continues to be assessed for significant increases in credit risk compared to the initial origination credit risk rating.

v) Concentration of credit risk

Portfolio concentration is measured with the aim of optimizing the benefits associated with diversification and reducing the potential adverse impact of concentration of exposures to a particular borrower, sector or industry. Credit concentration shall be tracked and performed at:

- 1. Counterparty level (Single borrower limit / Group borrower limit)
- 2. Portfolio level -Sector

Counterparty exposure limits

The objective for setting exposure limits and the need for credit portfolio measurement emanates from the necessity to optimize the benefits associated with diversification and to reduce the potential adverse impact of concentration of exposures to a particular borrower, sector or industry.

In compliance with RBI directions vide RBI/DNBR/2016-17/45 Master Direction DNBR. PD. 008/03.10.119/2016-17, CFIL has set Single Borrower & Group borrower limits (SBL/GBL) as under which will be strictly adhered.

- a) Lend to (i) any single borrower exceeding 15% of its owned fund; and (ii) any single group of borrowers exceeding 25% of its owned fund;
- b) Invest in (i) the shares of another company exceeding 15% of its owned fund; and (ii) the shares of a single group of companies exceeding 25% of its owned fund;
- c) Lend and invest (loans/investments taken together) exceeding (i) 25% of its owned fund to a single party; and (ii) 40% of its owned fund to a single group of parties.

These ceilings on credit/investments shall be applicable to the own group of the Company as well as to the other group of borrowers/investee companies.

CFIL will monitor the above regulatory limits, and ensure that the exposure to any borrower/group is not in breach. This would be tracked at the time of sanction itself to avoid sanction of any facility which is in excess of counterparty exposure norms. During the year ended 31 March 2022 and 31 March 2021, the Company's credit exposure to single borrowers and group borrowers were within the limits.

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Portfolio exposure limits

Industry wise concentration limits are monitored for loans and advances given to corporate customers.

CFIL has fixed internal exposure limits to specific sectors, so that exposures are evenly spread across various sectors

- The following exposure limits for the sectors have been fixed:

 1. Limit of 30% of Total exposure to Other Financial Institutions
- 2. Limit of 20% of Total exposure for the following industries-
- a. Engineering
- b. Information Technology
- c. Automobiles
- d. Petroleum & Petroleum Products
- e. Banking Industry
- 3. A limit of 15% of Total Exposure for all remaining Industries excluding Real Estate.
- 4. Real Estate Limit has been set as lower of 20% of Total Exposure or INR 1000 Crs.

Any breach in Industry limits to be approved by at least 2 board members. An analysis of concentrations of credit risk is shown below:

| Sector | As at 31 March 2022 | As at 31 March 2021 |
|---|------------------------|------------------------|
| Chemicals | 7.66% | 0.87% |
| Pharma & Healthcare | 7.38% | 0.00% |
| Bank | 0.00% | 0.00% |
| Metals | 0.33% | 0.50% |
| Autos | 0.27% | 2.64% |
| Agriculture & Food Preparation Other Financial Institutions | 0.00% 4.49% | 0.00% 9.86% |
| Other sectors(*) | 22.10% | 3.22% |
| Concentration of loans to corporate customers | 42.22% | 17.10% |
| Margin lending | 7.38% | 40.22% |
| Other loans and advances to retail customers | 50.40% | 42.68% |
| Total loans and advances outstanding | 100.00% | 100.00% |

^(*) Other sectors majorly include Company's exposure to Infrastructure Industry, Transport Equipment industry, Software industry, Non-operating financial holding companies (Investment Companies) etc.

vi) Offsetting financial assets and financial liabilities

The company does not have any financial instruments with offsetting rights.

vii) Restructured Loans:

Disclosure in complaince with Reserve Bank of India Circular DOR.No.BP.BC/3/21.04.048/2020-21 dated 6 August 2020 pertaining to resolution framework for COVID-19 related stress read with RBI/2021-22/31 DOR.STR.REC.11/21.04.048/2021-22 dated May 5, 2021 pursuant to Resolution Framework 2.0 - Resolution of COVID-19 related stress Micro, Small and Medium Enterprises (MSMEs).

Format-B for Resolution Framework

| Type of borrower | Exposure to accounts classified as Standard consequent to implementation of resolution plan – Position | Of (A), aggregate debt that slipped into NPA during the period | Of (A) amount written off during the period | Of (A) amount paid by the borrowers during the period | Exposure to accounts classified as Standard consequent to implementation of resolution plan – Position as at the end of the year. |

B. Liquidity risk

The liquidity objectives of the Company are to maintain a liquidity profile to enable it to efficiently meet expected and unexpected current and future cash flow and collateral needs and operate under a variety of market conditions, including market disruptions for both short term and long term periods.

The Company uses a variety of tools and metrics for measurement, monitoring and reporting of liquidity risk including liquidity gap statements, liquidity ratios on stock and flow approach as well as multiple stress testing scenarios over varying timeframes. The liquidity framework of the Company encompasses both the local regulatory liquidity reporting as well as additional internally adopted metrics to provide a comprehensive and robust coverage suited to our balance sheet requirements.

The Asset - Liability Committee (ALCO) comprising key stakeholders of the Company's senior management has direct oversight on balance sheet and liquidity while ongoing liquidity management is managed by the Treasury desk, with daily monitoring by Risk, Treasurer and Corporate Treasury functions.

The following factors add to comfort on management of balance sheet liquidity:

- Well capitalized balance sheet, with capital adequacy of 40.36% as of 31 March 2022 (45.50% as of 31st March 2021).
- · Well diversified liability profile with market issuances carrying the highest credit rating for short term as well as long term issuances.
- · Diversified loan portfolio with multiple lines of business across Corporate and Retail segments.

Financing arrangements

The Company has access to the following undrawn committed borrowing facilities at the end of the reporting period:

| Doutioulous | As at | As at |
|----------------------------|---------------|---------------|
| Particulars | 31 March 2022 | 31 March 2021 |
| Committed undrawn facility | 183,200 | 180,000 |

The below table analyses the Company's non-derivative financial liabilities and financial assets into relevant maturity groupings based on the remaining period as at the reporting date to the contractual maturity date. The amounts disclosed in the below table are the contractual un-discounted cash flows and exclude the impact of netting agreements.

| | | Contractual cash flows | | | | | | | |
|---|---------------------|--|------------------|------------------|-------------------|---------------------|----------------|--|--|

All amounts are in INR lakhs except per share data and unless stated otherwise

Note 32 - Financial Risk Management (Continued)

C. Market risk

Market risk is the risk arising due to changes in market prices – (e.g. interest rates, Forex exchange and equity prices) and will affect the Company's income or the value of its holdings of financial instruments. The objective of the Company's market risk management is to manage and control market risk exposures within acceptable parameters to ensure the Company's solvency while optimizing the return on risk.

All market risk taking activities are centralized with CFIL treasury. The Company's ALM and Investment policies are approved by Board of directors which defines the process and procedures of limit approvals, changes, delegation, reporting and escalation in case of limit excesses and trigger breaches. Independent Risk monitors the risk exposures against approved limits and triggers at regular interval. Independent Risk is responsible for the ongoing monitoring of the excess/breach to ensure that the corrective action plan is carried out. In case if a breach is reported and if it is determined to be real, it is reported to the ALCO and the Senior Risk Management.

i) Price risk

Price risk exposes the Company to fluctuations in fair values or future cash flows of a financial instrument because of changes in market prices whether those changes are caused by factors specific to the individual financial instrument or its issuer or by factors affecting all similar financial instruments traded in the market. The below table represents measures of the financial condition impacted by market risk for the financial instruments measured at fair value as on the reporting date:

| | Measurement | | Impact on the profit and loss account | | | |
|---|-------------|--------------------------------------|---------------------------------------|-----------------------------|--|--|
| Nature of product | basis | Sensitivity | Year ended 31 March 2022 | Year ended 31 March 2021 | | |
| Market linked debentures (net off hedged derivatives) | FVTPL | ±100 basis points in interest rates | 167/(167) | 239/(239) | | |
| Investments in commercial papers and corporate bonds | FVTPL | ±100 basis points in interest rates | (2,786)/2,786 | (2,406)/2,406 | | |
| Investments in government securities and treasury bills | FVOCI | ±100 basis points in interest rates | (227)/227 | - | | |
| Investments in unquested equity charge | FVTPL | ± 1.5% in earnings growth rate | 92/(92) | 110/(110) | | |
| Investments in unquoted equity shares | FVIPL | ± 10% in liquidity adjustment factor | (851)/851 | (857)/857 | | |

ii) Interest rate risk

Loans measured at FVOCI

Interest rate risk represents the Company's exposure to adverse movements in interest rates with regard to its debt instruments. Interest rate exposure (IRE) measures the potential pre-tax earnings impact, over a specified reporting period, for the accrual positions, from a defined change in the yield curve. Residual market risk is also monitored using a series of measures, including factor sensitivities (PV01). Factor sensitivity (PV01) is expressed as the change in the value of a position for a 1bp change in interest rate. Market Risk Management monitors factors for all relevant market risk.

The Company's exposure to interest rate risk arises majorly through structured debt securities where payment of interests are linked to the movement in the market index i.e. Nifty. The interest rate risk on such structured debt instruments are hedged through equity options and implied forwards.

| | Measurement | | Impact on the profit and loss account | | | |
|--------------------------|-------------|----------------------------|---------------------------------------|-----------------------------|--|--|
| Nature of product | basis | Sensitivity | Year ended 31 March 2022 | Year ended 31 March 2021 | | |

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Note 33 - Capital Risk Management

Capital risk is defined as the risk that the entity has a sub-optimal quantity or quality of capital available to meet the regulatory requirements or cover risk exposures. A capital risk exposure arises when the Company has insufficient capital resources to support its strategic objectives and business plans as well as meet external stakeholder requirements. This could materialize due to a depletion of the entity's capital resources as a result of the crystallization of any of the risks to which it is exposed.

As per RBI regulations, the company is required to maintain a minimum capital to risk-weighted assets ratio (CRAR) of 15%. Additionally, the capital base also drives prudential exposure limits for single and group borrowers and is a major factor to support a strong credit rating and capital metrics.

The company has a comprehensive balance sheet planning process, with capital planning as an integral pillar. To support the company's growth of its various lines of business and meeting strategic objectives and plans, sufficient capital buffer is maintained on an ongoing basis. Avenues for meeting incremental capital requirements include retention of profits over time, additional infusion from shareholders as well as contracting qualifying Tier 2 debt, as applicable from time to time.

In an extreme scenario precipitating the risk of CRAR potentially dropping below the mandated minimum level, the company can additionally also consider the following contingency measures, as required:

- Curtail loan growth to be able to avoid further buildup in RWA and facilitate reduction through scheduled loan maturities
- Consider selective portfolio sales to de-risk the asset portfolio and improve capital adequacy

The Asset Liability Committee (ALCO) monitors the capital position on an ongoing basis and oversees all capital related actions including infusions, retention or dividend remittance.

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Note 34 - Segment information

The segment disclosure is based on the client segment of the company which is aligned to internal reporting matrix. Secondary segmentation based on geography has not been presented as the Company operates only in India and the Company passidentified two segments: Institutional Client Group (ICG) and Global Consumer Company passidentified two segments: Institutional Client Group (ICG) and Global Consumer Banking (GCB) as reportable segments ICG - This segment provides secured loans to corporates, MSME and high networth individual clients. Loan Products offered by this segment are unsecured loans, secured loans and bills discounting. Segment income mainly consists of interest on loans and service charges. This segment also includes markets business which undertakes activities such as investments in corporate debt, funding and gapping products and hedging positions and contributes to revenues of the segment which includes investment income and gains/loss on debentures/bonds and derivative transactions.

GCB - This segment provides loans to retail customers. Loan products offered by this segment are loan against securities, loans for purchase of commercial vehicles, construction equipment and agricultural assets and personal loans. Segment income mainly comprises of interest on Ioans, Loan origination and collection fees and income from assignment.

Segment wise income and expenses include certain internal allocations including internal transfer pricing attached to the funds provided or deployed.

Segment assets represents the net assets put up by that segment. Segment liabilities represent liabilities undertaken by respective segments

Items which are not directly attributable to any particular segment and which cannot be reasonably allocated to segments are consolidated under "Unallocated" column. Further Capital and other equity are shown as unallocated since the same cannot be directly identified with any particular segment

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Note 36 - Assets held for sale

Citigroup Inc, ('Citi'), the ultimate shareholder of the Company, on April 15, 2021, announced strategic actions in Global Consumer Banking ('GCB') as part of an ongoing strategic review to direct investments and resources to the businesses where it has the greatest scale and growth potential. As a result, Citi intends to pursue exits from its consumer franchises in 13 markets across EMEA and Asia region, which includes India. Citigroup's Institutional Clients Group will continue to serve clients in these markets. On 30 March 2022, the Company had entered into an agreement with Axis Bank Ltd to transfer GCB Business via a sale transaction. Accordingly, the disposal group of assets and liabilities are accounted for as held for sale as per Ind AS 105 "Non-current Assets Held for Sale and Discontinued Operations".

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Note 38 - Earnings per share (EPS)

EPS - Continuing operations

a) The basic and diluted earnings per share has been calculated based on the following:

| Particulars | Year ended 31 | Year ended 31 |
|---|---------------|---------------|
| raticulars | March 2022 | March 2021 |
| Net profit after tax from continuing operations available for equity shareholders | 8,048 | 17,995 |
| Weighted average number of equity shares | 3,857,727,031 | 3,857,727,031 |
| Basic / Diluted earnings per share (Rs.) | 0.21 | 0.47 |

EPS - Discontinued operations

| Particulars | Year ended 31 |
|---|---------------|
| Particulars | March 2022 |
| Net profit after tax from discontinued operations available for equity shareholders | 8,784 |
| Weighted average number of equity shares | 3,857,727,031 |
| Basic / Diluted earnings per share (Rs.) | 0.23 |

b) Weighted average number of equity shares is computed for the purpose of calculating diluted earning per share for the respective years.

| Particulars | Year ended 31 | Year ended 31 |
|--|---------------|---------------|
| ratuculais | March 2022 | March 2021 |
| Weighted average number of shares for computation of Basic EPS | 3,857,727,031 | 3,857,727,031 |
| Shares issued during the year | - | - |
| Weighted average number of shares for computation of Diluted EPS | 3,857,727,031 | 3,857,727,031 |

Note 39 - Corporate social responsibility expenses

| Particulars | Year ended 31 March 2022 | Year ended 31 March 2021 |
|---|-----------------------------|-----------------------------|
| Gross amount required to be spent during the year | 502 | 423 |
| Amount spent during the year | | |
| (i) Construction/acquisition of any asset | - | - |
| (ii) On purpose other than (i) above | - | - |
| In cash | 502 | 425 |
| Yet to be paid in cash | - | - |
| Total | 502 | 425 |

Due to the Companies (Corporate Social Responsibility Policy) Amendment Rules, 2021 issued on January 22, 2021, the incurrence of CSR expense is assessed to be in the year when profits are generated instead of commitment to contribute or payment. Accordingly an estimated amount of INR 502 has been accrued in the year ended March 31, 2022 which is expected to be contributed in the subsequent year.

Note 40 - Micro, Small and Medium Enterprises

Under the Micro, Small and Medium Enterprises Development Act, 2006 ('MSMED'), the following disclosure is made based on the information and records available with the Company in respect of the Micro, Small and Medium Enterprises who have registered with the competent authorities:

| Particulars | 31 March 2022 | 31 March 2021 |
|--|---------------|---------------|
| Principal amount remaining unpaid to any supplier as at the year end | 24 | 27 |
| Interest due thereon | - | - |
| Amount of interest paid by the Company in terms of section 16 of the MSMED, along with the amount of the payment made to the supplier beyond the appointed day during the accounting year | 95 | 133 |
| Amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED | 2 | 3 |
| Amount of interest accrued and remaining unpaid at the end of the accounting year | 2 | 3 |

Notes to the consolidated financial statements (continued)

for the year to date ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Note 41 - Employee benefit obligations

a) Gratuity

The Company pays gratuity to employees who retire or resign after serving for the stipulated period mentioned under 'The Payment of Gratuity Act, 1972'. The Company's contributions to gratuity fund (defined benefit scheme) in respect of its employees are managed by a trust, which invests the fund with Life Insurance Corporation of India ('LIC'), a Government of India Undertaking. The plan assets under the fund are invested in schemes of Insurance - conventional products.

| comprehensive income | (133) | 4 | (129) | (75) | 20 | (55) |
| Employer contributions | - | 99 | 99 | - | 105 | 105 |
| Benefit payments | 13 | (13) | _ | 30 | (30) | - |
| At the end of the year | (1,163) | 752 | (411) | (905) | 622 | (283) |

ii. The net liability disclosed above related to funded plans is as follows:

| Particulars | As at 31 March 2022 | As at 31 March 2021 |
|-------------------------------------|------------------------|------------------------|
| Present value of funded obligations | (1,163) | (905) |
| Fair value of plan assets | 752 | 622 |
| Net liability | (411) | (283) |

*Bifurcation of present value of obligation and fair value of plan assets between continuing and discontinued operations for the year ended 31 March 2022 is as stated below:

| Particulars | Continuing Operations | | l Totali |
|-----------------------------|--------------------------|-------|----------|
| Present value of obligation | 72 | 1,091 | 1,163 |
| Fair value of plan assets | 47 | 705 | 752 |

iii. The significant actuarial assumptions were as follows:

| Particulars | As at | As at |
|--|-----------------|-----------------|
| raticulais | 31 March 2022 | 31 March 2021 |
| Financial Assumptions | | |
| Discount rate | 6.90% | 6.10% |
| | 12% for first 3 | |
| Salary escalation rate (taking into account the inflation, seniority, promotions | years, 10% | 40.000/ |
| and other relevant factors) | thereafter | 10.00% |
| | | |
| Demographic Assumptions | | |
| | Indian Assured | Indian Assured |
| Mortality Rate | Lives Mortality | Lives Mortality |
| | (2006-08)Ult. | (2006-08)Ult. |
| Withdrawal Rate | 450/ 6 | |
| Thinatana Fato | 15% for service | |
| | less than 6 | 45.000/ |
| | years, 7% | 15.00% |
| | otherwise | |
| | | |

Notes to the consolidated financial statements (continued)

for the year to date ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

iv. Sensitivity of actuarial assumptions

| Particulars | Change in | Impact on defined benefit obligation | | | |
|------------------------|------------|---|------|----------|----------|
| raiticulais | assumption | Year ended 31 March 2022 Year ended 31 March 2021 | | | |
| | | Increase Decrease | | Increase | Decrease |
| Discount Rate | 1% | (97) | 111 | (51) | 56 |
| Salary Escalation rate | 1% | 107 | (95) | 54 | (49) |
| Withdrawal rate | 5% | (83) | 137 | (46) | 72 |

Plan is subject to multiple external experience items which may move the Defined Benefit Obligation in similar or opposite directions, while the Plan's sensitivity to such changes can vary over time.

The methods and types of assumptions used in preparing the sensitivity analysis were consistent with prior period.

v. Expected payment for future years:

The defined benefit obligations shall mature after year end as follows:

| Deutierrieus | As at | As at | |
|-------------------------|---------------|-------|--|
| Particulars | 31 March 2022 | | |
| Within 1 year | 69 | 117 | |
| 1-2 year | 91 | 123 | |
| 2-3 year | 106 | 133 | |
| 3-4 year | 92 | 138 | |
| 4-5 year | 100 | 125 | |
| 5-10 year | 745 | 624 | |
| Total expected payments | 1,204 | 1,260 | |

The Company expects to contribute INR 178 to the fund in the next financial year. The weighted average duration of the defined benefit obligation as at 31 March 2022 is 9 years (31 March 2021: 6 years)

b) Provident and Superannuation fund

The Company contributes to employee provident fund for all employees and superannuation fund for eligible employees which are defined contribution plans. These contributions are charged to the statement of profit and loss during the period in which the employee renders the related services. The expense recognised during the year is INR 269 (31 March 2021: INR 237).

c) Long term service awards

The Company provides for long term service liability for eligible employees, based on length of service, based on actuarial valuation performed by an independent actuary using the Projected Unit Cost Method as at the balance sheet date.

| Particulars | As at 31 March 2022 | As at 31 March 2021 |
|---|------------------------|------------------------|
| Present value of defined obligation at period end | 28 | 19 |
| Assumptions | | |
| Rate of Discounting | 6.90% | 6.10% |
| | Indian Assured Lives | Indian Assured Lives |
| Mortality Rate | Mortality | Mortality |
| | (2006-08)Ult. | (2006-08)Ult. |
| | 15% for | |
| | service less | |
| Withdrawal Rate | than 6 | 15.00% |
| | years, 7% | |
| | otherwise | |

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Note 48 - Off balance sheet items, contingent liabilities and capital commitments

| Particulars | As at 31 March 2022 | As at 31 March 2021 |
|---|------------------------|------------------------|
| Tax assessments | 6,402 | 4,551 |
| Customer litigations | 333 | 343 |
| Estimated amount of contracts remaining to be executed on capital account | - | 3 |
| Undrawn committed credit lines | 6,984 | 4,730 |

A description of the nature of contingent liabilities is set out below:

The Company has been assessed under Income tax Act, 1961, as a result of which the total demand, primarily on account of certain disallowances in the course of assessment for various years, outstanding against the Company is INR 1,173 (31 March 2021: INR 1,173).

There were outstanding demands against the Company under Karnataka Value Added Tax Act, 2003, primarily on account of disallowance of input tax credit amounting to 3,546 Lakhs. These matters were heard before the Karnataka Appellate Tribunal and were remanded back to the Assessing Authority. There were in all 6 years i.e. FY 2005-06 to FY 2020-11. For FYs 2005-06, 06-07, 07-08 and 2010-11, the Assessing Officer has passed a clean order. For FY 2008-09 and FY 2009-10, the Assessing Officer passed the order along with a demand. Against the same, writ was filed with the Karnataka High Court. The Karnataka High Court quashed the order and instructed the Assessing officer to undertake fresh assessment. After calling for all the documents, the Assessing Officer again passed a negative order raising a demand of INR 3,546 lakhs. CFIL has currently filed an appeal against the second order. The appeal is yet to be adjudicated. CFIL has under this issue made a pre deposit of INR 270 lakhs in the previous years.

There are outstanding demands against the Company under Maharashtra Value Added Tax Act, 2002, primarily on account of levy of VAT on part purchase consideration received on accountant of "transfer of KPO Division" on slump sale basis amounting to INR. 316 lakhs out of this we had made a pre deposit of INR 50 lakhs in the previous years.

The VAT assessment by Mumbai office for FY 2016-17 got concluded in the previous year where a demand of INR 44 lakhs was raised on account of disallowance of input tax credit. Out of the total demand INR 2 lakhs is paid as prepayment during the previous year.

There are outstanding demands against the Company under Finance Act,1994, primarily on account of adjustment of service tax paid in previous years and other miscellaneous issues amounting to INR 1,322 lakhs out of this we had made a pre deposit of INR 250 lakhs in the previous year.

In the above cases, the Company has partly paid the aforesaid demand under protest and is in the process of appeal against the same with the appropriate tax authorities. The Company has sought legal opinion in the aforesaid demands and is of the opinion that the disallowances / demands are not tenable and highly unlikely to be retained by higher authorities. Accordingly, the Company is not carrying any provision in its books for the above.

Further, there are few customers who have initiated legal proceedings against the Company for a total compensation demand of INR 333 (31 March 2021: INR 343). The Company believes that such demands are not tenable and are highly unlikely to be confirmed by higher authorities.

Notes to the consolidated financial statements (continued)

for the year ended 31 March 2022

All amounts are in INR lakhs except per share data and unless stated otherwise

Note 49 - Additional information as required under Schedule III of Companies Act 2013

| | Net Assets i.e | total assets | Share in pro | fit or loss | Share in o | other | Share in | total |
|---|---------------------------------|------------------|-------------------------------------|----------------|---|--------|-------------------------------------|----------------|
